Eastside Transit Corridor Phase 2
Draft Environmental Impact Statement/ Environmental Impact Report

APPENDIX H

FINAL SCOPING REPORT

State Clearinghouse Number: 2010011062

Metro

Eastside Transit Corridor Phase 2

Scoping Outreach Report

Executive Summary —June 2010

Submitted by
Arellano Associates

June 28, 2010

EXECUTIVE SUMMARY

INTRODUCTION

In January 2010, the Los Angeles County Metropolitan Transportation Authority (Metro) initiated the preparation of a Draft Environmental Impact Statement /Environmental Impact Report (Draft EIS/EIR) for the Eastside Transit Corridor Phase 2 Project in accordance with the National Environmental Policy Act (NEPA) and the California Environmental Quality Act (CEQA). The proposed Eastside Transit Corridor Phase 2 Project would extend rail transit services to communities farther east of East Los Angeles and provide an opportunity to connect with the Metro's Gold Line Eastside Extension and the rest of Metro's regional transit network.

Project Area

The Eastside Transit Corridor Phase 2 Project is located in eastern Los Angeles County and is generally bounded by Pomona Boulevard and State Route 60 (SR-60) Freeway to the north, Peck Road and Painter Avenue to the east, Olympic and Washington Boulevards to the south, and Atlantic Boulevard to the west. The project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier and portions of unincorporated Los Angeles County (see Appendix A for project area map).

Alternatives

In 2007, Metro initiated an Alternatives Analysis (AA) for the Eastside Transit Corridor Phase 2 Project. The AA screening process resulted in 47 initial alternatives being screened down to 17 alternatives, to five alternatives, and ultimately to four build alternatives. In 2009, these four alternatives were further refined, and two build alternatives were recommended for environmental evaluation together with the standard No-Build and Transportation System Management (TSM) Alternatives.

<u>No-Build Alternative</u>

The No-Build Alternative would maintain existing transit service through the year 2035. No new transportation infrastructure would be built within the project area aside from projects currently under construction, or funded for construction and operation by 2035 by the recently approved Measure R sales tax. This alternative will include the highway and transit projects in the current Metro Long Range Transportation Plan and the 2035 Southern California Association of Governments Regional Transportation Plan.

<u>TSM Alternative</u>

The TSM Alternative would include the provisions of the No-Build Alternative and additional enhancements to the baseline transit network. The TSM Alternative would emphasize transportation system upgrades, such as intersection improvements, minor road widening, traffic engineering actions, bus route restructuring, shortened bus headways, expanded use of articulated buses, reserved bus lanes, expanded park-

and-ride facilities, express and limited-stop service, signalization improvements, and timed-transfer operations.

SR-60 Alternative – Light Rail Transit (LRT)
The SR-60 Alternative would extend east at-grade from the existing Metro Gold Line Eastside Extension terminus at Pomona and Atlantic Boulevards and transition to an aerial configuration along the southern boundary of the SR-60 Freeway right-of-way. The alignment is approximately 6.9 miles and has four proposed stations: SR-60/Garfield Avenue, SR-60/The Shops at Montebello, SR-60/Santa Anita Avenue, and SR-60/Peck Road.

Washington Boulevard Alternative – LRT
The Washington Boulevard Alternative would extend east at-grade from the existing Metro Gold Line Eastside Extension terminus at Pomona and Atlantic Boulevards and transition to an aerial configuration along the southern boundary of the SR-60 Freeway right-of-way before turning south and continuing in an aerial configuration along Garfield Avenue. The aerial alignment would extend south on Garfield Avenue before turning east along Washington Boulevard towards Montebello and terminating just east of Lambert Road in the City of Whittier. The alignment is approximately 9.3 miles and includes six proposed aerial stations: SR-60/Garfield Avenue, Whittier Boulevard/Garfield Avenue, Greenwood Avenue/Washington Boulevard, Rosemead/Washington Boulevards, Norwalk/Washington Boulevards, and Lambert Road/Washington Boulevard.

SCOPING PROCESS

To initiate the Draft EIS/EIR process, Metro hosted five scoping meetings - one agency scoping meeting at Metro Headquarter and four public meetings within the project area. In addition to scoping meetings, Metro also participated in various city and stakeholder events as requested by respective groups to enhance the outreach effort and increase awareness of the initiation of the environmental process.

Initiation of Scoping (Notice of Intent/Notice of Preparation)

To initiate the scoping period, Metro completed notification to comply with state and federal requirements. Metro provided a public comment period of 80 days, accepting comments beginning January 25, 2010, through April 14, 2010.

Agency Scoping

Participating Agencies
Metro prepared and mailed participating agency invitation letters on February 4, 2010, to approximately 177 agency representatives. A total of 24 agencies have affirmatively accepted to become a participating agency for the Eastside Transit Corridor Phase 2 Project.

Cooperating Agencies
Three agencies affirmatively accepted to become a cooperating agency for the Eastside Transit Corridor Phase 2 Project, including California Department of Transportation, United States Army Corps of Engineers, and United States Environmental Protection Agency.

Agency Scoping Meeting
One agency scoping meeting was conducted with 21 attendees. Two written comments were submitted at the meeting. The agency meeting was held February 18, 2010, at Metro Headquarter.

State Historic Preservation Office (SHPO) Coordination
FTA sent a Letter of Initiation to the State Historic Preservation Office (SHPO) that initiates consultation under Section 106 of the National Historic Preservation Act and delegates the authority for Metro to consult directly with SHPO. The letter also included the Area of Potential Effects (APE) maps for the build alternatives and requests SHPO's concurrence with these maps. Metro will be contacting local historic groups, Native American groups, and other stakeholders that may have an interest in the project. An inventory of properties within the APE and listed in the National Register of Historic Places as well as those potentially eligible for listing is being conducted.

Public Scoping

Notification for the public scoping meetings was accomplished through various communications tools including: printed materials, public signage, social media and briefings. Advertisements were conducted in English, Spanish and Chinese languages. The following summarizes the notification process:

Notification Databases

Project Master Database
For notification of the scoping meetings, Metro used the Eastside Transit Corridor Phase 2 master project database, assessor parcel information, environmental resource agency list and other project related data files to ensure the notification was comprehensive and accurate. The database is comprised of 1,713 records.

Parcel Data / Property Owner & Occupant List Data
In an effort to ensure communication with the communities surrounding the proposed alternatives, a supplemental parcel database of 48,396 records was compiled within ¼-mile of the four alternatives identified in the AA Addendum Study.

Agency Database
The agency contact list was provided by the Joint Venture and was used for notification of Agency Scoping meeting as well as the other four public scoping meetings. The agency database consists of 177 records.

Other Databases
As part of the scoping outreach, City of Commerce requested that Metro send scoping meeting invitations to approximately 3,200 residents and 36 owners' parcels.

Printed Materials

Direct Mail Notices
Metro mailed 51,000 bilingual English/Spanish, full-color invitation postcards to a diverse cross-section of stakeholders the week of February 1, 2010.

Take One's
To take advantage of Metro's existing transit services in the area, 42,700 bilingual English/Spanish, full color five-fold notification pamphlets (Take One's) were inserted on trains and bus routes. An additional 8,000 Take One's were placed strategically throughout the study area on public counters at city halls, libraries, community centers, chambers of commerce and elected district offices.

School District Meeting Flyer
Approximately 15,090 flyers were delivered to schools along the two build alternatives.

Public Signage

Street Banners
Metro coordinated with project cities to place six roadside banners along some of the major arterials in the study area and at the Gold Line Eastside Extension terminus at Atlantic Station and County of Los Angeles District Office of Supervisors Gloria Molina and Don Knabe.

Electronic Boards
Scoping meeting details were placed on the electronic boards of Pico Rivera and Montebello.

Media
A variety of local and regional daily and weekly newspapers were chosen for placement of meeting advertisements and press releases. The following summarizes the use of media for notification of the scoping period:

Newspaper Advertisements
A total of three legal ads and 19 display ads were placed in regional and local newspapers. The legal ads reached a circulation of approximately 1,088,000 people. The display ads reached a circulation of approximately 497,700 people.

Online Advertisements
Three online advertisements were placed, including the Whittier Daily News, Facebook and West Valley Journal.

Earned Media
Metro sent project press releases to newspapers that cover the project area. As a result, four articles were published.

Social Media
A social media ad and marketing campaign was conducted to promote the Metro Eastside Transit Corridor Phase 2 Public Scoping meetings. This social media campaign was implemented in February 2010 and utilized a combination of Metro and local city Websites, Facebook Ads, Facebook Updates to existing fans, and outreach to Los Angeles and Los Angeles-transit oriented blogs.

Websites
Metro contacted and coordinated with all 14 jurisdictions in the study area and Chambers of Commerce to provide links to the project website.

Facebook
Meeting notices and project information was placed on the Eastside Transit Corridor Phase 2 Facebook site and linked to the Metro Los Angeles Facebook page. The project Facebook site had 196 fans prior to the scoping notification period and increased to 347 fans at the end of the scoping period.

Blogs
Four blogs provided highlights of the Eastside Transit Corridor Phase 2 Project during the scoping period.

E-Blasts
Seven rounds of e-blasts were electronically sent to the list of e-mail records in the project database. Each subsequent e-blast included additional contacts from the meeting attendees and people providing comments. Therefore, the e-blast list grew from 863 to 1,318 records since the initiation of scoping.

Stakeholder Briefings
As a follow-up to individual requests, Metro participated in approximately 31 additional stakeholder meetings and events, including tours, community events, coalition meetings, City Council briefings and Chamber of Commerce and legislative briefings.

Additional Outreach

Project Helpline
During the scoping period, a bilingual (English/Spanish) message was recorded providing meeting information and how to provide comments or obtain more project information. The message also encouraged the caller to leave comments or questions.

Cable Channels
Many cities have a local cable channel to broadcast city news and functions. Metro prepared and distributed cable slates for all project area cities. Phone calls were made to each city as a follow-up to encourage placement of the cable slates on their local cable channels.

Public Scoping Meetings
Metro hosted four public scoping meetings that were well attended with over 300 participants and 118 verbal and written comments collected at the meeting, including:

- February 22, 2010 – City of Pico Rivera, Pico Women's Center
- February 24, 2010 – City of South El Monte, Senior Center
- February 25, 2010 – City of Montebello, Senior Center at City Park
- February 27, 2010 – City of Whittier, Salvation Army

Public Meeting Format
All public scoping meetings were formatted the same with an open house session followed by a presentation and formal comment period. All verbal comments were documented by a certified court reporter. Interpreters were available at the four meetings to provide simultaneous Spanish translation.

Public Meeting Materials
Meeting handouts, display boards, PowerPoint presentation were prepared for each of the scoping meetings.

Comments Received
During the 80-day scoping period for the Eastside Transit Corridor Phase 2 project, which extended from January 25 through April 14, 2010, Metro provided a variety of options for the public to learn about the project and provide input, including:

- Verbal – At scoping meetings or on the project helpline.
- Written – Comment cards at scoping meetings or letters.
- E-mail – Via e-mail to yuki@metro.net.
- Metro Website – Via the Metro project website at www.metro.net/eastsidephase2.

SUMMARY OF SCOPING COMMENTS

Summary of Substantive Comments
A total of 527 verbal and/or written public comments were received from both agencies and the public, including: elected officials, residents, grassroots organizations, chambers of commerce, developers, hospitals, agencies, educational institutions and businesses.

In reviewing all the comments received, there is substantial support for each of the two LRT alternatives, SR-60 and Washington Boulevard. Common themes also included the importance of transit connectivity, service to colleges and universities, providing service to underserved areas, concerns regarding environmental and engineering challenges along the two alignments, as well as potential economic opportunities for the cities.

Comments were categorized and sorted by a total of twenty-four environmental topics and then grouped into six major categories, including:

- Comments related to Purpose and Need
- Alternatives
- Configuration
- Stations
- Economic Development
- Potential Impacts

The following subsections summarize the comments received:

Comments Related to Purpose and Need

Comments related to the Purpose and Need for the Eastside Transit Corridor Phase 2 Project were generally positive. People commenting confirmed that connectivity to the Metro transit network is very desirable and an important need to underserved communities. The need and benefit of connecting neighboring communities together with employment, entertainment and medical facilities was a strong topic as well as intermodal and future connections with other transit systems.

Comments Related to Alternatives

More than three-quarters of comments received indicated some type of support for a particular alignment.

SR-60 Alternative - LRT

The SR-60 Alternative received considerable support with approximately 111 positive comments from elected offices, SR-60 Coalition, businesses, school districts, stakeholders, chambers of commerce, colleges and high school students.

Supportive comments mentioned the benefits of the surrounding area's upcoming mixed-use developments and destinations; the positive design features of the route, including low cost, minimal impacts to residential and business communities, higher ridership per mile; and the potential to alleviate traffic on the heavily traveled SR-60 Freeway.

Concerns raised for the SR-60 Alternative included the following:

- Low land use density and lack of walkable, pedestrian-friendly destinations will contribute to the route serving as a commuter rail line instead of a light rail system that connects local communities together
- Low ridership
- Potential disturbances to the wildlife at Whittier Narrows
- Potential release of hazardous materials from the OII Superfund site in Monterey Park

Washington Boulevard Alternative - LRT

The Washington Boulevard Alternative received considerable support with 348 positive comments from community members, grassroots organizations, elected offices, developers, hospitals, chambers of commerce, school districts, businesses and universities/colleges.

Supportive comments described the alternative as a destination oriented route that could strengthen local economies with meaningful city to city connections. Stakeholders pointed out that the Washington Boulevard Alternative could potentially reduce traffic on the Interstate 5 (I-5) Freeway and improve air quality. Comments also mentioned the Washington Boulevard Alternative is highly supported due to its longer route, low cost per mile, high ridership and service to high employment districts along the route.

Concerns for the Washington Boulevard LRT alternative included the following:

- Potential impacts to residential and business communities, including visual, right of way and construction
- Potential safety issues with students in nearby schools and safe routes to school
- Potential gang vandalism in Pico Rivera
- Seismic concerns regarding the Whittier fault line
- LRT may cause traffic disruption and congestion to the existing industrial truck corridor on Washington Boulevard

No Build

Two comments received supported the No Build Alternative.

TSM

One comment was received supporting the TSM Alternative.

Other Alternatives

Five comments suggested other alternatives.

Comments Related to Configuration

Approximately 22 comments were submitted regarding the configuration of the Washington Boulevard Alternative. The majority of these comments mentioned the alternative should remain aerial to increase pedestrian and traffic safety in nearby communities. Six of the comments suggested an underground system on Washington Boulevard to not only increase safety but facilitate future connections to Orange County. One comment suggested bringing the alignment to street level.

Comments Related to Stations

Metro received approximately 47 comments related to the Eastside Transit Corridor Phase 2 stations. The topics of the comments ranged from design treatments to adding new station locations and modifying existing plans.

Comments Related to Economic Development

A large number of comments agreed that the two build alternatives would serve as an economic catalyst providing real benefits to the local business communities.

Comments Related to Potential Impacts

A total of 320 comments were recorded raising concerns for impacts related to community neighborhoods, parkland, business and economic impacts, traffic, safety, construction and others. The comments on each major category are summarized in the following subsections.

Community and Neighborhood Impacts

Community and neighborhood impacts centered mainly on the Washington Boulevard LRT Alternative. Residents from local communities along the route were very concerned about the proximity of the LRT to their homes, especially in Pico Rivera.

Parkland Impacts

Most of the parkland impact comments were focused on the SR-60 Alternative and proposed station location at Santa Anita Avenue adjacent to the Whittier Narrows Recreation Area.

Business and Economic Impacts

A significant number of comments received mentioned the concern for the potential negative economic impact the Eastside Transit Corridor Phase 2 project could have on the local businesses during the construction phase of the project. Comments suggested Metro work as a partner with local merchants to mitigate any potential impacts.

Traffic Impacts

Approximately 70 comments addressed the potential impacts on traffic. The majority of these suggested that the Eastside Transit Corridor Phase 2 could potentially relieve traffic on I-5 and SR-60 freeways; however, comments also noted the traffic impacts during construction would be difficult to tolerate.

Safety and Security
Approximately 27 comments were related to the safety and security of the Eastside Transit Corridor Phase 2 project. The majority of these comments raised concerns for pedestrian safety, especially school children that cross Washington Boulevard at major intersections.

Construction Impacts
Approximately 100 comments were related to the potential construction impacts, including traffic, loss of business, noise, dust and air quality.

Comments Submitted by Federal, State, and Local Agencies

During scoping, seven federal, six state and 19 local agencies provided comments.

Responses to Comments

The purpose of scoping is to provide an opportunity for agencies and the public to comment on the purpose and need, the range of alternatives proposed for analysis, and to help Metro and the Federal Transit Administration identify issues that should be evaluated in the Draft EIS/EIR analysis. Metro received a record amount of comments for the Eastside Transit Corridor Phase 2 from agencies, community residents and stakeholders within the project area compared to other current Metro Corridor Studies. All comments will be taken into consideration and examined during completion of the Draft EIS/EIR and are included in this Scoping Report.

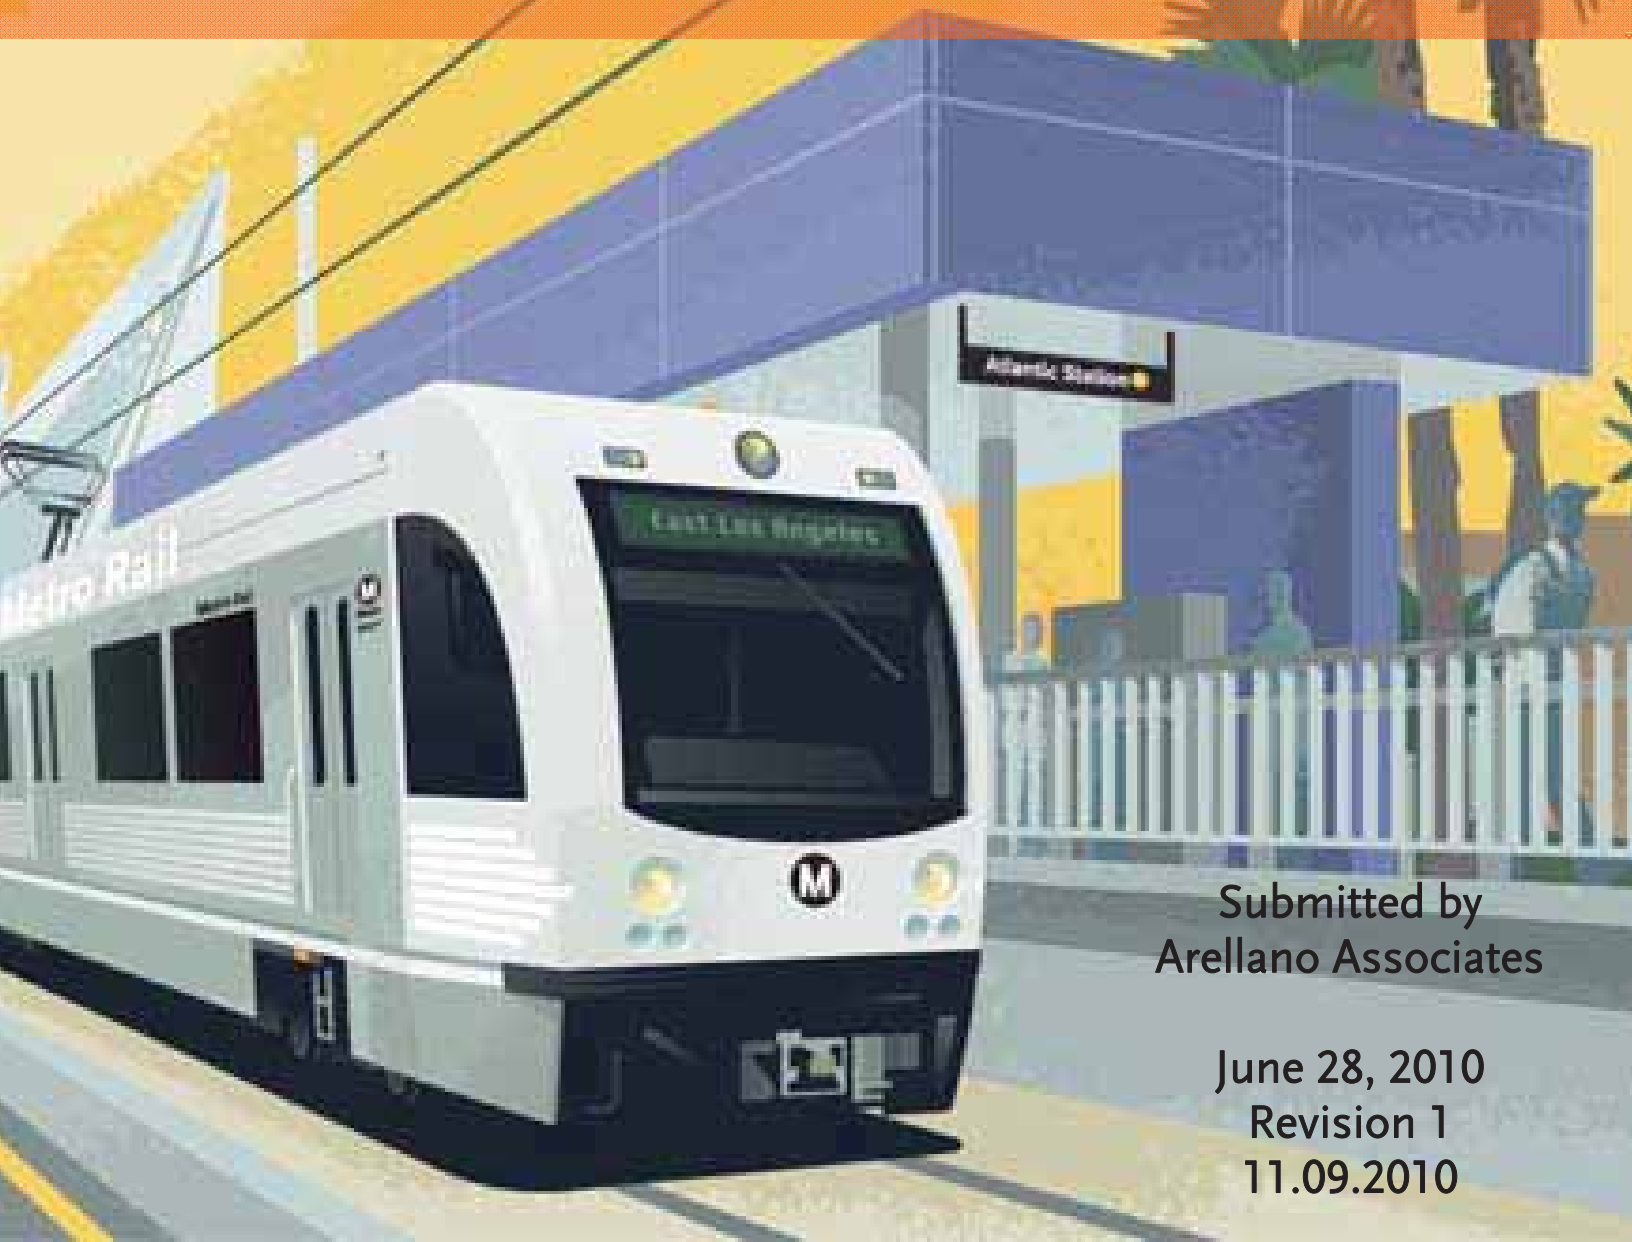
The input received during the scoping period and summarized in this report will be used by Metro to help develop and refine the project, including refinement of alternatives and options considered for further environmental evaluation. Following the completion of the Draft EIS/EIR, another round of public meetings/hearings will be held to review the findings of the draft environmental documents and solicit public comments. Those comments will be responded to in the Final EIS/EIR and become part of the formal document.

Metro

Eastside Transit Corridor Phase 2

Scoping Report

Final Report—June 2010



Submitted by
Arellano Associates

June 28, 2010
Revision 1
11.09.2010

1.0 INTRODUCTION

1.1 Overview

In January 2010, the Los Angeles County Metropolitan Transportation Authority (Metro) initiated the preparation of a Draft Environmental Impact Statement /Environmental Impact Report (Draft EIS/EIR) for the Eastside Transit Corridor Phase 2 Project in accordance with the National Environmental Policy Act (NEPA) and the California Environmental Quality Act (CEQA). This is one of five corridor studies that Metro is conducting in Los Angeles County and forms part of the Metro Long Range Transportation Plan.

In late 2009, Metro celebrated the opening of its newest transit line, the Metro Gold Line Eastside Extension. This light rail project connects East Los Angeles to the Metro regional transit network and currently provides direct service to downtown Los Angeles, Chinatown, Highland Park and Pasadena. The proposed Eastside Transit Corridor Phase 2 Project would extend rail transit services to communities farther east of East Los Angeles and provide an opportunity to connect with the Eastside Extension and the rest of Metro's regional transit network.

1.2 Project Area

The Eastside Transit Corridor Phase 2 Project is located in eastern Los Angeles County and is generally bounded by Pomona Boulevard and State Route 60 (SR-60) Freeway to the north, Peck Road and Painter Avenue to the east, Olympic and Washington Boulevards to the south, and Atlantic Boulevard to the west. The project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier and unincorporated portions of Los Angeles County (see Appendix A for project area map).

The project area is traversed by three major freeways, SR-60, Interstate605 (I-605) and Interstate5 (I-5), as well as the Rio Hondo and San Gabriel washes. There are also Burlington Northern Santa Fe (BNSF) Railway tracks that parallel the SR-60 and provide both freight and Metrolink service to the area.

1.3 Alternatives

In 2007, Metro initiated an Alternatives Analysis (AA) for the Eastside Transit Corridor Phase 2 Project. The AA included an extensive public participation program to inform and educate stakeholders and interested parties in the study area while providing opportunities for the public and agencies to submit comments on the alternatives being considered and study findings. Numerous meetings and briefings were held throughout the AA Study, including Early Scoping Meetings, community workshops, Technical Advisory Committee (TAC) meetings, and project briefings to elected officials, city staff, and project stakeholders. The AA Study included three phases of alternative screening: preliminary, initial, and final.

This AA screening process resulted in 47 initial build alternatives being screened down to 17 alternatives, to five alternatives, and ultimately to four alternatives. This screening process is documented in the Eastside Transit Corridor Phase 2 Study Alternatives Analysis Report (January, 2009).

In 2009, these four alternatives were further refined and documented in the Eastside Transit Corridor Phase 2 AA Addendum (October, 2009).Two build alternatives were recommended for environmental evaluation in addition to the standard No-Build and Transportation System Management (TSM) Alternatives. The two build alternatives recommended are the SR-60 Light Rail Transit (LRT) Alternative and Washington Boulevard LRT Alternative. Each alternative also preliminarily identified station areas and required parking, traction power substations (TPSS) and other ancillary facilities. The AA and Addendum documents are available at www.metro.net/eastsidephase2.

1.3.1 No-Build Alternative

The No-Build Alternative is a baseline alternative, for comparison in the environmental documents, maintaining existing and planned transit services through the year 2035. With this alternative, no new transportation infrastructure would be built within the project area aside from projects currently under construction, or funded for construction and operation by 2035 with the recently approved Measure R sales tax. This includes highway and transit projects in the current Metro Long Range Transportation Plan and the 2035 Southern California Association of Governments Regional Transportation Plan. The completion of the Metro Rapid Bus Program would also be included as a possible additional feeder bus network to serve the region's major activity centers.

1.3.2 Transportation System Management (TSM) Alternative

The TSM Alternative would include the provisions of the No-Build Alternative plus additional non-rail enhancements to the baseline transit network. The TSM Alternative would provide transportation system upgrades, such as intersection improvements, minor road widening, traffic engineering actions, bus route restructuring, shortened bus headways, expanded use of articulated buses, reserved bus lanes, expanded park-and-ride facilities, express and limited bus service, signalization improvements, and timed-transfer operations. Key elements of the TSM Alternative include: providing new

Pomona Freeway Express service connecting to the Metro Gold Line Eastside Extension terminus; providing new Beverly Boulevard Rapid bus service; adding service to M10 Whittier Boulevard and M50 Washington Boulevard bus routes; upgrading M30 Garfield Avenue and M20 Montebello Boulevard bus lines; adding service to Metro 265 and 266 local buses; adding service to Foothill Transit 274; and providing new 577 Express service operating along Metro Route 270.

1.3.3 SR-60 Alternative – Light Rail Transit (LRT)

The SR-60 Alternative (see Appendix A for alternatives map) would extend east at-grade from the existing Metro Gold Line Eastside Extension terminus at Pomona and Atlantic Boulevards and transition to an aerial configuration along the southern boundary of the SR-60 Freeway right-of-way. The alignment remains elevated and extends 6.9 miles east to Peck Road in South El Monte with four proposed stations located at:

- SR-60/Garfield Avenue
- SR-60/The Shops at Montebello
- SR-60/Santa Anita Avenue
- SR-60/Peck Road

This alternative has the potential for future park and ride facilities as well as transit oriented development (TOD) at each of the four proposed station sites. The alignment's location would also require navigating the varying grades within the Caltrans freeway right-of-way, the OII Superfund site, existing and planned upgrades to the Southern California Edison transmission lines, the Rio Hondo and San Gabriel washes, I-605 Freeway and the Whittier Narrows Recreational Area.

1.3.4 Washington Boulevard Alternative – Light Rail Transit (LRT)

The Washington Boulevard Alternative (see appendix A for alternatives map)would extend east at-grade from the existing Metro Gold Line Eastside Extension terminus at Pomona and Atlantic Boulevards and transition to an aerial configuration along the southern boundary of the SR-60 Freeway right-of-way before turning south and continuing in an aerial configuration along Garfield Avenue. The aerial alignment would extend south on Garfield before turning east along Washington Boulevard towards Montebello and terminating just east of Lambert Road in the City of Whittier. The Washington Alternative is approximately 9.3 miles with six aerial stations proposed along the route, including:

- SR-60/Garfield Avenue
- Whittier Boulevard/Garfield Avenue
- Greenwood Avenue/Washington Boulevard
- Rosemead/Washington Boulevards
- Norwalk/Washington Boulevards
- Lambert Road/Washington Boulevard

Washington Boulevard is a major four to six lane arterial that is currently a designated truck route and provides access to large regional shopping facilities, industrial/business parks, and health and medical services. There is also potential for TOD at large surface parking areas near select station sites. The Washington Alternative would have to navigate through the existing streets along Garfield and Washington Boulevards, the Southern California Edison transmission lines, the Rio Hondo and San Gabriel washes and I-605 Freeway.

1.4 Summary of Purpose and Need

The Eastside Transit Corridor Phase 2 is identified in the Metro Long Range Transportation Plan and has been selected as one of the many transit and highway projects to receive local Measure R funding. The purpose of this project is to provide a transit connection to the Metro Gold Line Eastside Extension linking communities farther east of Los Angeles to the regional transit network, to improve mobility within the project area by enhancing transit options, and to plan for projected growth in a sustainable manner.

Additional considerations supporting the need for the Eastside Transit Corridor Phase 2 Project include: 1) increased travel demand; 2) the concentration of activity centers and destinations dispersed throughout the project area; 3) more than 50 percent of external trip destinations to Central Los Angeles and the Los Angeles Central Business District come from the project area; 4) approximately 16 percent of the households in the project area do not own a vehicle; 5) high population and moderate employment densities presently creating mobility and accessibility issues; and 6) the high level of automobile congestion on local arterial and highway networks in the project area.

1.5 Project Team

The Eastside Transit Corridor Phase 2 project team includes the Federal Transit Administration (FTA), Metro and consultants, including the Outreach Consultant (Arellano Associates) and the Environmental and Engineering Consultant (CDM/AECOM Joint Venture).

1.6 Purpose of Scoping and Summary Report

The purpose of the scoping period is to announce the project to the public and federal and non-federal agencies so they have an opportunity at the outset of the environmental process to review proposed alternatives, purpose and need, and environmental concerns that are proposed to be addressed in the Draft EIS/EIR. The scoping process encourages participation from a wide array of stakeholders and is designed to obtain input on the alternatives and the environmental documents. Throughout the scoping process, including scoping meetings, the public and agencies have the opportunity to review and comment on the contents of the Draft EIS/EIR.

This Scoping Report is a summary of the methods and tools used to notify and solicit input from the stakeholders and agencies as well as an account of the comments received. This report includes the views of those that participated and assisted in the process. The comments are addressed in Section 3 of this Scoping Report.

2.0 SCOPING PROCESS

2.1 Draft EIS/EIR Scoping Activities

In accordance with the National Environmental Policy Act (NEPA) and California Environmental Quality Act (CEQA), Metro implemented a multi-tiered comprehensive outreach program targeted to reach the stakeholders within the project area and comply with SAFETEA-LU requirements. To initiate the Draft EIS/EIR process, Metro hosted five scoping meetings - one agency scoping meeting at Metro Headquarter and four public meetings within the project area. In addition to scoping meetings, Metro also participated in various city and stakeholder events as requested by respective groups to enhance the outreach effort and increase awareness of the initiation of the environmental process.

2.1.1 Scoping Outreach Plan

Prior to engaging in the scoping activities, Metro and the outreach team created a Scoping Outreach Plan that outlined a notification process to maximize opportunities for the communities, civic and business organizations, federal and non-federal agencies and elected officials to participate in scoping activities held throughout the public comment period. This plan details the outreach and notification efforts completed prior to and during the scoping period, including: distribution of printed material, public signage, traditional media, social media and project briefings. The following subsections provide detail as to the implemented outreach during the project's scoping period (see Appendix B for Scoping Outreach Plan).

Due to the high number of Spanish speaking stakeholders in the project area, Metro produced all bilingual Spanish and English collateral materials, including meeting notices, e-blasts, presentations, display boards, fact sheets, subtitled videos, helpline and simultaneous translation at all scoping meetings.

2.1.2 Coordination Plan

Section 6002 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) establishes an environmental review process for transit projects that has now been included in section 139 of Title 23 of the U.S. Code. Section 139 directs agencies to prepare a plan for public and agency participation and comments during the environmental review process. The Coordination Plan describes how the lead agencies will provide opportunities for public and agency input.

2.2 Initiation of Scoping (Notice of Intent/Notice of Preparation)

Federal Law requires a formal Notice of Intent (NOI) to be filed in the Federal Register to prepare an Environmental Impact Statement (EIS) and initiate the NEPA scoping process. On Monday, January 25, 2010, the NOI was filed in the Federal Register, Volume 75, Number 15. The NOI contained a summary of the corridor's transportation needs and the proposed alternatives and identified a public comment period ending on April 14, 2010 (see Appendix C for a copy of the NOI).

Metro also mailed the NOI and scoping information packet to 21 Federal, 5 Native Tribes, 40 State, 26 Regional, and 79 Local, 2 Historical and 4 Educational agency representatives to inform them of the initiation of the Draft EIS/EIR scoping process, preliminary schedule and solicit comments (see Appendix F for a complete list of agencies).

Metro posted the Notice of Preparation (NOP) with the State Clearinghouse. The NOP was recorded with the Los Angeles County Clerk's Office on January 28, 2010. Publication of the NOP with the State Clearinghouse was done in compliance with CEQA requirements (see Appendix D for a copy of the NOP). Publications of the legal notices were also published in local newspapers including the Los Angeles Times, La Opinion and Chinese Daily (see Appendix E for a copy of the legal notices).

Metro provided a public comment period of 80 days, accepting comments beginning January 25, 2010 through April 14, 2010.

2.3 Agency Scoping

2.3.1 Participating Agencies

In accordance with SAFETEA-LU Section 6002 and requirements, Metro in coordination with FTA, prepared and mailed participating agency invitation letters on February 4, 2010 to approximately 177 agency representatives. Participating agencies can include Federal, State, Tribal, Regional and Local government agencies that are interested in the project. Agencies were given until April 14, 2010 from the date of the letter to respond (see Appendix G for a copy of the invitation letter to federal and non-federal agencies and Appendix F for the distribution list). Table 2-1 identifies the agencies that have affirmatively accepted to become a participating agency for the Eastside Transit Corridor Phase 2 Project.

Table 2-1 List of Participating Agencies
Federal Agencies
Federal Emergency Management Agency
U.S. Department of the Interior, Fish and Wildlife Service
Department of Housing and Urban Development
U.S. Department of Transportation
Department of Health and Human Services
National Marine Fisheries
Federal Aviation Administration
Transportation Security Administration
Federal Railroad Administration
Department of the Interior, Office of Environmental Policy
State Agencies
California High Speed Rail Authority
California Public Utilities Commission
Regional Agencies
Los Angeles County, Department of Public Works
Southern California Association of Governments
South Coast Air Quality Management District
Local Agencies
City of El Monte
City of Los Angeles
City of Montebello
City of Monterey Park
City of Pico Rivera
City of Rosemead
City of Santa Fe Springs
City of South El Monte
City of Whittier

2.3.2 Cooperating Agencies

Cooperating agencies are, by definition in 40 CFR 1508.5, federal agencies with jurisdiction, by law or special expertise, with respect to any environmental impact involved in the proposed project. State and local agencies can also accept to become a cooperating agency with the agreement of the lead agency. Cooperating agencies are participating agencies by definition; however the responsibilities of the cooperating agencies have a higher degree of involvement and authority in the environmental process (see Appendix H for a copy of the invitation letters to become a cooperating agency and Appendix F for the distribution list). Table 2-2 identifies the three agencies that have affirmatively accepted to become a cooperating agency for the Eastside Transit Corridor Phase 2 Project.

Table 2-2 List of Cooperating Agencies
State Agencies
California Department of Transportation, Caltrans District 7
U.S. Army Corps of Engineers
U.S. Environmental Protection Agency

2.3.3 Agency Scoping Meeting

The NEPA and the CEQA both allow for and encourage public and agency participation during the environmental evaluation phase of any transit project. Therefore, scoping meetings held for the Eastside Transit Corridor Phase 2 Project followed established federal and state standards and best practices. One agency scoping meeting was conducted on February 18, 2010. The table below provides specific meeting details, (see Appendix I for the meeting sign in sheets and comment cards).

Table 2-3 Agency Scoping Meeting				
Date	**Time**	**Location**	**Attendees**	**Comments**
2/18/2010	10:00 a.m.	Metro, 1 Gateway Plaza Los Angeles, Windsor Conf. Rm.	21	2

2.3.4 State Historic Preservation Office (SHPO) Coordination

FTA sent a Letter of Initiation to the State Historic Preservation Office (SHPO) that initiates consultation under Section 106 of the National Historic Preservation Act and delegates the authority for Metro to consult directly with SHPO. The letter also included the Area of Potential Effects (APE) maps for the build alternatives and requests SHPO's concurrence with these maps. Metro will be contacting local historic groups and other stakeholders that may have an interest in the project, and will also be contacting and consulting with Native American groups that the State of California's Native American Heritage Commission identified in a scoping letter submitted to Metro dated January 27, 2010. An inventory of properties within the APE and listed in the National Register of Historic Places as well as those potentially eligible for listing is being conducted, and the inventory will be presented to SHPO for concurrence when completed.

2.4 Public Scoping

Public scoping meetings were held throughout the project area on different days of the week, at different times and with easily accessible locations to maximize the attendance and interest in the project. Notification for the public scoping meetings was accomplished through various communications tools including: printed materials, public signage, and social media and briefings. Advertisements were conducted in English, Spanish and Chinese languages. A total of four public scoping meetings were hosted in February 2010, as described in detail in Section 3.4.3 (see Appendix J for a copy of all notification databases).

2.4.1 Notification Databases

Project Master Database

For notification of the scoping meetings, Metro used the Eastside Transit Corridor Phase 2 master project database, assessor parcel information, environmental resource agency list and other project related data files to ensure that the notification was comprehensive and accurate.

The project's master database was initiated during the early scoping period in 2007 and has been refined and updated throughout the AA Study phase. The number of records during the scoping period comprised of 1,713 records and included the following categories:

- Project stakeholders/participants
- Project consultant team
- Regulatory agencies
- Transportation agencies
- Elected officials offices
- Commissions
- City staff
- Technical Advisory Committee (TAC)
- Public safety agencies
- Religious organizations
- Local libraries
- Community organizations
- Educational institutions
- Chambers of Commerce
- Eastside Phase 1 Review Advisory Committee (RAC)
- Metro VIP list
- Businesses
- Media
- Residents

Property Owner & Occupant List Data

In an effort to ensure communication with the communities surrounding the proposed alternatives, a supplemental property owner and occupant list was developed consisting of 48,396 records. The data included property owners, business and residential occupants within ¼-mile of not only the two remaining build alternatives, but also the other two alternatives that were studied during the AA Addendum. The data covered the following areas:

- Washington Boulevard Alternative
- SR-60 Alternative
- Beverly Boulevard Alternative
- Beverly/Whittier Boulevards Alternatives
- North/south connectors:
    - Rosemead Boulevard
    - Paramount Boulevard
    - Montebello Boulevard

The rationale for incorporating such an extensive property owner and occupant lists was to ensure communication with stakeholders who may have previously learned about the project, when the AA Study identified four build alternatives, but might have been unaware of the refinement to two alternatives prior to initiating the environmental studies.

Agency Database

The agency contact list was provided by the JV and was used to notify the Agency Scoping meeting as well as the other four public scoping meetings. The resource agency database consists of 183 records (see Appendix J).

Other Databases

As part of the scoping outreach, City of Commerce requested that Metro send scoping meeting invitations to approximately 3,200 residents and 36 owners' parcels (see Appendix J).

2.4.2 Printed Materials

Direct Mail Notices

A significant piece of the notification effort for the Eastside Transit Corridor Phase 2 scoping meetings was an invitation postcard mailed to a large cross-section of stakeholders. Metro developed a bilingual English/Spanish, full-color invitation containing a brief project summary, meeting dates, times and locations for hard copy distribution (see Appendix K for a copy of the postcard).

Approximately 50,300 scoping notification postcards were mailed the week of February 1, 2010. This includes the master Metro database, property, occupant, and agency lists. With the addition of the Commerce distribution the number reached approximately 53,500.

Take One's

To take advantage of Metro's existing transit services in the area, a bilingual English/Spanish, full color five-fold notification pamphlet (Take One's) was developed for insertion on train and bus routes. Approximately, 42,700 were placed on Gold Line trains as well as on buses in the project area including Divisions 1, 2, 3, 5, 6, 7, 8, 8 (Metro Liner)/Orange Line, 9, 9 (Metro Liner)/Silver Line, 10, 11, 15, 18, 18 (Metro Liner)/Silver Line, 20, 21 & 22. The Take One's included a project map, brief project background and scoping meeting details.

An additional 8,000 Take One's were strategically placed throughout the project area to maximize the public awareness of the scoping meetings. They were placed on public counters at city halls, libraries, community centers, chambers of commerce and elected district offices (see Appendix K for a copy of the Take One's).

School District Meeting Flyer

In addition to the notification direct-mail postcards and Take One's, Metro also coordinated with school districts and schools along the SR-60 and Washington Boulevard alignments to notify parents of the scoping meetings and process. A black and white, English/Spanish, meeting flyer was created providing a brief project overview and scoping meeting details. The school flyer was distributed to schools and district offices that were willing to participate in this outreach effort. Approximately 15,090 flyers were delivered to schools along the two build alternatives (see Appendix K for the meeting flyer).

2.4.3 Public Signage

Street Banners

The project study area has a number of highly traveled corridors that present opportunities to inform the public of the project and scoping period. Therefore, Metro coordinated with project cities to place six roadside banners along some of the major arterials in the study area (see Appendix L for photographs of banners). These banners provided a way for motorist and commuters who frequent the travel corridors to learn about the meetings. Banners were placed at the following locations:

- South El Monte (Santa Anita Avenue/Fawcett Avenue near City Hall)
- Montebello (Garfield Avenue, near Montebello Golf Course entrance)
- Monterey Park (Atlantic Avenue/1st Street)
- Rosemead (Garvey Avenue/River Avenue)
- Other locations
    - Eastside Phase 1, Atlantic Station
    - County of LA District Office of Supervisor Gloria Molina and Don Knabe

Electronic Boards

Metro also utilized existing electronic boards in various cities to communicate scoping meeting information. This was an effective tool to communicate with local constituents or motorist who are used to using the banners for the latest city news. Scoping meeting details were placed on the electronic boards of Pico Rivera and Montebello.

2.4.4 Media

A variety of local and regional daily and weekly newspapers were chosen for placement of meeting advertisements and press releases. The following summarizes the use of media for notification of the scoping period:

Newspaper Advertisements

Metro created a scoping meeting notification ad to place in selected local publications and for their online readership. These publications were chosen based on their circulation boundaries, cultural representation and popularity. Each of the ads listed the dates, times and locations of the four community meetings. Placement and timing of the ads varied based on the scoping meeting most directly connected to the paper's circulation and frequency of the newspaper. The following table lists the publications that ads were placed in and the publishing dates (see Appendix M for copy of ads and proof of publication).

Table 2-4 Newspaper Advertisements			
Newspaper	**Circulation**	**Run Date**	**Ad size**

Facebook Online	ONLINE AD	February 15 - 27	300 x 250 px
West Valley Journal	ONLINE AD	February 1 - 27	200 x 90 px

Earned Media

In addition to placing advertisements in local and regional newspapers, Metro sent project press releases to newspapers that cover the project area. As a result, a number of articles were published during the scoping period. The table below list project articles published during the scoping period (see Appendix N for a copy of the press releases and articles):

Table 2-5 Newspaper Articles	
Newspaper	**Publish Date**
Downey Business Chamber, Metro Gold Line Eastside Extension is Now Open	February 1
Schurr High School, Spartan Scroll Metro Light Rail Transit Planning to Commence	February 12
Progressive Railroading, Daily News	February 15
Los Angeles Wave, Whittier Pushes for Gold Line Route	April 7

2.4.5 Social Media

A social media ad and marketing campaign was conducted to promote the Metro Eastside Transit Corridor Phase 2 Public Scoping meetings. This social media campaign was implemented in February 2010 and utilized a combination of Metro and local city Websites, Facebook Ads, Facebook Updates to existing fans, and outreach to Los Angeles and Los Angeles-transit oriented blogs. Overall, the campaign was successful in reaching out to new fans and contacting existing fans. The blog outreach garnered a number of articles to different online audiences to promote the public scoping meetings.

Websites

The Metro project website was used to provided project overview and background, scoping meeting information, scoping meeting PowerPoint and presentation video, project collateral materials and Facebook link. All meeting materials included the project website URL link to market and encourage use of the project webpage. Metro contacted and coordinated with all 14 jurisdictions in the study area and Chambers of Commerce to provide links to the project website. The following list includes those who created links and participated in the website outreach strategy (see Appendix O for a copy of the website pages):

- Whittier Area Chamber of Commerce
- City of Rosemead
- City of Pico Rivera
- City of Commerce

- City of El Monte

Facebook

Meeting notices and project information was placed on the Eastside Transit Corridor Phase 2 Facebook site and linked to the Metro Los Angeles Facebook page. The following information was placed on the site to engage and notify project fans:

- Early February 2010 – Feature "Eastside Phase 2" Issue meeting notice, fact sheets and highlight project milestones
- February 2010 – Continuation of "Eastside Phase 2" Issue Facebook advertisement and meeting reminders

The project Facebook site had 196 fans prior to the scoping notification period and increased to 347 fans at the end of the scoping period (see Appendix P for a copy of the Eastside Transit Corridor Phase 2 Facebook page).

Blogs

Internet and social network sites, including blogs, are becoming increasingly effective communication tools to a growing online/mobile community. Blogging allows community members to place project-related information online that the community can read and react to with online chats and forums discussing project issues. Table 2-6 identifies the list of blogs that highlighted the Eastside Transit Corridor Phase 2 Project during the scoping period (see Appendix Q for a copy of the blogs that featured the project).

Table 2-6 Blogs

Blog	Publish Date

The Source: http://thesource.metro.net/	February 22
LAist: http://laist.com/2010/02/19/extending_the_gold_line_eastward_ev.php	February 23

E-Blasts

E-blast notification was used frequently during the scoping period to continue to remind project area stakeholders of the scoping meetings as well as public comment opportunities and deadlines. Table 2-7 lists the e-blast titles and dates the information was electronically sent (see Appendix R for a copy of the e-blasts mailed). Also included in Appendix R is the list of e-mail records used to send the first e-blast. This list was derived from the project database; however, during the scoping period, attendees and those providing comments who listed their e-mail addresses were continually added to the list. Therefore, the e-blast list grew from 863 to 1,318 records since the initiation of scoping.

Table 2-7 E-Blast	
E-Blast	**Publish Date**
Agency Scoping Meeting Invitation (Bilingual English/Spanish)	February 12
Public Scoping Meeting Invitation (Bilingual English/Spanish)	February 16
Public Scoping Meeting Reminder (Bilingual English/Spanish)	February 19
Offer to Brief City Council and Chambers of Commerce	March 11
Offer to Participate in Community Events and/or Provide Briefings	March 26
Public Comment Period Closing Reminder (Bilingual English/Spanish)	April 12
Thank You for Participating (Bilingual English/Spanish)	April 15

2.4.6 Stakeholder Briefings

During the scoping period, Metro communicated with the cities, elected offices, chambers, schools and coalition groups to inquire about other opportunities to publicize scoping meetings and solicit public input. As a follow-up to individual requests, Metro participated in approximately 31 additional stakeholder meetings and events, including tours, community events, coalition meetings, City Council briefings and Chamber of Commerce and legislative briefings (see Appendix S for a copy of the full meeting record matrix).

2.4.7 Additional Outreach

Project Helpline

The project helpline for the Eastside Transit Corridor Phase 2 project was established during the initiation of the AA Study as a tool to provide project information and allow stakeholders to ask questions and provide comments. During the scoping period, a bilingual (English/Spanish) message was recorded providing meeting information and how to provide comments or obtain more project information. The message also encouraged the caller to leave comments or questions. Phone calls were returned within the next business day. The project helpline number (213) 922-3012, has been included in all project collateral materials (see Appendix T for copies of the helpline scripts).

Cable Channels

Many cities have a local cable channel to broadcast city news and functions. Metro prepared and distributed cable slates for all project area cities. Cable slates announced the scoping meeting date and location details closest to the particular city. Phone calls were made to each city as a follow-up to encourage placement of the cable slates on their local cable channels (see Appendix U for a copy of the cable slates).

2.5 Public Scoping Meetings

Metro hosted four public scoping meetings from February 22 through February 27. The scoping meetings were held in various cities within the project area during the evening hours and one Saturday morning meeting to maximize accessibility and convenience for project stakeholders. The public scoping meetings provided the community an opportunity to review and comment on elements of the Draft EIS/EIR study, including the proposed alternatives. The meetings were well attended with over 300 participants and 118 verbal and written comments collected at the meetings (see Appendix V for a copy of individual meetings sign-in sheets, speaker cards and comment cards). Table 2-8 provides meeting location, comments and attendance details for all four public scoping meetings.

Table 2-8 Public Scoping Meetings

Date/Time	Location	Attendance	Written Comments	Verbal Comments
Monday, February 22, 6-8 p.m.	Pico Women's Center 9214 Mines Avenue City of Pico Rivera	78	5	18
Wednesday, February 24, 6-8 p.m.	South El Monte Senior Center 1556 Central Avenue of South El Monte, CA	86	7	18
Thursday, February 25, 6-8 p.m.	Senior Center at City Park 115 South Taylor Avenue Montebello, CA	65	5	16
Saturday, February 27, 10 a.m. – 12 p.m.	Salvation Army SFS 12000 East Washington Boulevard Whittier, CA	82	10	39
Totals		**311**	**27**	**91**

2.5.1 Public Meeting Format

All public scoping meetings began with an open house session followed by a presentation and formal comment period. During the open house session, participants had the opportunity to view project display boards and ask questions or raise concerns directly to project team members stationed around the room (See Appendix Y for copies of the display boards). After the open house session, a PowerPoint presentation was made by Metro staff providing a project overview, explanation of the Draft EIS/EIR process, overview of the proposed alternatives and methods for providing comments during scoping. Meeting participants were encouraged to make a public comment either verbally or in writing. Those wanting to speak were asked to fill out a speaker card and were given two minutes to comment on the project. All verbal comments were documented by a certified court reporter (see Appendix W for individual meeting transcripts).

Interpreters were available at the four meetings to provide simultaneous Spanish translation. Participants could listen to the proceedings in Spanish through audio headsets.

2.5.2 Public Meeting Materials

Handouts

A set of handouts were developed to clearly explain the purpose of the scoping meetings, project process and range of alternatives being considered. These materials were designed as bilingual (English/Spanish) pieces to make the project easy to understand and encourage participation. The following materials were provided at the registration table (see Appendix X for copies of meeting materials):

- Meeting agenda
- Project fact sheets
- Project map
- Invitation postcard
- Speaker card
- Comment sheet

The PowerPoint presentation and copy of display boards were also translated into Spanish and made available upon request. In addition, a Translation of Materials request form was also made available for participants who did not speak English and was translated into five other languages including: Spanish, Vietnamese, Traditional Chinese and Armenian. This form provided a mechanism for non-English speaking participants to understand that project information and materials would be made available upon request.

Display Boards

Display boards were used at all the scoping meetings and set up around the perimeter of the rooms. This allowed participants during the open house session to walk around the room and engage Metro and consultant staff on specific issues and questions pertaining to the project (see Appendix Y for a copy of the display boards).

PowerPoint Presentation

A comprehensive PowerPoint presentation was made at all scoping meetings outlining the project goals, previous studies results, evaluation criteria used to refine the alternatives, Draft EIS/EIR process, proposed alternatives, how to stay involved and how to provide input on the project (see Appendix Z for a copy of the PowerPoint presentation).

Photography

Metro photographed the scoping meetings to document the meetings and capture the public participation at various stages of the meetings (see Appendix AA for a set of images).

2.6 Comments Received

During the 80-day scoping period for the Eastside Transit Corridor Phase 2 project, which extended from January 25 through April 14, 2010, Metro provided a variety of options for the public to learn about the project and provide input, including the following means:

- Verbal – Scoping meeting attendees had the opportunity to provide verbal comments during the public comment session or by leaving a message on the project helpline.
- Written – Comment cards were provided at scoping meetings for written comments and participants were encouraged to submit letters if they preferred, subsequent to the meetings.
- E-mail – Collateral materials also encouraged the public to submit comments via e-mail to yuki@metro.net.
- Metro Website – Comments were accepted via the Metro project website at www.metro.net/eastsidephase2.

3.0 SUMMARY OF SCOPING COMMENTS

3.1 Summary of Substantive Comments

A total of 527 verbal and/or written public comments were received from both agencies and the public, including: elected officials, residents, grassroots organizations, chambers of commerce, developers, hospitals, agencies, educational institutions and businesses (see Appendix AB for copies of all comments received sorted by comment id number). All comments received were summarized, categorized and recorded into the project's electronic database. Each record includes the name of the commenter, agency or affiliation, method of how the comment was received, date the comment was received, topics discussed in the comment, a short summary of the full comment and an identification number tied to the original copy of the comment.

A copy of the comment database is included in Appendix AC, including a categorization of comments by relevant environmental criteria. It should be noted that the combined number of comments (875) listed in the comment database report is greater than the total number of comments received (527) because many of the comments covered several topics in their submission.

In reviewing all the comments received, there is substantial support for each of the two LRT alternatives, SR-60 and Washington Boulevard. Common themes also included the importance of transit connectivity, service to colleges and universities, providing service to underserved areas, concerns regarding environmental and engineering challenges along the two alignments as well as potential economic opportunities for the cities.

Although comments were categorized and sorted by a total of twenty-four environmental topics, these categories can easily be combined into the following six major groupings:

- Comments related to Purpose and Need
- Alternatives
- Configuration
- Stations
- Economic Development
- Potential Impacts

The following subsections provide a summary of each of these six groupings.

3.2 Comments Related to Purpose and Need

Comments related to the Purpose and Need for the Eastside Transit Corridor Phase 2 Project were generally positive. The following highlights the messages that were consistently mentioned throughout the 527comments received.

People commenting confirmed that connectivity to the Metro transit network is very desirable and an important need to underserved communities. This was underscored by students and administration officials from Whittier College, Cerritos Community College, Rio Hondo Community College, Cantwell Sacred Heart of Mary High School and East Los Angeles Community College who expressed the importance of this connection to foster an atmosphere of higher learning. Connecting students, faculty and employees to the Greater Los Angeles area provides opportunities for internships, visits to museums and conferences and the cultural arts of Los Angeles.

The need and benefit of connecting neighboring communities together with employment, entertainment and medical facilities were also a strong topic in the comments received. Stakeholders frequently mentioned the importance of creating transit options that would facilitate connections with employment hubs in the City of Commerce, Presbyterian Intercommunity Hospital, the Shops at Montebello, Whittier Narrows and downtown Los Angeles.

Intermodal and future connections with other transit systems were also notable mentions in the comments received. Communities near the southern boundary of the project area mentioned the Pacific Electric, BNSF and Union Pacific right-of-ways that could potentially be used to connect the Eastside Transit Corridor Phase 2 project with Fullerton and Norwalk Metrolink stations and Orange County. Cities along the northern boundary of the project area mentioned the opportunity to connect to the planned National Football League stadium in the City of Industry and San Bernardino County.

3.3 Comments Related to Alternatives

As indicated above, there is substantial support for each of the two LRT alternatives, SR-60 and Washington Boulevard. Approximately 80% of the comments suggested a preference for either SR-60 or the Washington Boulevard alternative. The remainder of the comments expressed concerns or ideas for additional routes that should be evaluated. These comments were summarized by whether an individual supported or generally supported a specific alternative (i.e., SR-60, Washington Boulevard, No-Build or TSM).

Although the scoping process did not specifically ask people to vote on an alternative, support for a particular alignment was recorded when the comment specifically called out the name of an alternative. Otherwise, when the comment discussed positive attributes of a specific alternative, the comment was assigned to the general support category. Since the summary of scoping comments is not intended to be a quantitative exercise, this summary is provided only to document the input received.

3.3.1 No Build
Two comments received supported the No Build Alternative.

3.3.2 TSM
One comment was received supporting the TSM Alternative. The commenter opposed the proposed build alternatives due to various concerns and suggested Metro focus on optimizing improvements to the existing bus lines.

3.3.3 SR-60 Alternative - LRT
The SR-60 Alternative received considerable support with approximately 111 positive comments from elected offices, SR-60 Coalition, businesses, school districts, stakeholders, chambers of commerce, colleges and high school students.

Supportive comments mentioned the benefits of the surrounding area's upcoming mixed use developments and destinations, such as the Cascade Mall at Monterey Park, Shops at Montebello and Whittier Narrows. Future destinations, including the National Football League Stadium in City of Industry and San Bernardino County connections, were also mentioned.

Supporters of this alternative also reiterated the positive design features of the route, including low cost, minimal impacts to residential and business communities, higher ridership per mile and the potential to alleviate traffic on the heavily traveled SR-60 Freeway. In an effort to avoid potential issues on the OII Superfund site on the south side of the freeway, a number of comments suggested Metro evaluate moving the route to the north side of the freeway.

Concerns raised for the SR-60 Alternative included the following:

- Low land use density and lack of walkable, pedestrian-friendly destinations will contribute to the route serving as a commuter rail line instead of a light rail system that connects local communities together
- Low ridership
- Potential disturbances to the wildlife at Whittier Narrows
- Potential release of hazardous materials from the OII Superfund site in Monterey Park

3.3.4 Washington Boulevard Alternative - LRT
The Washington Boulevard Alternative received considerable support with 348 positive comments from the community.

Supportive comments and resolutions were submitted from community members, grassroots organizations, elected offices, developers, hospitals, chambers of commerce, school districts, businesses and universities/colleges.

Supportive comments described the alternative as a destination oriented route that could strengthen local economies with meaningful city to city connections. Residents, students and seniors highlighted the need for additional transit options to reach communities and services along the route, such as medical and educational facilities, employment hubs, and access to the greater Los Angeles area. Stakeholders also pointed out that the Washington Boulevard Alternative could potentially reduce traffic on the Interstate 5 (I-5) Freeway and improve air quality.

Comments also mentioned the Washington Boulevard Alternative is highly supported due to its longer route, low cost per mile, high ridership and service to high employment districts along the route. The route was also cited as compatible with the corridor cities land use plans. Some comments encouraged Metro to consider a connection with the Fred C. Nelles mixed use development as well as extending the planned terminus at Lambert Road to the Five Points intersection and possibly even farther to Uptown Whittier, which are all located in the City of Whittier.

One of the comments submitted suggested moving the route to the south side of Washington Boulevard to avoid trees planted on the north side and median of the street.

Concerns for the Washington Boulevard LRT alternative included the following:

- Potential impacts to residential and business communities, including visual, right of way and construction
- Potential safety issues with students in nearby schools and safe routes to school
- Potential gang vandalism in Pico Rivera
- Seismic concerns regarding the Whittier fault line
- LRT may cause traffic disruption and congestion to the existing industrial truck corridor on Washington Boulevard

3.3.5 Other Alternatives

Five comments received suggested other alternatives including:

- Whittier Boulevard to avoid right-of-way impacts to residents and businesses on Washington Boulevard
- Beverly/Whittier Boulevards due to larger residential and commercial concentrations along those corridors
- Beverly Boulevard tunnel with stations at Gerhart, Garfield and Montebello
- Using Metrolink tracks between Whittier Boulevard and Beverly Boulevards
- Re-consider the Beverly/Whittier Greenway Alignment with a subway option on Beverly Boulevard in Montebello.

3.4 Comments Related to Configuration

Approximately 22 comments were submitted regarding the configuration of the Washington Boulevard Alternative. The majority of these comments mentioned the alternative should remain aerial to increase pedestrian and traffic safety in nearby communities. Six of the comments suggested an underground system on Washington Boulevard to not only increase safety but facilitate future connections to Orange County. One comment suggested bringing the Washington Boulevard LRT alignment down to street level on Washington Boulevard and Garfield Avenue through the City of Montebello.

3.5 Comments Related to Stations

Metro received approximately 47 comments related to the Eastside Transit Corridor Phase 2 stations. The topics of the comments ranged from design treatments to adding new station locations and modifying existing plans. One of the most mentioned and supported stations was the terminus on the Washington Boulevard Alternative. A total of 28 comments stated support for the station at Presbyterian Intercommunity Hospital in Whittier. Other highly supported stations included the Shops at Montebello and Whittier Narrows on the SR-60 Route.

Suggestions for new stations and modification for existing plans included the following:

- New station at Potrero Grande, along the SR-60 Alternative
- New station north of Washington Boulevard and Garfield Avenue curve, along the Washington Boulevard LRT
- Move Norwalk station on Washington Boulevard LRT alternative 1/4 mile west and use Pioneer High School parking lot as a Park and Ride
- Add or move terminus station on Washington Boulevard LRT alignment farther to Five Points in Whittier or Uptown Town Whittier
- Add or move stations to connect to Metrolink station in Commerce

Two comments submitted also suggested the stations should include well designed weather shelters and have good pedestrian access to encourage walkable communities.

3.6 Comments Related to Economic Development

A large number of comments agreed that the two build alternatives would serve as an economic catalyst providing real benefits to the local business communities. Comments related to both the SR-60 and Washington Boulevard alternatives cited land use plan compatibility as a critical item for planned developments along the routes.

3.7 Comments Related to Potential Impacts

The second most common topic raised in comments after the preference of alternatives was concern for the potential impacts created by the Eastside Transit Corridor Phase 2 project. A total of 320 comments were recorded raising concerns for impacts related to community neighborhoods, parkland, business and economic impacts, traffic, safety, construction and others. The comments on each major category are summarized in the following subsections.

3.7.1 Community and Neighborhood Impacts

Community and Neighborhood impacts centered mainly on the Washington Boulevard LRT alternative. Residents from local communities along the route were very concerned about the proximity of the LRT to their homes, especially in Pico Rivera. Specific concerns/comments included the following:

- Washington Boulevard is a dividing line for local gangs; LRT will potentially be vandalized
- Potential right of way impacts, including the purchase of residential and local businesses
- Potential impacts to property values once system is in operation
- Potential impacts to local schools and churches on Garfield Avenue
- Potential reduction of bus service in project area due to LRT operation

3.7.2 Parklands Impacts

Most of the parkland impact comments were focused on the SR-60 Alternative and proposed station location at Santa Anita Avenue adjacent to the Whittier Narrows Recreation Area. Comments expressed concern for park wildlife due to construction and light rail operations.

3.7.3 Business and Economic Impacts

A significant number of comments received mentioned the concern for the potential negative economic impact the Eastside Transit Corridor Phase 2 project could have on the local businesses during the construction phase of the project. Comments suggested Metro work as a partner with local merchants to mitigate any potential impacts. Other comments included:

- Questions regarding where will Metro find the supplemental funding to build the system
- Opposition to any type of additional taxes to fund the project
- Coordination with California High Speed Rail and build stations for both systems to save resources

3.7.4 Traffic Impacts

Approximately 70 comments addressed the potential impacts on traffic. The majority of these suggested that the Eastside Transit Corridor Phase 2 could potentially relieve traffic on I-5 and SR-60 freeways; however, comments also noted the traffic impacts during construction would be difficult to tolerate.

Additional traffic comments included the following concerns:

- Potential for increased congestion during construction at key intersections where children cross the street for school, residential areas and local churches
- Washington Boulevard is a major truck route; traffic will increase and disrupt the flow

3.7.5 Safety and Security

Approximately 27 comments were related to the safety and security of the Eastside Transit Corridor Phase 2 project. The majority of these comments raised concerns for pedestrian safety, especially school children that cross Washington Boulevard at major intersections.

Additional comments included the following concerns:

- Potential gang issues since Washington Boulevard is a dividing line for two rival gangs in Pico Rivera
- Consider placing protective barriers on the aerial columns, such as jersey barriers to reduce the likelihood of accidents

3.7.6 Construction Impacts

Approximately 100 comments were related to the potential construction impacts. Specific issues raised included:

- Potential traffic impacts and disruption to truck routes
- Potential impacts to businesses along the routes
- Potential noise and dust impacts especially to residential areas
- Potential air quality impacts to nearby residents and business

3.8 Comments Submitted by Federal, State, and Local Agencies

A total of 32 agencies, as well as Operating Industries, Inc. and Southern California Edison, submitted comments. Several agencies submitted more than one set of comments. Table 3-1 lists those agencies providing comments and indicates in parentheses the sets of comments when multiple sets were submitted. Copies of agencies' correspondence may be found in Appendix AB.

Table 3-1 Agencies Submitting Comments During the Scoping Period

Federal	Regional and Local
■ Advisory Council on Historic Preservation ■ Bureau of Land Management ■ Army Corps of Engineers ■ Department of Energy ■ Environmental Protection Agency ■ Fish and Wildlife Service ■ Department of Defense	■ Los Angeles County Dept of Public Works ■ Los Angeles County Sanitation Districts ■ Los Angeles County Sheriff's Department ■ Metropolitan Water District of Southern California ■ Southern California Association of Governments ■ South Coast Air Quality Management District ■ Commerce (2) ■ El Monte ■ La Habra ■ La Habra Heights ■ La Mirada (2) ■ Los Angeles (2) ■ Montebello (2) ■ Monterey Park ■ Pico Rivera (2) ■ Rosemead ■ Santa Fe Springs ■ Whittier (11) ■ Gateway Cities Council of Governments
State	
■ California High Speed Rail Authority ■ California Public Utilities Commission (2) ■ California Department of Transportation (3) ■ State Lands Commission ■ Native American Heritage Commission ■ Department of Water Resources	
Other	
■ Operating Industries, Inc. Landfill Site/New Cure, Inc. ■ Southern California Edison	

[1]Numbers in parentheses indicate the numbers of sets of comments when multiple sets were submitted.

3.8.1 Federal Agencies

Seven federal agencies provided comments. The Advisory Council on Historic Preservation (ACHP) encouraged FTA and Metro to begin initiating formal consultation with the State Historic Preservation Office (SHPO), Indian tribes, and others pursuant to Section 106 of the National Historic Preservation Act. If, through consultation, it is determined that the project will adversely affect historic properties or development of an agreement document is necessary, ACHP must be notified and provided appropriate documentation.

The U.S. Army Corps of Engineers (Corps) accepted the invitation to become both a cooperating agency pursuant to NEPA and a participating agency pursuant to SAFETEA-LU (See Section 2.3 for more information). The Corps has requested incorporation of appropriate input into the EIS so that they may adopt the EIS to comply with their NEPA responsibilities. Corps approval will be required for proposed alterations to a flood control system and impacts to waters of the United States. In addition, the Corps operates and manages the Whittier Narrows Flood Control Basin and use of that land for the SR-60 LRT Alternative will require Corps review and approval.

The U.S. Environmental Protection Agency (EPA) also accepted the invitation to become both a cooperating and a participating agency. EPA's comments focused on: 1) air quality; 2) integration with existing transportation facilities; 3) green design and construction; 4) the Operating Industries Inc. (OII) Landfill Superfund Site; 5) impacts to environmental justice communities; and 6) impacts on water resources. In addition, EPA provided input on the purpose and need for the project and range of alternatives for consideration. Any activities that could potentially disturb the OII Superfund Site must also be coordinated through the agency. EPA requested that Metro submit to EPA details of the SR-60 LRT Alternative, including plans, types and durations of activities, anticipated impacts, and proposed avoidance, minimization, and mitigation measures to reduce the project's effects on the OII Superfund Site.

The Fish and Wildlife Service requested specific information be included in the Draft EIS/EIR. Their main concern is potential for impacts on federally listed species and habitat types in the eastern half of the SR-60 LRT Alternative as well as the locations of the park-and-ride facilities along that entire route.

Neither the Bureau of Land Management nor the Department of Energy accepted the invitation to be a participating agency since neither intends to submit comments on the project.

3.8.2 State Agencies

Six state agencies submitted comments. The California Deparment of Transportation (Caltrans) indicates it will be a cooperating agency per NEPA and a responsible agency per CEQA. Since the project would affect State transportation facilities, Caltrans will require a traffic study prepared per their traffic study guide. The guidance provides specific information relative to both traffic impacts as well as the travel demand methodology used to determine numbers of trips generated, etc. The agency indicates that two other projects have also been proposed to use the SR-60 right-of-way: 1) High Occupancy Vehicle and/or truck lane; and 2) high speed rail segment between Los Angeles and San Diego. Caltrans indicates that the SR 60 right-of-way is not wide enough to accommodate either/both proposed rail projects. They also indicated that Metro should consult with both U.S. EPA as well as the State Department of Toxic Substance Control regarding effects of the project on the OII Landfill Superfund Site.

The California Public Utilities Commission (CPUC) stated they are a responsible agency per CEQA and want to be involved from the project's inception and throughout all project phases. CPUC has authority for issues such as: 1) constructing rail lines over existing streets; 2) at-grade railroad crossings (they recommend reducing numbers of at-grade crossings); 3) standards for warning devices for at-grade highway/rail crossings; and 4) safety oversight of rail fixed guideway systems, including during construction. They stated that fencing should be required for at-grade portions of the rail alignment.

The Native American Heritage Commission (NAHC) indicated they did a search of their Sacred Lands File (SLF) inventory, and no such resources were identified within ½ mile of the Area of Potential Effect (APE). However, Native American cultural resources do exist in close proximity to the APE. NAHC provided a list of tribes and individuals it recommends should be contacted as "consulting parties". The agency stressed consideration of avoidance if significant cultural resources are discovered during project planning and implementation.

The California High Speed Rail Authority stated only that they accept the invitation to be a participating agency. The Department of Water Resources stated they do not want to be a participating agency but would like to be kept informed about the project. They also indicated that Metro has no water rights in the Central Basin so no wells may be drilled nor may water be pumped to dewater any portion of the project unless water rights are obtained in the basin. The State Lands Commission stated they have no lands under their jurisdiction in the project area.

3.8.3 Local Agencies and Others

A total of 19 regional and local agencies, one utility, and one committee overseeing cleanup of the OII Landfill Superfund Site submitted scoping comments.

3.8.3.1 Regional

The Los Angeles County Sanitation Districts indicated they must approve improvements within a Districts' sewer easement and/or over or near a Districts' sewer prior to construction. The Districts own, operate, and maintain only the large trunk sewers in the region. Project plans and specifications that incorporate the Districts' sewer lines will need to be submitted to the agency so they can provide a detailed response to the proposed project. They also note that expansions to the Districts' facilities must be sized and service-phased to be consistent with SCAG regional growth forecasts.

The County's Sheriff's Department recommended a meeting with all law enforcement and fire services agencies along the alignments to get feedback from all. They advocate for a line with dedicated at-grade route or any alternative that excludes (or minimizes) grade crossings. They also recommend provision of adequate parking facilities since the existing ones are over capacity, and this adversely impacts parking near businesses which need parking for their customers.

The Metropolitan Water District of Southern California said that their Middle Feeder Pipeline would be affected by both LRT alternatives and want to ensure that the Draft EIS/EIR addresses their concerns about potential impacts on their infrastructure. They declined to be a participating agency; however, they will review the Draft EIS/EIR during the environmental review process.

The Los Angeles County Department of Public Works, Southern California Association of Governments (SCAG), and South Coast Air Quality Management District stated only that they accepted the invitation to become participating agencies.

3.8.3.2 Cities

The Los Angeles Department of Water and Power (LADWP) indicated that the Washington Boulevard LRT Alternative would encroach on a LADWP transmission line right-of-way in the vicinity of Washington Boulevard west of Paramount Boulevard. They would like to see plans that include the several items mentioned in their letter. LADWP also provided comments relative to several issues including: LADWP standard conditions for construction activities; ground elevations for the proposed improvements; impacts on transmission line access roads; cathodic protection system; grading; construction of structures, including drainage structures; and tower clearances.

The following cities expressed support for the Washington Boulevard LRT Alternative: Commerce, La Habra, La Habra Heights, La Mirada, Pico Rivera, and City of Whittier. In addition, the Gateway Cities Council of Governments endorsed this alternative. Several also passed resolutions endorsing the Washington Boulevard LRT Alternative including: La Habra, La Habra Heights, Pico Rivera, Whittier, and the Gateways Cities Council of Governments. Major reasons cited for the support included: best linkage

to the regional transportation system, including the MetroLink; highest ridership potential; better redevelopment opportunities; and improvement to commuter traffic congestion. Where disadvantages of the SR 60 LRT Alternative were mentioned, the main issues raised included: serving mostly long distance commuters rather than the entire community; and potential impacts on Whittier Narrows Recreation Area and wildlife habitat, and the OII Superfund Site. Commerce's support is predicated on a station being located at Washington/Garfield or in close proximity. Pico Rivera would like alternative park-and-ride sites to be evaluated in addition to the one at the Pico Rivera Towne Center. Whittier would like the scoping process to consider the Phase 3 link to Orange County along Lambert Road so that this corridor is preserved and not converted to a bikeway.

The following cities/entities expressed support for the SR 60 LRT Alternative: Rosemead, Monterey Park, El Monte, South El Monte, Montebello, Industry and the San Gabriel Valley Council of Governments. Resolutions and letters of support were submitted prior to and during scoping stating their support. In addition, the above cities formed the SR 60 Coalition to serve as a united front in support of the SR 60 Alternative. Major reasons for supporting the SR 60 LRT Alternative included: mobility improvement for both long distance commuters and residents living nearby; compared to the Washington Boulevard LRT comments, the SR 60 LRT Alternative minimizes construction disruption to residents and businesses; enhances transit-oriented development opportunities; potential for less right of way impacts; serves major employment centers and college student population at Rio Hondo and East Los Angeles College. City of Montebello and South El Monte would like construction to be considered on both sides of the SR 60 Freeway instead of only on the south side. Montebello also indicated the project should have a park-and-ride near the Shops at Montebello and should reduce park-and-ride locations elsewhere that may negatively affect city businesses or residences. Rosemead suggested the inclusion of a station at Whittier Narrows Regional Park. Objections to the Washington Boulevard LRT Alternative include: minimal development opportunities for Montebello; adverse impacts on homes and schools along the alignment as well as displacements/relocations of businesses and residences; loss of traffic lanes needed to support high truck usage along Washington Boulevard; and limited opportunities to site a rail yard to maintain the light rail vehicles.

Other issues the cities wanted to be addressed for both alternatives include:

- Impacts on traffic, access, parking, security, pedestrian/traffic safety, maintenance, businesses, visual/aesthetics, wildlife habitat, seismic safety
- Potential noise, vibration, dust, and lighting impacts
- Displacements/relocations impacts
- Land use, social, and economic impacts
- Security and maintenance issues associated with park-and-ride

- Construction impacts
- Cumulative impacts including that of the potential high speed rail alignments
- Linkage to other transportation systems
- Mitigation costs

3.8.3.3 Others

Southern California Edison (SCE) indicated that the project has potential to significantly impact their existing 220kV transmission lines (T/Ls), 66kV T/Ls, distribution lines, communication facilities, and future 500 kV T/L generally located near Paramount Boulevard. Their letter requests that Metro submit more detailed project information and provides some initial comments on the proposed project in light of their facilities. SCE specifically mentions the planned Tehachapi Renewable Transmission Project (TRTP), Segment 7, which was approved by the CPUC and is scheduled to begin construction in 2011. They request early initiation of a joint review of the two projects, stating that if the decision-making is deferred so that it is not included in MTA's environmental process, SCE would likely need to pursue environmental review separately through CPUC. This review would take a minimum of 1 to 3 years to complete.

The Steering Committee for New Cure, Inc. and the Operating Industries, Inc. Landfill Superfund Site also provided comments. They noted their previous extensive coordination with Metro regarding the SR-60 LRT Alternative and provided some comments. The major points addressed include: additional detailed geotechnical studies needed should the SR-60 LRT Alternative be selected; Metro would need to bear any costs for damage to the current landfill remedy or impact on operations and maintenance as a result of the LRT project; the LRT project, regardless of whether at-grade or aerial, would still include buried landfill waste that will need to be handled properly; and because Superfund Sites have specific security requirements, they have concerns about how access would be controlled both during LRT construction and operations.

3.9 Responses to Comments

The purpose of scoping is to provide an opportunity for agencies and the public to comment on the purpose and need, the range of alternatives proposed for analysis, and to help Metro and FTA identify issues that should be evaluated in the Draft EIS/EIR analysis. Metro received a record amount of comments for the Eastside Transit Corridor Phase 2 from agencies, community residents and stakeholders within the project area compared to other current Metro Corridor Studies. All comments will be taken into consideration and examined during completion of the Draft EIS/EIR and are included in this Scoping Report (Appendix AB).

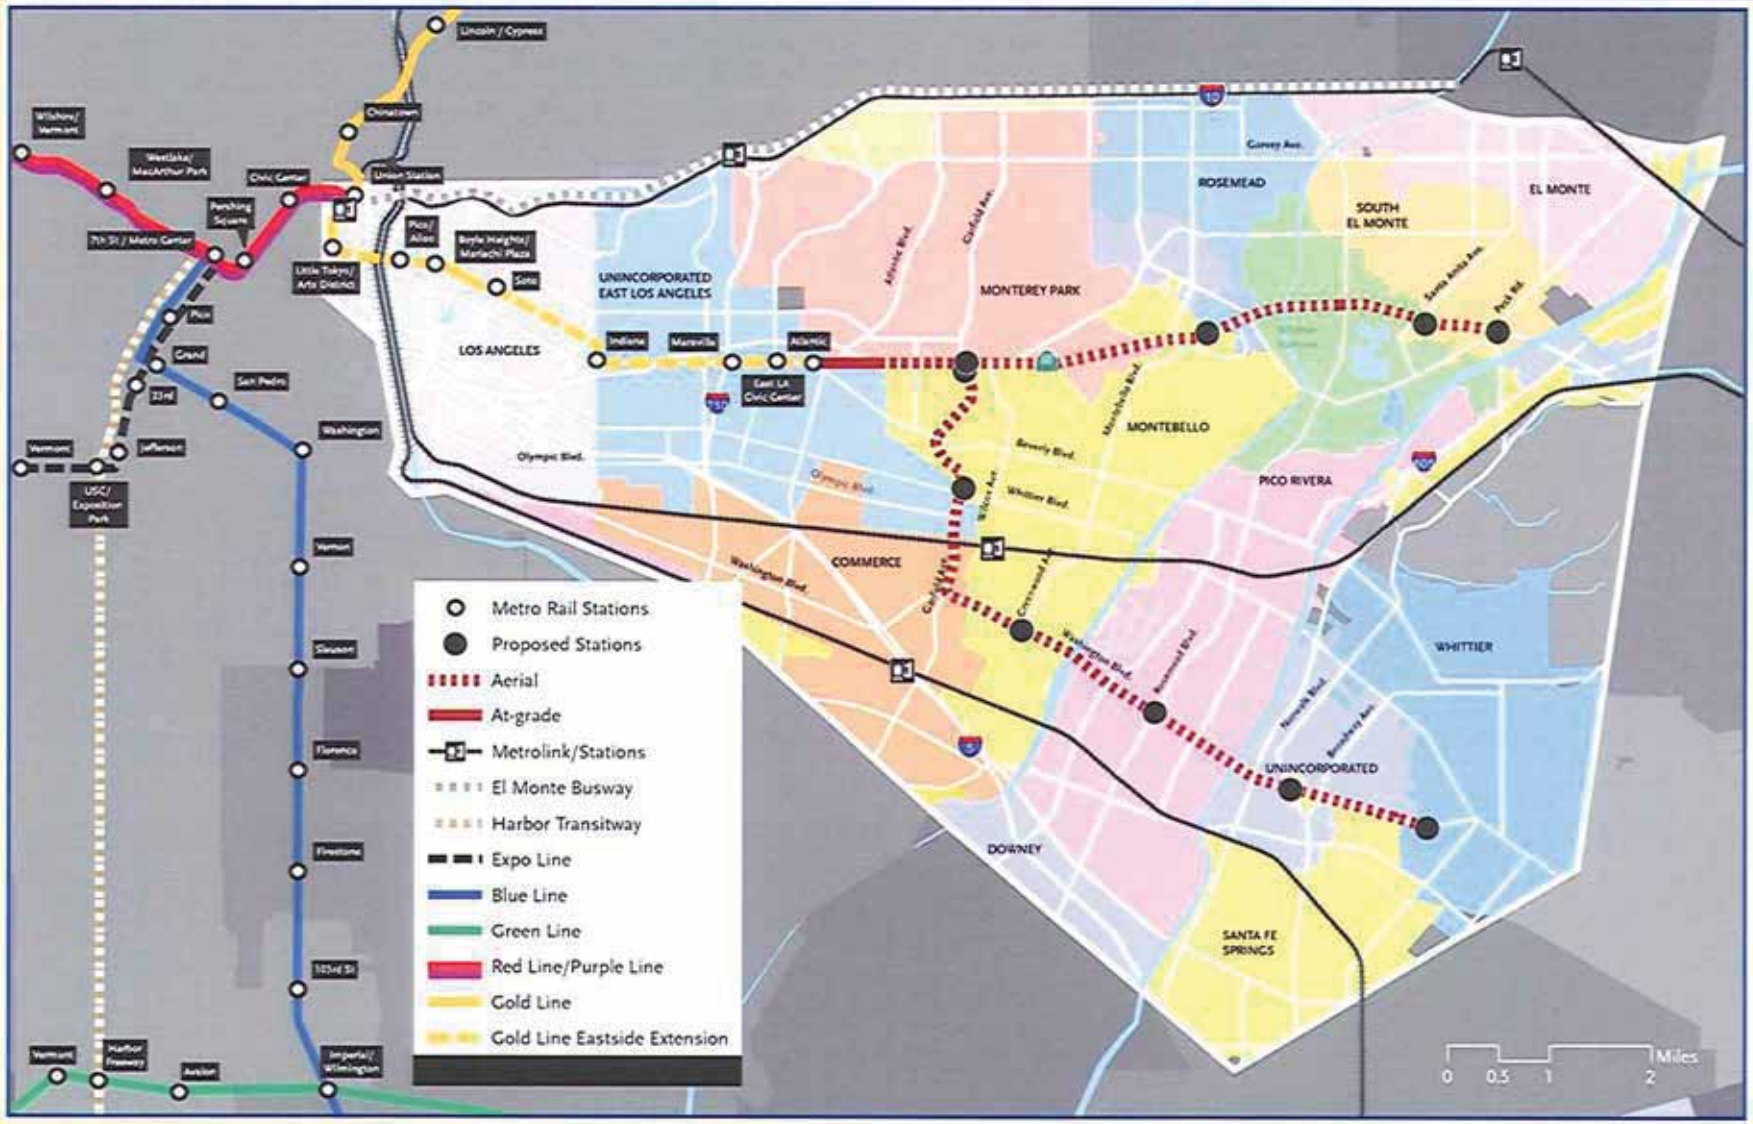
The input received during the scoping period and summarized in this report will be used by Metro to help develop and refine the project description, including refinement of alternatives and options considered for further environmental evaluation. Following the completion of the Draft EIS/EIR, another round of public meetings/hearings will be held to review the findings of the draft environmental documents and solicit public comments. Those comments will be responded to in the Final EIS/EIR and become part of the formal document.

The Scoping Report will be made available on the project website and a hard copy will be maintained in the Metro Library and Metro Records Management Department.

APPENDIX A

PROJECT AREA MAP WITH BUILD ALTERNATIVES

Eastside Transit Corridor Phase 2
Project Map



APPENDIX B

OUTREACH SCOPING PLAN

Metro

Eastside Transit Corridor Phase 2
Scoping Outreach Plan February 2010

During the Eastside Transit Corridor Phase 2 Scoping period public notification for the community meetings will be implemented through a variety of methods, including:

Printed Materials:
- Direct Mail Notice
- Take Ones'
- School District Meeting Flyer

Public Signage:
- Street Banners
- Electronic Boards

Print Media:
- Paid Media
- Earned Media

Electronic Media:
- Project Helpline
- Cable Channels
- Social Media
- E-blasts

Briefings:
- Stakeholder Briefings

Printed Materials

Direct Mail Notices (over 51,000)

Direct mail meeting notice distribution included the Eastside Phase 2 master database, parcel data, and environmental resource list. The master database lists the following categories:

- Project stakeholders
- Project consultants
- Regulatory agencies
- Transportation agencies
- Elected officials offices
- Commissions
- Project city staffs
- Technical advisory group members
- Public safety agencies
- Religious organizations
- Local libraries
- Community organization/Contacts
- Educational institutions
- Chambers of commerce
- Schools
- Eastside Phase 1 RAC members
- Metro VIP list
- Other (businesses, media, residents)

The parcel data is composed of addresses within 1/4 mile of the Washington Boulevard, SR-60, Beverly Boulevard and Whittier alternatives as well as Rosemead Boulevard, Paramount Boulevard and Montebello Boulevard.

The resource agency list was provided by the technical consultant to participating agencies.

Take One's (over 8,000)

Take One's will be strategically placed throughout the project area to maximize the public awareness of the scoping meetings. The following entities agreed to place Take One's on public counters of city halls, libraries, community centers, chambers of commerce and district offices.

City Distribution (City counters, libraries, community centers)

- City of Commerce
- City of El Monte
- City of South El Monte
- City of Montebello
- City of Monterey Park
- City of Pico Rivera
- City of Rosemead
- City of Santa Fe Springs
- City of Whittier

Chamber of Commerce (Office public counter)

- City of Downey Chamber of Commerce

- South El Monte/El Monte Chamber of Commerce
- Montebello Chamber of Commerce
- Monterey Park Chamber of Commerce
- Pico Rivera Chamber of Commerce
- Rosemead Chamber of Commerce
- Santa Fe Springs Chamber of Commerce
- Whittier Chamber of Commerce

Elected Offices (Office public counters)

- California State Assembly, District 49, Office of Mike Eng
- California State Senate, District 22, Office of Gilbert Cedillo
- California State Senate, District 30, Office of Ron Calderon
- Los Angeles Board of Supervisors, District 1, Office of Supervisor Gloria Molina
- Los Angeles Board of Supervisors, District 4, Office of Supervisor Don Knabe
- U.S. House of Representatives, District 34, Office of Lucille Roybal-Allar
- U.S. House of Representatives, District 38, Office of Grace Napolitano
- U.S. House of Representatives, District 39, Office of Linda Sanchez
- U.S. House of Representatives, District 42, Office of Gary Miller
- U.S. House of Representatives, District 32, Office of Judy Chu
- California State Senate, District 24, Office of Gloria Romero
- California State Senate, District 22, Office of Gilbert Cedillo
- California State Assembly, District 46, Office of John Perez
- California State Assembly, District 57, Office of Dr. Edward Hernandez
- California State Senate, Office of Barbara Boxer
- California State Senate, Office of Dianne Feinstein

Metro Buses and Trains

Take One's were also placed in the following bus routes to the meeting locations:

S. El Monte
South El Monte Senior Center

- Foothill Transit Line 269

Pico Rivera
Pio Pico Women's Center

- Montebello 60
- Metro Local Line 266

Montebello
Senior Center at City Park

- Montebello 20

Whittier
The Salvation Army - Studio 12000

- Montebello 50

School District Meeting Flyer (15,090)

Coordination with school districts and schools along the Washington Boulevard and SR-60 Alignments produced augment notification efforts via black and white meeting flyer distribution, placement of information on school district and school websites, and Connect-Ed announcement at specified locations as listed or where appropriate. The following schools and districts agreed to distribute scoping meeting information:

- East Whittier City School District
  - Evergreen Elementary School (875)
- El Monte Unified High School District
  - South El Monte High School (150)
- El Rancho Unified School District (Pico Rivera)
  - Rivera Middle School (150)
  - Rivera Elementary School (1,050)
  - El Rancho High School (150)
- Los Angeles Unified School District
  - David Wark Griffith Middle School (2,130)
  - Robert Hill Lane Elementary School (428)
  - Morris K. Hamasaki Elementary School (580)
  - Alphonso B. Perez Special Education Center (150)
- Los Nietos School District
  - Aeolian Elementary School (505)
  - Ada S. Nelson Elementary School (512)
- Montebello Unified School District
  - Greenwood Elementary School (1,145)
  - Vail High Continuation School (150)
  - Bella Vista Elementary School District (870)
  - Wilcox Elementary School (750)
  - Schurr High School (150)
  - Montebello Park Elementary School (750)
- Mountain View Elementary School District
  - Monte Vista Elementary School (840)
  - Charles T. Kranz Intermediate School (1,230)
- Whittier City Elementary School District
  - Sorenson Christian Elementary School District (500)
  - Washington Elementary School (275)
- Whittier Union High School District
  - Pioneer High School (150)
- Valle Lindo Elementary School District
  - New Temple Elementary School (550)
- Our Lady of the Miraculous Medal (525)

Public Signage

Street Banners (6)

Large street banners were pursued in prominent locations if acceptable by the following cities and cost effective; to promote the scoping meetings the following banners were placed:

- City of South El Monte (Santa Anita Boulevard/Fawcett Avenue near City Hall)
- City of Montebello (Garfield Avenue, near Montebello Golf Course entrance)
- City of Monterey Park (Atlantic Avenue/1st Street)
- City of Rosemead (Garvey Avenue/River Avenue)
- Other locations
    - Metro's Eastside Phase 1, Atlantic Station
    - County of LA District Office of Supervisor Molina and Knabe

Electronic Boards (2)

Electronic boards are a great tool to communicate important information with local constituents or motorist who drive through a particular city. Scoping meeting details were placed on the electronic boards if available at cities:

- City of Montebello
- Pico Rivera

Print Media

Paid Media (13)

Newspaper advertisements were pursued in the following mainstream and local publications:

Mainstream Print

- **Los Angeles Times (Legal Ad)** - With a circulation of 897,000 (Monday - Friday) and 1,172,000 (Sunday) the paper covers the entire county of Los Angeles.

- **La Opinion (Legal Ad)** – With a circulation of over 125,000 the daily Spanish language paper covers Los Angeles County.

- **Eastern Group Publications (Display Ad)**– With a circulation of 104,000, this weekly publication covers Commerce, Downey, El Monte, Montebello, S. El Monte, Monterey Park and Rosemead. The following papers are published within this group Eastside Sun, Northeast Sun, Mexican American Sun, Bell Gardens Sun, City Terrace Comet, Commerce Comet, Montebello Comet, Monterey Park Comet, ELA Brookyln Belvedere Comet, Wyvernwood Chronicle and Vernon Sun.

- **Chinese LA Daily** – (Legal and Daily Ad) Daily Chinese language publication that covers El Monte, Monterey Park and Rosemead. (Circulation 66,000)

- **Whittier Daily News (Display Ad)** – With a circulation of 150,000 this daily paper covers Whittier, Pico Rivera, Montebello, Santa Fe Springs.

    - Whittier Daily News offers online ad that will run for 30 days prior to the meeting dates for minimal fee (see below)

Community Papers – Display Ads

- **Spotlight on Montebello** – Bi-monthly publication that covers every household and business in Montebello. (Circulation 22,000)
- **Mid-Valley News** – Weekly publication that covers the communities of El Monte, South El Monte, and Rosemead. (Circulation 30,000)
- **Pico Rivera Community Newspaper** – Weekly publication that covers Pico Rivera. (Circulation 30,000)
- **West Valley Journal** – Bi-monthly publication that covers Monterey Park and Rosemead. (Circulation 10,000)

College and University Papers – Display Ads

- **Rio Hondo College, El Paisano** – Publishes 8,000 copies every other Friday.
- **Whittier College, Quaker Campus News** – This University publishes 1,200 papers weekly on Thursday.

Online Advertisements

- **Whittier Daily News** – online from February 8, 2010 to February 22, 2010.
- **Facebook Online** – online from February 15, 2010 to February 27, 2010.
- **West Valley Journal** – online from February 1, 2010 to February 27, 2010.

Earned Media

To maximize the outreach efforts during project scoping, AA coordinated with Metro's, Steve Hymon to determine the best strategy that will yield the best media coverage including the following tasks:

- Press briefing and Metro Gold Line Eastside Phase 1 Tours
- Press Release strategy and schedule
- Placing project articles on "The Source"
- Placing articles in city newsletters
- Placing articles in chamber newsletters

Electronic Media

Social Media

Social Media involves the internet tools that connect to interested individuals, these include:

Websites

The Metro project website provided an instant project overview and included scoping meeting information, project video, fact sheets and Facebook link. All meeting materials included the project website link to maximize virtual traffic.

Scoping meeting information and the Metro website link were pursued on all project area chamber of commerce websites.

Facebook

Meeting notice and project information was placed on Facebook and alerted all fans of upcoming meetings. To engage fans Facebook will highlight the following topics in the coming months:

- December 2009 – Feature "Opening of Eastside Phase 1, All Aboard"
- Early February 2010 – Feature "Eastside Phase 2" Issue meeting notice, fact sheets and highlight project milestones
- February 2010 - Continuation of "Eastside Phase 2" Issue FB advertisement and meeting reminders

E-Blasts

E-blast notification and meeting reminders for the scoping meetings were e-mailed to the following database:

- Interested parties in the project database (over 850 records)

The following entities forward scoping meeting to their own e-distribution lists:

- City electronic distribution list:
  - City of Rosemead
  - City of Pico Rivera
  - City of South El Monte
- Chamber of Commerce electronic distribution list:
  - Commerce Industrial Council
  - Pico Rivera Chamber of Commerce
- Council of Governments electronic distribution lists:
  - Gateway Cities Council of Governments
  - San Gabriel Valley Council of Governments

Briefings

Stakeholder Briefings

Stakeholder briefings were organized during the scoping period, from February through April 2010. The list of stakeholders briefings will be drafted and prioritized based on the following:

- Important stakeholder identified and briefed during the AA phase
- Recognizance tour of alignments to identify important stakeholders
- Request from the project area community

Other Outreach Efforts

Project Helpline

The project helpline provided information on the Eastside Phase 2 project and included a list of the scoping meeting locations and time details. Most importantly, it provided stakeholders the opportunity to ask questions or leave comments with a return phone call the next business day.

Cable Channels

Cable slates announcing the scoping meeting date and location details were pursued and provided for all project area cities local access channels.

APPENDIX C

NOTICE OF INTENT

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

Intent To Prepare an Environmental Impact Statement for Proposed Transit Improvements in the Eastside Transit Corridor Phase 2, Eastern Portion of Los Angeles County, CA

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of Intent to prepare an Environmental Impact Statement.

SUMMARY: The Federal Transit Administration (FTA) and the Los Angeles County Metropolitan Transportation Authority (LACMTA) intend to prepare an Environmental Impact Statement (EIS) for the Eastside Transit Corridor Phase 2 Project in Los Angeles County, California. LACMTA operates the Metro transit system in Los Angeles County. The proposed project would provide a continuation of the Metro Gold Line Eastside Extension, a light rail transit line (LRT), from Union Station in downtown Los Angeles to East Los Angeles. This connection between Downtown Los Angeles and the growing Eastside is consistent with regional transportation and land use plans. Phase 2 would expand upon the Gold Line Eastside Extension investment and bring improved, high-capacity transit service as far east as Whittier or South El Monte, connecting the cities of Commerce, Monterey Park, Montebello, Rosemead, South El Monte, Pico Rivera, Santa Fe Springs and Whittier, and unincorporated portions of Los Angeles County which include east Los Angeles and west Whittier-Los Nietos.

The EIS will be prepared in accordance with the requirements of the National Environmental Policy Act (NEPA) and its implementing regulations. LACMTA will also use the EIS document to comply with the California Environmental Quality Act (CEQA), which requires an Environmental Impact Report (EIR). The purpose of this notice is to alert interested parties regarding the intent to prepare the EIS, to provide information on the nature of the proposed project and possible alternatives, to invite public participation in the EIS process (including providing comments on the scope of the Draft Environmental Impact Statement (DEIS)), to announce that public scoping meetings will be conducted, and to identify participating and cooperating agency contacts.

DATES: Written comments on the scope of the EIS, including the project's purpose and need, the alternatives to be considered, the impacts to be evaluated, and the methodologies to be used in the evaluations should be sent to LACMTA on or before April 14, 2010, at the address below. *See* **ADDRESSES** below for the address to which written public comments may be sent. Public scoping meetings to accept comments on the scope of the EIS/EIR will be held on the following dates:

- Monday, February 22, 2010; 6 to 8 p.m. at the Pico Women's Center, 9214 Mines Avenue, Pico Rivera, CA.
- Wednesday, February 24, 2010; 6 to 8 p.m. at the South El Monte Senior Center/Dining Room, 1556 Central Avenue, South El Monte, CA.
- Thursday, February 25, 2010; 6 to 8 p.m. at the Senior Center at City Park—South Wing, 115 South Taylor Avenue, Montebello, CA.
- Saturday, February 27, 2010; 10 a.m. to 12 p.m. at the Salvation Army Santa Fe Springs—Studio 12000, 12000 East Washington Boulevard, Whittier, CA.

The project's purpose and need and the description of alternatives for the proposed project will be presented at these meetings. The buildings used for the scoping meetings are accessible to persons with disabilities. Any individual who requires special assistance, such as a sign language interpreter, to participate in the scoping meeting should contact Ms. Kimberly Yu, Transportation Planning Manager, LACMTA, at (213) 922–7910, or *yuki@metro.net.*

Scoping materials will be available at the meetings and on the LACMTA Web site (*http://www.metro.net/eastsidephase2*). Paper copies of the scoping materials may also be obtained from Ms. Ann Kerman, Outreach Project Manager, LACMTA, at (213) 922–7671, or *kermana@metro.net.* An interagency scoping meeting will be held on Thursday, February 18, 2010, at 10 a.m. at LACMTA, in the Windsor Conference Room, 15th Floor, One Gateway Plaza, Los Angeles, CA 90012. Representatives of Native American Tribal governments and of all Federal, State, regional and local agencies that may have an interest in any aspect of the project will be invited to be participating or cooperating agencies, as appropriate.

ADDRESSES: Comments will be accepted at the public scoping meetings or they may be sent to Ms. Kimberly Yu, Project Manager, Los Angeles County Metropolitan Transportation Authority, One Gateway Plaza, Mail Stop 99–22–2, Los Angeles, CA 90012, or via e-mail at *yuki@metro.net.* The locations of the public scoping meetings are given above under **DATES.**

FOR FURTHER INFORMATION CONTACT: Mr. Ray Tellis, Team Leader, Los Angeles Metropolitan Office, Federal Transit Administration, 888 South Figueroa Street, Suite 1850, Los Angeles, CA 90017, phone (213) 202–3950, e-mail *ray.tellis@dot.gov.*

SUPPLEMENTARY INFORMATION:

Scoping

Scoping is the process of determining the scope, focus and content of an EIS. FTA and LACMTA invite all interested individuals and organizations, public agencies, and Native American Tribes to comment on the scope of the Draft EIS, including the project's purpose and need, the alternatives to be studied, the impacts to be evaluated, and the evaluation methods to be used. Comments should focus on: Alternatives that may be less costly or have less environmental or community impacts while achieving similar transportation objectives, and the identification of any significant social, economic, or environmental issues relating to the alternatives.

NEPA "scoping" has specific and fairly limited objectives, one of which is to identify the significant issues associated with alternatives that will be examined in detail in the document, while simultaneously limiting consideration and development of issues that are not truly significant. It is in the NEPA scoping process that potentially significant environmental impacts—those that give rise to the need to prepare an environmental impact statement—should be identified; impacts that are deemed not to be significant need not be developed extensively in the context of the impact statement, thereby keeping the statement focused on impacts of consequence. Transit projects may also generate environmental benefits; these should be highlighted as well—the impact statement process should draw attention to positive impacts, not just negative impacts.

Once the scope of the environmental study, including significant environmental issues to be addressed, is settled, an annotated outline of the document will be prepared and shared with interested agencies and the public. The outline serves at least three worthy purposes, including (1) Documenting the results of the scoping process; (2) contributing to the transparency of the process; and (3) providing a clear roadmap for concise development of the environmental document.

In the interest of producing a readable and user-friendly public document, and pursuant to 40 CFR 1502.10, the EIS

shall be limited to 250 pages exclusive of any 4(f) and/or 6(f) evaluation. The EIS should emphasize graphics and virtual visual simulations over technical jargon, and technical appendices shall be included in a separate volume.

Project Initiation

The FTA and LACMTA will prepare an Environmental Impact Statement/ Environmental Impact Report (EIS/EIR) for the Eastside Transit Corridor Phase 2 Project pursuant to 23 U.S.C. 139 and the California Environmental Quality Act (CEQA). LACMTA is serving as the local lead agency for purposes of CEQA environmental clearance, and FTA is serving as the Federal lead agency for purposes of National Environmental Policy Act (NEPA) environmental clearance. This notice shall alert interested parties to the preparation of the EIS/EIR, describe the alternatives under consideration, invite public participation in the EIS/EIR process, and announce the public scoping meetings. FTA and LACMTA will invite interested Federal, State, Tribal, regional and local government agencies to be participating agencies under the provisions of Section 6002 of SAFETEA–LU.

Purpose and Need for the Project

The purpose of this project is to improve public transit service and mobility in the Eastside Transit Corridor Phase 2. The project would provide the study area with improved fixed-guideway east-west transit service from the Metro Gold Line Eastside Extension (Phase 1) to cities farther east of the city of Los Angeles. Possible eastern extensions from the Metro Gold Line Phase 1 terminus at Atlantic Boulevard would generally continue east parallel to or along State Route 60 or south along Garfield Avenue, turning southeast along Washington Boulevard. The overall goal of the proposed project is to improve mobility in the Eastside Transit Corridor Phase 2 by extending the benefits of the existing Metro Gold Line and bus investments beyond the current terminus. Mobility problems and potential improvements for this corridor have been well documented in many studies that are available from Metro's Records Management Department, including numerous Metro Red Line planning studies, *Eastside Transit Corridor Studies: Re-Evaluation Major Investment Study* (2000), the *Eastside Transit Corridor Phase 2 Final Alternatives Analysis Report* (2009), the *Eastside Transit Corridor Phase 2 Alternatives Analysis Addendum* (2009), Southern California Association of Governments (SCAG) planning studies, the Metro Rapid Demonstration Project (2000), and in the Southern California Association of Governments' Regional Transportation Plan (2004).

The Eastside Transit Corridor Phase 2 is identified in the LACMTA's Long Range Plan and has been selected as one of the many transit and highway projects to receive local Measure R funding. Additional considerations supporting the project's need include: (1) The concentration of activity centers and destinations dispersed throughout the project area, such as Montebello Town Center, Monterey Park Mall, Pico Rivera Town Center, Industry Office Park, Santa Fe Springs Promenade, Uptown Whittier District, and Whittier Narrows Recreation Center, which have a high volume of pedestrian activity and attract residents from within and outside of the study area; (2) over the next 20 years, population is expected to grow by nearly 24%, for a total of 830,000, and employment is also expected to increase 15%, for a total of 384,000 jobs; (3) increasing traffic congestion on the highway and arterial network throughout the project area; (4) transit-supportive General Plans in the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Whittier, and county of Los Angeles; (5) significant transit dependent population in western and eastern portions of the project area; and (6) emerging travel demand patterns associated with a job-rich study area that has led to significant westbound congestion during the morning rush hours and corresponding eastbound congestion during the evening rush hours.

Project Location and Environmental Setting

The Eastside Transit Corridor Phase 2 Project is located in eastern Los Angeles County and is generally bounded by Pomona Boulevard and State Route 60 (SR–60) Freeway to the north, Peck Road and Painter Avenue to the east, Olympic and Washington Boulevards to the south, and Atlantic Boulevard to the west. The project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier and portions of unincorporated Los Angeles County which includes east Los Angeles and west Whittier-Los Nietos. A diverse mix of land uses are located within the project area, including single- and multi-family residences, commercial and retail uses, industrial development, parks and recreational uses including the Whittier Narrows Recreation Center, health and medical uses, educational institutions, flood control facilities, and vacant land.

The proposed Eastside Transit Corridor Phase 2 project would connect to the eastern terminus of the Metro Gold Line Eastside Extension. In conjunction with the Metro Gold Line Eastside Extension, the project would provide through transit service between downtown Los Angeles and eastern Los Angeles County.

The two alternatives, Light Rail Transit (LRT) system, would begin at the Metro Gold Line Eastside Extension terminus at Atlantic Boulevard and Pomona Boulevard and continue either east along SR–60 Freeway or southeast along Garfield Avenue and Washington Boulevard. Stations plus associated parking, traction power substations (TPSS), and a maintenance yard would be part of each LRT alternative.

Alternatives

The Eastside Transit Corridor Phase 2 Alternatives Analysis Report (2009) and further refinement documented in the Alternatives Analysis Report Addendum, prepared for LACMTA, identified four alternatives for further consideration in the EIS/EIR. The four alternatives include: A No-Build Alternative, Transportation System Management (TSM) Alternative, SR–60 LRT Alternative, and Washington Boulevard LRT Alternative.

No-Build Alternative: The No-Build Alternative would maintain existing transit service through the year 2035. No new transportation infrastructure would be built within the project area aside from projects currently under construction, or funded for construction and operation by 2035 by the recently approved Measure R sales tax. This alternative will include the highway and transit projects in the current Metro Long Range Transportation Plan and the 2035 Southern California Association of Governments Regional Transportation Plan. The completion of the Metro Rapid Bus Program would be included as well as possible additional feeder bus networks to serve the region's major activity centers.

Transportation System Management (TSM) Alternative: The DEIS/DEIR will evaluate transportation and environmental effects of modest improvements in the highway and transit systems beyond those in the No-Build Alternative. The TSM Alternative would include low-cost improvements to the No-Build Alternative to reduce delay and enhance mobility. The TSM Alternative would emphasize transportation system upgrades, such as intersection improvements, minor road widening, traffic engineering actions,

bus route restructuring, shortened bus headways, expanded use of articulated buses, reserved bus lanes, expanded park-and-ride facilities, express and limited-stop service, signalization improvements, and timed-transfer operations. Key elements of the TSM Alternative include: Providing new Pomona Freeway Express service connecting to the Metro Gold Line Eastside Extension terminus; providing new Beverly Boulevard Rapid bus service; adding service to M10 Whittier Boulevard and M50 Washington Boulevard bus routes; upgrading M30 Garfield Avenue and M20 Montebello Boulevard bus lines; adding service to Metro 265 and 266 local buses; adding service to Foothill Transit 274; and providing new 577 Express service operating along Metro Route 270.

SR–60 LRT Alternative: This build alternative alignment extends approximately 6.9 miles east with a street level, at-grade system from the current Metro Gold Line Eastside Extension terminus at Atlantic Boulevard and Pomona Boulevard and transitions to an aerial configuration along the south edge of the SR–60 Freeway, within the right-of-way, to Peck Road. A total of four aerial stations are proposed under this alternative with locations at SR–60 and Garfield Avenue, SR–60 and Montebello Town Center, SR–60 and Santa Anita Avenue, and SR–60 and Peck Road.

Washington Boulevard LRT Alternative: This build alternative alignment extends east with a street level, at-grade system from the current Metro Gold Line Eastside Extension terminus at Atlantic Boulevard and Pomona Boulevard and transitions to an aerial configuration along the south edge of the SR–60 Freeway. The aerial alignment turns and continues south on Garfield Avenue, and then continues southeast along Washington Boulevard to a terminus east of Lambert Road. This alternative is approximately 9.3 miles in length, with a total of six aerial stations located at SR–60 and Garfield Avenue, Garfield Avenue and Whittier Boulevard, Washington Boulevard and Greenwood Avenue, Washington and Rosemead Boulevards, Washington and Norwalk Boulevards, and Washington Boulevard and Lambert Road.

Probable Effects

The purpose of this EIS/EIR process is to study, in a public setting, the effects of the proposed project and its alternatives on the physical, human, and natural environment. The FTA and LACMTA will evaluate all significant environmental, social, and economic impacts of the construction and operation of the proposed project. The probable impacts will be determined as a part of project scoping. Unless further screening illuminates areas of possible impact, resource areas will be limited to those uncovered during scoping. Measures to avoid, minimize, and mitigate adverse impacts will also be identified and evaluated.

FTA Procedures

The regulations implementing NEPA, as well as provisions of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU), call for public involvement in the EIS process. Section 6002 of SAFETEA–LU requires that FTA and LACMTA do the following: (1) Extend an invitation to other Federal and non-Federal agencies and Native American Tribes that may have an interest in the proposed project to become "participating agencies;" (2) provide an opportunity for involvement by participating agencies and the public to help define the purpose and need for a proposed project, as well as the range of alternatives for consideration in the EIS; and (3) establish a plan for coordinating public and agency participation in, and comment on, the environmental review process. An invitation to become a participating or cooperating agency, with scoping materials appended, will be extended to other Federal and non-Federal agencies and Native American Tribes that may have an interest in the proposed project. It is possible that FTA and LACMTA will not be able to identify all Federal and non-Federal agencies and Native American Tribes that may have such an interest. Any Federal or non-Federal agency or Native American Tribe interested in the proposed project that does not receive an invitation to become a participating agency should notify at the earliest opportunity the Project Manager identified above under **ADDRESSES.**

A comprehensive public involvement program and a Coordination Plan for public and interagency involvement will be developed for the project and posted on LACMTA's Web site (Eastside Transit Corridor Phase 2 Project Web page: *http://www.metro.net/eastsidephase2*). The public involvement program includes a full range of activities including the project Web page on the LACMTA Web site, development and distribution of project newsletters, and outreach to local officials, community and civic groups, and the public. Specific activities or events for involvement will be detailed in the public involvement program.

LACMTA may seek New Starts funding for the proposed project under 49 United States Code 5309 and will, therefore, be subject to New Starts regulations (49 Code of Federal Regulations (CFR) Part 611). The New Starts regulations also require the submission of certain project-justification information to support a request to initiate preliminary engineering. This information is normally developed in conjunction with the NEPA process. Pertinent New Starts evaluation criteria will be included in the EIS.

The EIS will be prepared in accordance with NEPA and its implementing regulations issued by the Council on Environmental Quality (40 CFR Parts 1500–1508) and with the FTA/Federal Highway Administration regulations "Environmental Impact and Related Procedures" (23 CFR Part 771). In accordance with 23 CFR Part 771.105(a) and 23 CFR Part 774, FTA will comply with all Federal environmental laws, regulations, and executive orders applicable to the proposed project during the environmental review process to the maximum extent practicable. These requirements include, but are not limited to, the environmental and public hearing provisions of Federal transit laws (49 U.S.C. 5301(e), 5323(b), and 5324); the project-level air quality conformity regulation of the U.S. Environmental Protection Agency (EPA) (40 CFR Part 93); the Section 404(b)(1) guidelines of EPA (40 CFR Part 230); the regulation implementing Section 106 of the National Historic Preservation Act (36 CFR Part 800); the regulation implementing Section 7 of the Endangered Species Act (50 CFR Part 402); Section 4(f) of the Department of Transportation Act (23 CFR Part 774); and Executive Orders 12898 on environmental justice, 11988 on floodplain management, and 11990 on wetlands.

Issued on: January 20, 2010.

Leslie T. Rogers,

Regional Administrator, Region IX, Federal Transit Administration.

APPENDIX D

NOTICE OF PREPARATION

LOS ANGELES COUNTY
METROPOLITAN TRANSPORTATION AUTHORITY (LACMTA)

NOTICE OF PREPARATION OF AN ENVIRONMENTAL IMPACT STATEMENT (EIS)/ENVIRONMENTAL IMPACT REPORT (EIR)

TO: AGENCIES, ORGANIZATIONS & INTERESTED PARTIES.

SUBJECT: NOTICE OF PREPARATION (NOP) OF AN EIS/EIR

PROJECT TITLE: EASTSIDE TRANSIT CORRIDOR PHASE 2 PROJECT

PROJECT LOCATION AND ENVIRONMENTAL SETTING: The Eastside Transit Corridor Phase 2 Project is located in eastern Los Angeles County and is generally bounded by Pomona Boulevard and State Route 60 (SR-60) Freeway to the north, Peck Road and Painter Avenue to the east, Olympic and Washington Boulevards to the south, and Atlantic Boulevard to the west. The project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier, and portions of unincorporated Los Angeles County which include east Los Angeles and west Whittier-Los Nietos. A diverse mix of land uses are located within the project area, including single- and multi-family residences, commercial and retail uses, industrial development, parks and recreational uses including the Whittier Narrows Recreation Center, health and medical uses, educational institutions, flood control facilities, and vacant lands.

The proposed Eastside Transit Corridor Phase 2 Project would connect to the eastern terminus of the Metro Gold Line Eastside Extension. In conjunction with the Metro Gold Line

Eastside Extension, the project would provide transit service between downtown Los Angeles and eastern Los Angeles County, to as far east as Whittier or South El Monte.

Of the four alternatives identified for further consideration in the Environmental Impact Statement/Environmental Impact Report (EIS/EIR), the two build alternatives propose a Light Rail Transit (LRT) system that would begin at the Metro Gold Line Eastside Extension terminus at Atlantic Boulevard and Pomona Boulevard and continue either east along the SR-60 Freeway or southeast along Garfield Avenue and Washington Boulevard. Stations plus associated parking, traction power substations (TPSS), ancillary facilities, and a maintenance yard would be part of each LRT alternative.

PROJECT INTITIATION: The Los Angeles County Metropolitan Transportation Authority (LACMTA) and the Federal Transit Administration (FTA) will prepare an EIS/EIR for the Eastside Transit Corridor Phase 2 Project pursuant to the National Environmental Policy Act (NEPA) (23 U.S.C. 139) and the California Environmental Quality Act (CEQA). LACMTA is serving as the local lead agency for purposes of CEQA environmental clearance, and FTA is serving as the federal lead agency for purposes of NEPA environmental clearance. This notice shall alert interested parties to the preparation of the EIS/EIR, describe the alternatives under consideration, invite public participation in the EIS/EIR process, and announce the public scoping meetings. FTA and LACMTA will invite interested Federal, State, tribal, regional and local government agencies to be participating agencies under the provisions of Section 6002 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU).

PURPOSE AND NEED FOR THE PROJECT: The purpose of this project is to improve public transit service and mobility in the Eastside Transit Corridor Phase 2 project area. The project would provide the study area with improved fixed-guideway east-west transit service from the Metro Gold Line Eastside Extension (Phase 1) to cities farther east of the City of Los Angeles. Possible eastern extensions from the Metro Gold Line Phase 1 terminus at Atlantic Boulevard would include an alignment that generally continues east along State Route 60 or an alignment that continues south along Garfield Avenue, turning southeast along Washington Boulevard. The overall goal of the proposed project is to improve mobility in the Eastside Transit Corridor Phase 2 by extending the benefits of the existing Metro Gold Line and bus investments beyond the current terminus. Mobility problems and potential improvements for this corridor have been well documented in many studies that are available from LACMTA's Records Management Department, including numerous Metro Red Line planning studies, *Eastside Transit Corridor Studies: Re-Evaluation Major Investment Study* (2000), the *Eastside Transit Corridor Phase 2 Final Alternatives Analysis Report* (2009), the *Eastside Transit Corridor Phase 2 Alternatives Analysis Addendum* (2009), Southern California Association of Governments (SCAG) planning studies, the Metro Rapid Demonstration Project (2000), and in the Southern California Association of Governments' Regional Transportation Plan (2008).

The Eastside Transit Corridor Phase 2 is identified in the LACMTA's Long Range Plan and has been selected as one of the many transit and highway projects to receive local Measure R funding. Additional considerations supporting the project's need include: 1) the concentration of activity centers and destinations dispersed throughout the project area, such as Montebello Town Center, Monterey Park Mall, Pico Rivera Town Center, Santa Fe Springs Promenade, Uptown Whittier District, and Whittier Narrows Recreation Center, which have a high volume of

pedestrian activity and attract residents from within and outside of the project area; 2) over the next 20 years, the project area population is expected to grow by nearly 24%, for a total of 830,000, and employment is also expected to increase 15%, for a total of 384,000 jobs; 3) increasing traffic congestion on the highway and arterial network throughout the project area; 4) transit-supportive General Plans in the Cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Whittier, and County of Los Angeles; 5) significant transit dependent population in western and eastern portions of the project area; and 6) emerging travel demand patterns associated with a job-rich project area that has led to significant westbound congestion during the morning rush hours and corresponding eastbound congestion during the evening rush hours.

ALTERNATIVES: The Eastside Transit Corridor Phase 2 Alternatives Analysis Report (2009) and further refinement documented in the Alternatives Analysis Report Addendum (2009), prepared for LACMTA, identified four alternatives for further consideration in the EIS/EIR. The four alternatives include: the No-Build Alternative, Transportation System Management (TSM) Alternative, SR-60 LRT Alternative, and Washington Boulevard LRT Alternative. Figures 1 and 2 depict the SR-60 LRT and Washington Boulevard LRT build alternatives proposed for analysis in the environmental document.

No-Build Alternative: The No-Build Alternative would maintain existing transit service through the year 2035. No new transportation infrastructure would be built within the project area aside from projects currently under construction, or funded for construction and operation by 2035 by the recently approved Measure R sales tax. This alternative will include the highway and transit projects in the current Metro Long Range Transportation Plan and the 2035 Southern

California Association of Governments Regional Transportation Plan. The completion of the Metro Rapid Bus Program would be included as well as possible additional feeder bus networks to serve the region's major activity centers.

Transportation System Management (TSM) Alternative: The DEIS/DEIR will evaluate transportation and environmental effects of modest improvements in the highway and transit systems beyond those in the No-Build Alternative. The TSM Alternative would include low-cost improvements to the No-Build Alternative to reduce delay and enhance mobility. The TSM Alternative would emphasize transportation system upgrades, such as intersection improvements, minor road widening, traffic engineering actions, bus route restructuring, shortened bus headways, expanded use of articulated buses, reserved bus lanes, expanded park-and-ride facilities, express and limited-stop service, signalization improvements, and timed-transfer operations. Key elements of the TSM Alternative include: providing new Pomona Freeway Express service connecting to the Metro Gold Line Eastside Extension terminus; providing new Beverly Boulevard Rapid bus service; adding service to M10 Whittier Boulevard and M50 Washington Boulevard bus routes; upgrading M30 Garfield Avenue and M20 Montebello Boulevard bus lines; adding service to Metro 265 and 266 local buses; adding service to Foothill Transit 274; and providing new Metro 577 Express service operating along Metro Route 270.

SR-60 LRT Alternative: This build alternative alignment (Figure 1) extends approximately 6.9 miles east with a street level, at-grade system from the current Metro Gold Line Eastside Extension (Phase 1) terminus at Atlantic Boulevard and Pomona Boulevard and transitions to an aerial configuration along the south edge of the SR-60 Freeway, within the

Caltrans and U.S. Army Corps of Engineers right-of-way, to Peck Road in South El Monte. A total of four aerial stations are proposed under this alternative with locations at SR-60 and Garfield Avenue, SR-60 and Montebello Town Center, SR-60 and Santa Anita Avenue, and SR-60 and Peck Road.

Washington Boulevard LRT Alternative: This build alternative alignment (Figure 2) extends east with a street level, at-grade system from the current Metro Gold Line Eastside Extension (Phase 1) terminus at Atlantic Boulevard and Pomona Boulevard and transitions to an aerial configuration along the south edge of the SR-60 Freeway. The aerial alignment turns and continues south on Garfield Avenue, and then continues southeast along Washington Boulevard to a terminus east of Lambert Road in the City of Whittier. This alternative is approximately 9.3 miles in length, with a total of six aerial stations located at SR-60 and Garfield Avenue, Garfield Avenue and Whittier Boulevard, Washington Boulevard and Greenwood Avenue, Washington and Rosemead Boulevards, Washington and Norwalk Boulevards, and Washington Boulevard and Lambert Road.

PROBABLE ENVIRONMENTAL EFFECTS: The purpose of this EIS/EIR process is to study, in a public setting, the effects of the proposed project and its alternatives on the physical, human, and natural environment. The FTA and LACMTA will evaluate all significant environmental, social, and economic impacts of the construction and operation of the proposed project. The probable impacts will be determined as a part of project scoping. Unless further screening illuminates areas of possible impact, resource areas will be limited to those uncovered during scoping. Measures to avoid, minimize, and mitigate adverse impacts will be identified and evaluated.

SCOPING MEETINGS: Public scoping meetings to accept comments on the scope of the EIS/EIR will be held on the following dates:

- Monday, February 22, 2010; 6:00 to 8:00 PM at the Pio Pico Women's Center, 9214 Mines Avenue, Pico Rivera, CA.
- Wednesday, February 24, 2010; 6:00 to 8:00 PM at the South El Monte Senior Center/Dining Room, 1556 Central Avenue, South El Monte, CA.
- Thursday, February 25, 2010; 6:00 to 8:00 PM at the Senior Center at City Park – South Wing, 115 South Taylor Avenue, Montebello, CA.
- Saturday, February 27, 2010; 10:00 AM to 12:00 PM at the Salvation Army Santa Fe Springs – Studio 12000, 12000 East Washington Boulevard, Whittier, CA.

The project's purpose and need and the description of alternatives for the proposed project will be presented at these meetings. The buildings used for the scoping meetings are accessible to persons with disabilities. Any individual who requires special assistance, such as a translator or sign language interpreter, to participate in the scoping meeting should contact Ms. Kimberly Yu, Transportation Planning Manager, LACMTA, at (213) 922-7910, or yuki@metro.net.

Scoping materials will be available at the meetings and on the LACMTA website (www.metro.net/eastsidephase2). Paper copies of the scoping materials may also be obtained from Ms. Ann Kerman, Outreach Project Manager, LACMTA, at (213) 922-7671, or kermana@metro.net. An interagency scoping meeting will be held on Thursday, February 18, 2010, at 10:00AM at LACMTA, in the Windsor Conference Room, 15th Floor, One Gateway Plaza, Los Angeles, CA 90012. Representatives of Native American tribal governments and of

all Federal, State, regional and local agencies that may have an interest in any aspect of the project will be invited to be participating or cooperating agencies, as appropriate.

COMMENT DUE DATE: Written comments on the scope of the EIS/EIR, including the purpose and need, the alternatives to be considered, the impacts to be evaluated, and the methodologies to be used in the evaluation, will be accepted during the comment period and should be sent to LACMTA on or before Wednesday, April 14, 2010 at the address below.

ADDRESSES: Comments will be accepted at the public scoping meetings or they may be sent to Ms. Kimberly Yu, Project Manager, Los Angeles County Metropolitan Transportation Authority, One Gateway Plaza, Mail Stop 99-22-2, Los Angeles, CA 90012, or via e-mail at yuki@metro.net. The locations of the scoping meetings are provided above, under **SCOPING MEETINGS**.

FOR FURTHER INFORMATION CONTACT: Mr. Ray Tellis, Team Leader, Los Angeles Metropolitan Office, Federal Transit Administration, 888 South Figueroa Street, Suite 1850, Los Angeles, CA 90017, phone (213) 202-3950, e-mail ray.tellis@dot.gov.

LOS ANGELES COUNTY METROPOLITAN TRANSPORTATION AUTHORITY (LACMTA)

NOTICE OF INTENT TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT/ENVIRONMENTAL IMPACT REPORT

TO: AGENCIES, ORGANIZATIONS, & INTERESTED PARTIES
SUBJECT: NOTICE OF INTENT/NOTICE OF PREPARATION OF AN EIS/EIR
PROJECT TITLE: EASTSIDE TRANSIT CORRIDOR PHASE 2

THE PROPOSED PROJECT: The proposed project would provide a continuation of the Metro Gold Line Eastside Extension, a light rail transit line (LRT), from Union Station in downtown Los Angeles to East Los Angeles. This connection between Downtown Los Angeles and the growing Eastside is consistent with regional transportation and land use plans. Phase 2 would expand upon the Gold Line Eastside Extension investment and bring improved, high-capacity transit service as far east as Whittier or South El Monte, connecting the cities of Commerce, Monterey Park, Montebello, Rosemead, South El Monte, Pico Rivera, Santa Fe Springs and Whittier, and unincorporated portions of Los Angeles County which includes east Los Angeles and west Whittier-Los Nietos.

SUMMARY: The Federal Transit Administration (FTA) and the Los Angeles County Metropolitan Transportation Authority (LACMTA) intend to prepare an environmental impact statement (EIS) for the Eastside Transit Corridor Phase 2 Project in Los Angeles County, California. LACMTA operates the Metro transit system in Los Angeles County.

The EIS will be prepared in accordance with the requirements of the National Environmental Policy Act (NEPA) and its implementing regulations, as well as provisions of the recently enacted Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users. LACMTA will also use the EIS document to comply with the California Environmental Quality Act (CEQA), which requires an Environmental Impact Report (EIR). The purpose of this notice is to alert interested parties regarding the intent to prepare the EIS, to provide information on the nature of the proposed project and possible alternatives, to invite public participation in the EIS process (including providing comments on the scope of the Draft Environmental Impact Statement (DEIS), to announce that public scoping meetings will be conducted, and to identify participating and cooperating agency contacts.

PURPOSE AND NEED FOR THE PROJECT: The purpose of this project is to improve public transit service and mobility in the Eastside Transit Corridor Phase 2. The project would provide the study area with improved fixed-guideway east-west transit service from the Metro Gold Line Eastside Extension (Phase 1) to areas farther east of the City of Los Angeles. Possible eastern extensions from the Metro Gold Line Phase 1 terminus at Atlantic Boulevard would generally continue east parallel to or along State Route 60 or south along Garfield Avenue, turning southeast along Washington Boulevard. The overall goal of the proposed project is to improve mobility in the Eastside Transit Corridor Phase 2 by extending the benefits of the existing Metro Gold Line and bus investments beyond the current terminus. Mobility problems and potential improvements for this corridor have been well documented in many studies that are available from Metro's Records Management Department, including numerous Metro Red Line planning studies, Eastside Transit Corridor Studies: Re-Evaluation Major Investment Study (2000), the Eastside Transit Corridor Phase 2 Final Alternatives Analysis Report (2009), the Eastside Transit Corridor Phase 2 Alternatives Analysis Addendum (2009), Southern California Association of Governments (SCAG) planning studies, the Metro Rapid Demonstration Project (2000), and in the Southern California Association of Governments Regional Transportation Plan (2004).

The Eastside Transit Corridor Phase 2 is identified in the LACMTA's Long Range Plan and has been selected as one of the many transit and highway projects to receive local Measure R funding. Additional considerations supporting the project's need include: 1) the concentration of activity centers and destinations dispersed throughout the project area, such as Montebello Town Center, Monterey Park Mall, Pico Rivera Town Center, Industry Office Park, Santa Fe Springs Promenade, Uptown Whittier District, and Whittier Narrows Recreation Center, which have a high volume of pedestrian activity and attract residents from within and outside of the study area; 2) over the next 20 years, population is expected to grow by nearly 24%, for a total of 830,000, and employment is also expected to increase 15%, for a total of 344,000 jobs; 3) increasing traffic congestion on the highway and arterial network throughout the project area; 4) transit-supportive General Plans in the Cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Whittier, and County of Los Angeles; 5) significant transit dependent population in western and eastern portions of the project area; and 6) emerging travel demand patterns associated with a job-rich study area that has led to significant westbound congestion during the morning rush hours and corresponding eastbound congestion during the evening rush hours.

ALTERNATIVES: The Eastside Transit Corridor Phase 2 Final Alternatives Analysis Report (2009) prepared by LACMTA identified two build alternatives for further consideration in the EIS/EIR. In addition to the two build alternatives, a No-build and Transportation Systems Management (TSM) alternative will also be analyzed.

No-Build Alternative: The No-Build Alternative would maintain existing transit service through the year 2035. No new transportation infrastructure would be built within the project area aside from projects currently under construction, or funded for construction and operation by 2035 by recently approved Measure R sales tax.

TSM Alternative: The environmental analysis will evaluate transportation and environmental effects of modest improvements in the highway and transit systems beyond those in the No-Build Alternative. The TSM Alternative would include low-cost improvements to the No-Build Alternative to reduce delay and enhance mobility. The TSM Alternative would emphasize transportation system upgrades, such as intersection improvements, minor road widening, traffic engineering actions, bus route restructuring, shortened bus headways, expanded use of articulated buses, reserved bus lanes, expanded park-and-ride facilities, express and limited-stop service, signalization improvements, and timed-transfer operations. Key elements of the TSM Alternative include: providing new Pomona Freeway Express service connecting to the Metro Gold Line Eastside Extension terminus; providing new Beverly Boulevard Rapid bus service; adding service to M18 Whittier Boulevard and M50 Washington Boulevard bus routes; upgrading M30 Garfield Avenue and M20 Montebello Boulevard bus lines; adding service to Metro 265 and 266 local buses; adding service to Foothill Transit 274; and providing new 577 Express service operating along Metro Route 270.

The two build alternatives include: the SR-60 alignment and the Washington Boulevard alignment which will use light rail technology.

SR-60 Light Rail Transit (LRT) Alternative: This build alternative alignment extends approximately 6.9 miles east with a street level, at-grade system from the current Metro Gold Line Eastside Extension terminus at Atlantic Boulevard and Pomona Boulevard and transitions to an aerial configuration along the south edge of the SR-60 Freeway, within the right-of-way, to Peck Road. A total of four aerial stations are proposed under this alternative with locations at SR-60 and Garfield Avenue, SR-60 and Montebello Town Center, SR-60 and Santa Anita Avenue, and SR-60 and Peck Road.

Washington Boulevard LRT Alternative: This build alternative alignment extends east with a street level, at-grade system from the current Metro Gold Line Eastside Extension terminus at Atlantic Boulevard and Pomona Boulevard and transitions to an aerial configuration along the south edge of the SR-60 Freeway. The aerial alignment turns and continues south on Garfield Avenue, and then continues southeast along Washington Boulevard to a terminus east of Lambert Road. This alternative is approximately 9.3 miles in length, with a total of six aerial stations located at SR-60 and Garfield Avenue, Garfield Avenue and Whittier Boulevard, Washington Boulevard and Greenwood Avenue, Washington and Rosemead Boulevards, Washington and Norwalk Boulevards, and Washington Boulevard and Lambert Road.

The EIS PROCESS AND THE ROLE OF PARTICIPATING AGENCIES AND THE PUBLIC: The purpose of this EIS/EIR process is to study, in a public setting, the effects of the proposed project and its alternatives on the physical, human, and natural environment. The FTA and LACMTA will evaluate all significant environmental, social, and economic impacts of the construction and operation of the proposed project. Impact areas to be addressed include: transportation, land use, zoning and economic development, secondary development, land acquisition, displacements and relocations, cultural resources (including historical, archaeological, and paleontological resources), parklands/recreational facilities, neighborhood compatibility and environmental justice, visual and aesthetic impacts, natural resources (including air quality, noise and vibration, wetlands, water resources, geology/soils, and hazardous materials), energy use, safety and security, wildlife, and ecosystems. Measures to avoid, minimize, and mitigate adverse impacts will be identified and evaluated.

PUBLIC SCOPING MEETING DATES. Metro is initiating the environmental work for the Eastside Transit Corridor Phase 2 by holding Scoping Meetings for the various alternatives: No-Build, Transportation Systems Management, and two build alternatives:

- State Route 60 LRT
- Washington Boulevard LRT

The scoping meetings are the first step in the preparation of a Draft Environmental Impact Statement/Report (Draft EIS/R) in accordance with the requirements of NEPA and CEQA. This is the first of many opportunities to learn about the proposed project, provide input on the alternatives and describe evaluation process used to identify and mitigate environmental impacts. The format of the meetings will include an open house followed by a presentation to inform participants and provide an opportunity to ask questions and submit comments. A total of four public scoping meetings will be held, so please plan on attending the meeting most convenient for you.

Monday, February 22, 2010
6 - 8 p.m., Pio Pico Women's Center, 9214 Mines Avenue, Pico Rivera, CA 90660

Wednesday, February 24, 2010
6 - 8 p.m., South El Monte Senior Center, Dining Room, 1556 Central Avenue, South El Monte, CA 91733

Thursday, February 25, 2010
6 - 8 p.m., Senior Center at City Park, South Wing, 115 South Taylor Avenue, Montebello, CA 90640

Saturday, February 27, 2010
10 a.m. - 12 p.m., The Salvation Army Santa Fe Springs - Studio 12000, 12000 E. Washington Boulevard, Whittier, CA 90606

If you are unable to attend any of the scoping meetings you may still submit comments by mail, fax, or email.

Letter: Ms. Kimberly Yu, Project Manager, LACMTA, One Gateway Plaza, 99-22-2, Los Angeles, CA 90012
Fax: (213) 922-3005 Email: yuki@metro.net. Please be sure to include all of your contact information in the body of your e-mail.

Comments must be received by April 12, 2010. For more information please call (213) 922-3012 or visit metro.net/eastsidephase2 and facebook.com/metroeastsidephase2.

- The project's purpose and need and the description of alternatives for the proposed project will be presented at these meetings. The buildings used for the scoping meetings are accessible to persons with disabilities. Any individual who requires special assistance, such as a sign language interpreter, to participate in the scoping meeting should contact Ms. Ann Kerman, Community Relations Manager, LACMTA, at (213)922-7671, or kermana@metro.net.
- Scoping materials will be available at the meetings and on the LACMTA website (www.metro.net/eastside_phase2). Paper copies of the scoping materials may also be obtained from Ms. Ann Kerman, Community Relations Manager, LACMTA, at (213)922-7671, or kermana@metro.net. An interagency scoping meeting will be held on Thursday, February 18, 2010 at 10:00 a.m. at LACMTA, in the Windsor Conference Room, 15th Floor, Los Angeles, CA 90012.
- Representatives of Native American tribal governments and of all federal, state, regional and local agencies that may have an interest in any aspect of the project will be invited to be participating or cooperating agencies, as appropriate.

ADDRESSES: Comments will be accepted at the public scoping meetings or they may be sent to Ms. Kimberly Yu, Project Manager, Los Angeles County Metropolitan Transportation Authority, One Gateway Plaza, Mail Stop 99-22-2, Los Angeles, CA 90012, or via e-mail at yuki@metro.net.

FOR FURTHER INFORMATION CONTACT: Mr. Ray Tellis, Team Leader, Los Angeles Metropolitan Office, Federal Transit Administration, 888 South Figueroa Street, Suite 1850, Los Angeles, CA 90017, phone (213) 202-3950, e-mail ray.tellis@dot.gov

Metro

洛杉磯郡
都會運輸處(Metro)
洛杉磯郡都會運輸處(LACMTA)

準備環境影響說明 / 環境影響報告意向通知書

致： 機構、組織和有關當事人

主旨： 環境影響說明 / 環境影響報告之意向通知書 / 準備通知書

專案名稱： 東區大衆運輸走廊第 2 期

擬議專案：擬議專案計畫延續捷運金線 (Gold Line) 東向延伸段。東向延伸段是從洛杉磯市中心 Union Station (Union 站) 到東洛杉磯的輕軌運輸線 (LRT)。此路線連接洛杉磯市中心和成長中的東區，符合區域交通及土地使用計畫的規劃。第 2 期將擴大金線東向延伸段的投資，銜接 Commerce、Monterey Park、Montebello、Rosemead、South El Monte、Pico Rivera、Santa Fe Springs 和 Whittier 等城市，以及包括東洛杉磯和西 Whittier-Los Nietos 等洛杉磯郡非城市地區，爲東至 Whittier 或 South El Monte 等地提供更好的高運量服務。

摘要：聯邦大衆運輸管理局 (FTA) 和洛杉磯郡都會運輸處 (LACMTA) 有意針對加州洛杉磯郡的東區大衆運輸走廊第 2 期專案準備環境影響說明 (EIS)。LACMTA 負責洛杉磯郡捷運系統的營運。
EIS 的準備將遵守包括國家環境政策法案 (NEPA) 的規定和其施行法規，以及近期通過的安全、負責、靈活、高效的運輸平等法案 — 使用者資產。(Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users)。LACMTA 也會使用 EIS 文件，以遵守加州環境品質法案 (CEQA) 有關環境影響報告 (EIR) 的規定。本通知的目的包括警示相關當事人有關 EIS 的準備意向、提供擬議專案性質和可能替代方案的資訊、邀請公衆參與 EIS 流程 (包括針對環境影響說明草案 (DEIS) 的範圍給予意見)、宣布即將召開範圍評估公共會議，以及確認參與和合作機構的聯絡資訊。

專案目的和需求：本專案的目的是改善東區大衆運輸走廊第 2 期的大衆運輸服務和機動性。專案會提供研究區域一個更好的固定軌道東西向運輸服務，涵蓋從捷運金線東向延伸段 (第 1 期) 到離洛杉磯市較遠的東部城市。從捷運金線第 1 期在 Atlantic Boulevard 的終點站向東延伸，大體上會與繼續向東與 60 號州道 (State Route 60) 平行或沿著 State Route 60，或沿著 Garfield Avenue 南下，再轉東南沿著 Washington Boulevard。擬議專案的整體目標是改善東區大衆運輸走廊第 2 期的機動性，作法包括擴大現有捷運金線的效益，以及增加目前終點站後的公車運輸投資。有關此大衆運輸走廊的機動性問題以及可能改善的情形，許多研究都有完善的記錄。捷運記錄管理部可提供這些研究，其中包括捷運紅線規劃研究、東區大衆運輸走廊研究：Re-Evaluation Major Investment Study (2000)、Eastside Transit Corridor Phase 2 Final Alternatives Analysis Report (2009)、Eastside Transit Corridor Phase 2 Alternatives Analysis Addendum (2009)、Southern California Association of Governments (SCAG) 計劃研究、Metro Rapid Demonstration Project (2000) 以及 Southern California Association of Governments' Regional Transportation Plan (2004)。
東區大衆運輸走廊第 2 期已列入 LACMTA 的長期計畫，也是本地 R 提案 (Measure R) 選定資助的許多運輸和公路專案之一。支持本專案需求的其他考量包括：
1) 散佈在專案區域各地的聚集型活動中心和目的地，例如 Montebello Town Center、Monterey Park Mall、Pico Rivera Town Center、Industry Office Park、Santa Fe Springs Promenade、Uptown Whittier District 以及 Whittier Narrows Recreation Center，這些地方都有大量的行人活動，且會吸引研究區域內外的居民；2) 未來 20 年期間，預期總人口可達 830,000 人，成長近 24%，就業機會預期可增加 15%，合計提供 384,000 個工作機會；3) 專案區域各地的公路及交通網之交通日益壅塞；4) Commerce、Montebello、Monterey Park、Pico Rivera、Rosemead、Whittier 等城市以及洛杉磯郡的總體計畫支持大衆運輸；5) 專案區域西部和東部區域的人口明顯依賴大衆運輸；以及 6) 因研究區域工作機會多而產生的新興交通需求模式，已經造成上午尖峰時間西向交通堵塞，反方向的東向交通則在傍晚尖峰時間壅塞不已。

替代方案： LACMTA 準備的東區大衆運輸走廊第 2 期最終替代方案分析報告 (Eastside Transit Corridor Phase 2 Final Alternatives Analysis Report, 2009) 確認兩個可供 EIS / EIR 進一步考量的新建替代方案。除了這兩個新建替代方案之外，分析也會包括無新建與交通系統管理 (TSM) 替代方案。

無新建替代方案：無新建替代方案會在 2035 年之前維持現有的運輸服務。除了目前正在施工中的專案，或近期經 R 提案核准提供資金可在 2035 年前施工並營運的專案之外，專案區域內不會有新的交通基礎建設。

TSM 替代方案：環境分析會評估在無新建替代方案的內容之外，適度改善公路和運輸系統對交通和環境的影響。TSM 替代方案會包括以無新建替代方案爲基礎的低成本改善措施，以減少延誤情形並增進機動性。TSM 替代方案會著重於交通系統升級，例如改善交叉路口、小規模道路拓寬、交通工程措施、重整公車路線、縮短公車班距、擴大使用聯結公車、預留公車專用道、擴大轉乘停車設施、直達及有限停站公車服務、改善燈號以及定時轉乘作業。TMS 替代方案的要素包括：提供銜接捷運金線東向延伸段終點站的全新 Pomona 高速道路服務；提供全新的 Beverly Boulevard 快速公車服務；M10 Whittier Boulevard 和 M50 Washington Boulevard 公車路線新增服務；M30 Garfield Avenue 和 M20 Montebello Boulevard 公車線路升級；Metro 265 和 266 市區公車新增服務；Foothill Transit 274 新增服務；以及提供全新的 577 Express 服務 Metro Route 270 沿線。

兩個新建替代方案包括：使用輕軌技術的 SR-60 線和 Washington Boulevard 線。

SR-60輕軌運輸(LRT)替代方案：此新建替代方案是一街道平面路線，從目前捷運金線東向延伸段位於 Atlantic Boulevard 和 Pomona Boulevard 路口的終點站向東延長約 6.9 哩，並在沿著 SR-60 高速公路南緣的右側轉爲高架設施，一直到 Peck Road。此替代方案擬設置四個高架車站，分別位於 SR-60 和 Garfield Avenue 路口、SR-60 和 Montebello Town Center 路口、SR-60 和 Santa Anita Avenue 路口以及 SR-60 和 Peck Road 路口。

Washington Boulevard LRT 替代方案：此新建替代方案是一街道平面路線，從目前捷運金線東向延伸段位於 Atlantic Boulevard 和 Pomona Boulevard 路口的終點站向東延伸，並沿著 SR-60 高速公路南緣轉爲高架設施。高架路段轉向 Garfield Avenue 並繼續南下，然後沿著 Washington Boulevard 往東南方向前進。終點站位於 Lambert Road 東側。此替代方案長約 9.3 哩，共設置六個高架車站，分別位於SR-60 和 Garfield Avenue 路口、Garfield Avenue 和 Whittier Boulevard 路口、Washington Boulevard 和 Greenwood Avenue 路口、Washington Boulevard 和 Rosemead Boulevard 路口、Washington Boulevard 和 Norwalk Boulevard 路口以及 Washington Boulevard 和 Lambert Road 路口。

EIS 流程以及參與機構和公衆的角色：此 EIS/EIR 流程的目的是在公開的情況下研究擬議專案與其替代方案對實體、人類和自然環境的影響。FTA 和 LACMTA 會評估擬議專案的施工和營運對環境、社會及經濟造成的所有顯著影響。有待處理的影響領域包括：交通、土地使用、區域劃分和經濟發展、二次開發、土地取得、轉移和搬遷、文化資源 (包括歷史、考古及古生物資源)、公園 / 娛樂設施、社區兼容性和環境正義、視覺和美學的影響、自然資源 (包括空氣品質、噪音和振動、濕地、水資源、地質 / 土壤以及危險材料)、能源使用、安全和保全、野生動物和生態系統。此外並將確認並評估可避免、最小化和緩和不良影響的措施。

範圍評估公共會議日期：Metro 正展開東向運輸走廊第 2 期環境工作，針對多項替代方案舉辦範圍評估公共會議：無新建、交通系統管理以及兩項新建替代方案：

- State Route 60 LRT
- Washington Boulevard LRT

範圍評估會議是按照 NEPA 和 CEQA 的規定準備環境影響說明 / 報告草案 (EIS/R 草案) 的第一個步驟。這是第一個能瞭解擬議專案的機會，可提供有關替代方案的意見，也能說明確認和緩和環境影響的評估流程。會議的形式包括簡報，與會者可得知相關資訊、發問與提供意見，隨後則是開放參觀。範圍評估會議合計舉辦四場，歡迎選擇於您最方便的時間來參加會議。

2010 年 2 月 22 日，星期一
下午 6:00 至 8:00；Pio Pico Women's Center, 9214 Mines Avenue, Pico Rivera, CA 90660

2010 年 2 月 24 日，星期三
下午 6:00 至 8:00；South El Monte Senior Center, Dining Room, 1556 Central Avenue, South El Monte, CA 91733

2010 年 2 月 25 日，星期四
下午 6:00 至 8:00；Senior Center at City Park, South Wing, 115 South Taylor Avenue, Montebello, CA 90640

2010 年 2 月 27 日，星期六
上午 10:00 至下午 12:00；The Salvation Army Santa Fe Springs — Studio 12000,
12000 E. Washington Boulevard, Whittier, CA 90606

如果您不克前來參加任何一場會議，請透過郵寄、傳眞或電子郵件提出意見。

郵件請寄： Ms. Kimberly Yu, Project Manager
LACMTA, One Gateway Plaza, 99-22-2, Los Angeles, CA 90012.
傳眞： (213) 922-3005 電子郵件：yuki@metro.net。請務必在電子郵件內文中列出您的所有聯絡資訊。

意見收件截止日期爲 2010 年 4 月 14 日。如需更多資訊，請致電 (213) 922-3012，或造訪以下網站：metro.net/eastsidephase2 和 facebook.com/metroeastsidephase2。

以上會議中將簡報本專案的目的與需求，並說明擬議專案的替代方案。範圍評估會議地點的建築提供殘障服務設施。參加範圍評估會議時若需要特別協助，例如手語翻譯，請聯絡 LACMTA 的社區關係主任 Ann Kerman 女士，電話：(213)922-7671；電子郵件：kermana@metro.net。以上會議和 LACMTA 網站 (www.metro.net/eastside_phase2) 都會提供範圍評估資料。也可向社區關係主任 Ann Kerman 女士索取範圍評估資料的影本。

LA AUTORIDAD DE TRANSPORTE METROPOLITANO DEL CONDADO DE LOS ÁNGELES (LACMTA)

AVISO DE INTENCIÓN DE ELABORAR UNA DECLARACIÓN DE IMPACTO AMBIENTAL/ INFORME DE IMPACTO AMBIENTAL

PARA: OFICINAS, ORGANIZACIONES Y PARTES INTERESADAS
ASUNTO: AVISO DE INTENCIÓN/ AVISO DE ELABORACIÓN DE DECLARACIÓN DE IMPACTO AMBIENTAL (EIS)/ INFORME DE IMPACTO AMBIENTAL (EIR)
TÍTULO DEL PROYECTO: CORREDOR DE TRANSPORTE HACIA EL ESTE FASE 2

EL PROYECTO PROPUESTO: El proyecto propuesto brindaría una continuación a la extensión hacia la zona este de Los Ángeles de la Línea de Oro de Metro, una línea de transporte por ferrocarril ligero (LRT) que se extiende desde Union Station, en el centro de Los Ángeles, hasta el Este de Los Ángeles. Esta conexión entre el centro de Los Ángeles y la Zona Este en crecimiento,se encuentra en concordancia con los planes de transporte regional y los planes de uso de tierra local. La Fase 2 ampliará la inversión en la extensión de la Línea de Oro hacia la zona este de Los Ángeles y mejorará el servicio de transporte de alta capacidad en dirección este hasta Whittier o South El Monte, y conectará las ciudades de Monterey Park, Montebello, Rosemead, South El Monte, Pico Rivera, Santa Fe Springs y Whittier, y las áreas no incorporadas del Condado de Los Ángeles que incluyen el Este de Los Ángeles y el Oeste de Whittier-Los Nietos.

RESUMEN: La Administración de Tránsito Federal (FTA) y la Autoridad de Transporte Metropolitano del Condado de Los Ángeles (LACMTA) tienen la intención de elaborar una declaración de impacto ambiental (EIS) para la Fase 2 del Proyecto de Corredor de Tránsito hacia la Zona Este en el Condado de Los Ángeles, California. LACMTA opera el sistema de transporte Metro en el Condado de Los Ángeles.
La EIS se elaborará de conformidad con los requisitos de la Ley de Política Ambiental Nacional (NEPA) y sus reglamentos de ejecución, así como con todas las disposiciones de la recientemente promulgada Ley de Equidad para el Transporte Eficiente, Flexible, Responsable y Seguro: un legado para los usuarios. LACMTA también utilizará el documento de EIS para cumplir con la Ley de Calidad Ambiental de California (CEQA) que exige un Informe de Impacto Ambiental (EIR). El objetivo de este aviso es comunicar a las partes interesadas la intención de elaborar la EIS, brindar información sobre la naturaleza del proyecto propuesto y las alternativas posibles, invitar a la participación pública en el proceso de elaboración de la EIS - incluyendo la realización de comentarios en el ámbito de la Declaración Preliminar de Impacto Ambiental (DEIS) - , anunciar que se celebrarán reuniones públicas sobre el alcance de este proyecto, e identificar a los contactos del organismo que participarán y cooperarán.

OBJETIVO Y NECESIDAD DEL PROYECTO: El objetivo de este proyecto es mejorar el servicio de transporte público y la movilidad en la area del corredor de Transporte hacia el Este Fase 2. El proyecto brindará al área de estudio un servicio de transporte sobre rieles este-oeste desde la extensión de la Línea de Oro hacia la zona este (Fase 1) hasta las ciudades que se sitúan más al este de la Ciudad de Los Ángeles. Las posibles extensiones hacia el este desde la Fase 1 de la Línea de Oro de Metro con destino en Atlantic Boulevard generalmente continuarían hacia el este de forma paralela o a lo largo de la Ruta estatal 60 o hacia el sur por Garfield Avenue, doblando hacia el sureste a lo largo de Washington Boulevard. El objetivo general del proyecto propuesto es mejorar la movilidad del Corredor de Transporte hacia el Este Fase 2 y ampliar los beneficios de la Línea de Oro de Metro existente y las inversiones en autobuses más allá de las terminales actuales. Los problemas de movilidad y las posibles mejoras de este corredor han sido bien documentados en muchos estudios que se encuentran disponibles en el Departamento de Gestión de Registros de Metro, incluyendo varios estudios de planificación de la Línea Roja de Metro, estudios del Corredor de Tránsito hacia la Zona Este: Estudio de re-evaluación de gran inversión (2000), Informe de análisis de las alternativas finales para el Corredor de Transporte hacia el Este Fase 2 (2009), Anexo del análisis del Vorredor De transporte hacia el Este Fase 2 (2009), estudios de planificación de la Asociación de Gobiernoe del Sur de California (SCAG), Proyecto de demostración de Metro Rapid (2000), y el Plan de transporte regional de la Asociación de Gobiernos del Sur de California (2004).
Corredor de Transporte hacia el Este Fase 2 hacia la Zona Este está identificada en el Plan de largo alcance de LACMTA y ha sido seleccionada como uno de los muchos proyectos de tránsito y autopistas para recibir financiamiento local a través de la Medida R. Entre las consideraciones que sustentan la necesidad de este proyecto se encuentran: 1) la concentración de centros de actividad y destinos dispersos en el área del proyecto tales como Montebello Town Center, Monterey Park Mall, Pico Rivera Town Center, Industry Office Park, Santa Fe Springs Promenade, Uptown Whittier District y Whittier Narrows Recreation Center, que tienen un gran volumen de actividad peatonal y atraen a los residentes de dentro y fuera del área de estudio; 2) se espera que durante los próximos 20 años la población aumente aproximadamente 24%, a un total de 830,000 habitantes, y que el empleo aumente 15%, a un total de 384,000 puestos de trabajo; 3) el aumento de la congestión del tránsito de las autopistas y la red arterial en toda el área del proyecto; 4) Planes Generales de apoyo al tránsito en las ciudades de Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Whittier, y el Condado de Los Ángeles; 5) importante población que depende del tránsito en las zonas este y oeste del área del proyecto; 6) emergencia de nuevos patrones de demanda de transporte asociados con un área de estudio rica en empleos que ha llevado a una congestión importante en dirección oeste durante las horas pico de la mañana y una congestión hacia el este durante las horas pico de la noche.

ALTERNATIVAS: El Informe de análisis de alternativas del Corredor de Transporte hacia el Este Fase 2 (2009) elaborado por LACMTA identificó dos alternativas de construcción a considerar en EIS/EIR. Además de las dos alternativas de construcción, también se analizará una alternativa de Administración de Sistemas de Transporte (TSM) y una alternativa de no construcción.

Alternativa de no construcción: La alternativa de no construcción mantendrá el servicio de transporte actual hasta el año 2035. No se construiría ninguna infraestructura de transporte nueva dentro del área del proyecto fuera de los proyectos que se encuentran actualmente en construcción o que se financien para su construcción y operación a partir de 2035 mediante la Medida R de impuestos a las ventas aprobada recientemente.

Alternativa TSM: El análisis ambiental evaluará los impactos ambientales y en el transporte de pequeñas mejoras en los sistemas de autopistas y tránsito, más allá de los impactos de la alternativa de no construcción. La alternativa TSM incluiría mejoras de bajo costo a la alternativa de no construcción para reducir las demoras y mejorar la movilidad. La alternativa TSM enfatizaría la renovación de los sistemas de transporte como las mejoras de las intersecciones, el ensanchamiento de calles secundarias, las medidas de ingeniería de tránsito, la reestructuración de las rutas de autobuses, el acortamiento los intervalos de los autobuses, la expansión del uso de autobuses coordinados, carriles exclusivos para autobuses, ampliación de las instalaciones de aparcamiento disuasorio, servicios expreso y con paradas limitadas, mejoras en la señalización y operaciones de trasbordo con horario. Entre los elementos clave de la Alternativa TSM se encuentran: brindar un nuevo servicio expreso por la Autopista Pomona que se conecte con la terminal de la extensión hacia la zona este de la Línea de Oro de Metro; brindar un servicio de Rapid Bus por Beverly Boulevard; agregar servicios a los recorridos de autobús M10 Whittier Boulevard y M50 Washington Boulevard; renovar las líneas de autobús M30 Garfield Avenue y M20 Montebello Boulevard; agregar servicios a los autobuses locales 265 y 266 de Metro; agregar servicios a Foothill Transit 274; y brindar un nuevo servicio 577 Expreso por el trayecto 270 de Metro.
Las dos alternativas de construcción incluyen: el trazado en SR-60 y el trazado en Washington Boulevard que utilizará la tecnología de ferrocarril ligero.

SR-60 Alternativa de transporte por ferrocarril ligero (LRT): El trazado de esta alternativa de construcción se extiende aproximadamente 6.5 millas al este, al nivel de la calle, desde la actual terminal de la extensión hacia la zona este de la Línea de Oro en Atlantic Boulevard y Pomona Boulevard y se convierte en una configuración aérea a lo largo del lado sur de la Autopista SR-60, dentro de la servidumbre de tránsito, hacia Peck Road. Dentro de esta alternativa se propusieron un total de cuatro estaciones aéreas ubicadas en SR-60 y Garfield Avenue, SR-60 y Montebello Town Center, SR-60 y Santa Anita Avenue, y SR-60 y Peck Road.

Alternativa LRT en Washington Boulevard: El trazado de esta alternativa de construcción se extiende hacia el este, al nivel de la calle, desde la actual terminal de la extensión hacia la zona este de la Línea de Oro en Atlantic Boulevard y Pomona Boulevard y se convierte en una configuración aérea a lo largo del lado sur de la Autopista SR-60. El trazado aéreo gira y continúa hacia el sur en Garfield Avenue, y luego continúa hacia el sureste a lo largo de Washington Boulevard hasta una terminal al este de Lambert Road. Esta alternativa tiene aproximadamente 9.3 millas de longitud, con un total de seis estaciones aéreas ubicadas en SR-60 y Garfield Avenue, Garfield Avenue y Whittier Boulevard, Washington Boulevard y Greenwood Avenue, Washington y Rosemead Boulevards, Washington y Norwalk Boulevards, y Washington Boulevard y Lambert Road.

EL PROCESO EIS Y EL PAPEL DE LAS AGENCIAS PARTICIPANTES Y EL PÚBLICO: El objetivo del proceso EIS/EIR es estudiar, en un marco público, los impactos del proyecto propuesto y sus alternativas en el entorno físico, humano y natural. FTA y LACMTA evaluarán todos los impactos ambientales, sociales y económicos de la construcción y operación del proyecto propuesto. Los aspectos de impacto que se atenderán incluyen: transporte, uso de tierra, desarrollo económico y zonificación, desarrollo secundario, adquisición del suelo, desplazamientos y traslados, recursos culturales (incluyendo los recursos históricos, arqueológicos y paleontológicos), instalaciones de parques/recreación, compatibilidad de la zona residencial y justicia ambiental, impactos visuales y estéticos, recursos naturales (incluyendo calidad del aire, ruido y vibración, pantanos, recursos de agua, geología/suelos, y materiales peligrosos), uso energético, seguridad, vida silvestre y ecosistemas. Se identificarán y evaluarán medidas para evitar, minimizar y mitigar los impactos adversos.

FECHAS DE LAS REUNIONES PÚBLICAS: Metro está comenzando el trabajo ambiental para El Corredor de Transporte hacia el Este Fase 2 y está llevando a cabo reuniones públicas para las diferentes alternativas: no construcción, Administración de Sistemas de Transporte y dos alternativas de construcción:
- LRT en la Ruta Estatal 60
- LRT en Washington Boulevard

Las reuniones públicas son el primer paso en la elaboración de una Declaración/Informe Preliminar de Impacto Ambiental (EIS/R preliminar) de conformidad con los requisitos de NEPA y CEQA. Esta el la primera de varias oportunidades para conocer el proyecto propuesto, realizar comentarios sobre las alternativas y describir el proceso de evaluación utilizado para identificar y mitigar los impactos ambientales. El formato de las reuniones incluirá una recepción y a continuación una presentación para informar a los participantes y brindarles la oportunidad de que realicen preguntas y comentarios. Se celebrarán un total de cuatro reuniones públicas, por lo tanto planifique asistir a la reunión que más le convenga.

Lunes 22 de febrero, 2010
De 6 a 8 p.m. en Pio Pico Women's Center, 9214 Mines Avenue, Pico Rivera, CA 90660

Miércoles 24 de febrero, 2010
De 6 a 8 p.m. en el South El Monte Senior Center, 1556 Central Avenue, South El Monte, CA 91733

Jueves 25 de febrero, 2010
De 6 a 8 p.m. en Senior Center City Park, South Wing, 115 South Taylor Avenue, Montebello, CA 90640

Sábado 27 de febrero, 2010
De 10 a.m. a 12 p.m. en The Salvation Army Santa Fe Springs - Studio 12000, 12000 E. Washington Boulevard, Whittier, CA 90606

Si no puede asistir a ninguna de las reuniones públicas puede enviar sus comentarios por correo postal, fax o correo electrónico.

Cartas: Sra. Kimberly Yu, Encargada de Proyecto, LACMTA, One Gateway Plaza, 99-22-2, Los Ángeles, CA 90012.
Fax:(213) 922-3005 Correo electrónico: yuki@metro.net. Asegúrese de incluir su información de contacto en el cuerpo del correo electrónico.

Se debe recibir los comentarios antes del 14 de abril, 2010. Para obtener más información llame al (213) 922-3012 o visite metro.net/eastsidephase2 y facebook.com/metroeastsidephase2.

- En estas reuniones se presentará el objetivo y necesidad del proyecto y la descripción de las alternativas para el proyecto propuesto. Los edificios que se utilizan para las reuniones públicas son accesibles para personas con discapacidades. Las personas que necesiten ayuda especial, como un intérprete de lenguaje de señas, para participar en las reuniones públicas deben comunicarse con la Sra. Ann Kerman, Encargada de Relaciones con la Comunidad, LACMTA, al (213)922-7671, o por correo electrónico a kermana@metro.net.
- El material estará disponible en las reuniones y en el sitio en Internet de LACMTA (www.metro.net/eastside_phase2). Para obtener copias impresas del material comuníquese con la Sra. Ann Kerman, Encargada de Relaciones con la Comunidad, LACMTA, al (213)922-7671, o por correo electrónico a kermana@metro.net. El jueves 18 de febrero, 2010, a las 10:00 a.m., se celebrará una reunión pública con varios organismos en LACMTA, Sala de Conferencias Windsor, Piso 15, Los Ángeles, CA 90012.
- Se invitará a participar o cooperar, según corresponda, a los representantes de los gobiernos tribales indígenas norteamericanos y a todos los organismos federales, estatales, regionales y locales que puedan estar interesados en cualquier aspecto del proyecto.

DIRECCIONES: Se aceptarán comentarios en las reuniones públicas. En caso de que no pueda asistir a ninguna de las reuniones, envíe sus comentarios a la Sra. Kimberly Yu, Encargada de Proyecto, Autoridad de Transporte Metropolitano del Condado de Los Ángeles, One Gateway Plaza, Mail Stop 99-22-2, Los Ángeles, CA 90012, o por correo electrónico a yuki@metro.net.

PARA OBTENER MÁS INFORMACIÓN COMUNÍQUESE CON: Sr. Ray Tellis, Líder del Equipo, Oficina Metropolitana de Los Ángeles, Administración de Tránsito Federal, 888 South Figueroa Street, Suite 1850, Los Ángeles, CA 90017, teléfono: (213) 202-3950, correo electrónico: ray.tellis@dot.gov.

Re: Invitation to Participate in the Environmental Review Process for the Eastside Transit Corridor Phase 2 Project

Dear _____:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is initiating the preparation of an Environmental Impact Statement/Environmental Impact Report (EIS/EIR) for the proposed Eastside Transit Corridor Phase 2 Project. The Eastside Transit Corridor Phase 2 Project proposes to provide a transit connection to the Metro Gold Line Eastside Extension, linking communities farther east of Los Angeles to the regional transit network. The proposed project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier, and portions of unincorporated Los Angeles County which includes east Los Angeles and west Whittier-Los Nieto.

The purpose of this project is to provide improved high-capacity transit service to an area challenged by increased travel demand and traffic congestion. The overall goal of the project is to improve the mobility within the project area and enhance the connectivity of the transit system. This transit guideway investment would provide improved access and connect communities to jobs and major activity centers in Los Angeles County. The enclosed scoping information packet provides more details, including a preliminary schedule.

An Alternatives Analysis and an Addendum to the Alternatives Analysis have been completed for this project and the final reports may be found at www.metro.net/eastsidephase2. Through the Alternatives Analysis process and further refinement subsequently conducted in the Addendum, as well as with input from the public and agencies, the range of alternatives has been refined. Two build alternatives along with a No Build and Transportation System Management (TSM) Alternative were adopted by the Metro Board of Directors in October 2009 for further analysis. The project area and alternatives identified in the Alternatives Analysis and the Addendum to the Alternatives Analysis will be the subject of the Draft EIS/EIR.

Section 6002 of the Safe, Accountable, Flexible, Efficient, Transportation Equity Act: A Legacy for Users establishes an enhanced environmental review process for certain FTA projects, increasing the transparency of the process, as well as opportunities for participation. The requirements of Section 6002 apply to the project that is the subject of this letter.

As part of the environmental review process for this project, the lead agencies must identify, as early as practicable, any other Federal and non-Federal agencies that may have an interest in the project, and invite such agencies to become participating agencies in the environmental review process.[1]

Your agency has been identified preliminarily as one that may have an interest in this project, because of the public facilities located in many parts of this corridor; accordingly, you are being extended this invitation to become actively involved as a participating agency in the environmental review process for the project.

As a participating agency, you will be afforded the opportunity, together with the public, to be involved in defining the purpose of and need for the project, as well as in determining the range of alternatives to be considered for the project. These opportunities will build on the early participation opportunities that were provided during the Alternatives Analysis process. In addition, you will be asked to:

- Provide input on the impact assessment methodologies and level of detail in your agency's area of expertise;
- Participate in coordination meetings, conference calls, and joint field reviews, as appropriate; and
- Review and comment on sections of the pre-draft or pre-final environmental documents to communicate any concerns of your agency on the adequacy of the document, the alternatives considered, and the anticipated impacts and mitigation.

Your agency does not have to accept this invitation. If, however, you elect not to become a participating agency, you must decline this invitation in writing, indicating that your agency has no jurisdiction or authority with respect to the project, no

[1] Designation as a "participation agency" does not imply that the participating agency supports the proposed project or has any jurisdiction over, or special expertise concerning the proposed project or its potential impacts. A "participating agency" differs from a "cooperating agency," which is defined in regulations implementing the National Environmental Policy Act as "any Federal agency other than a lead agency which has jurisdiction by law or special expertise with respect to any environmental impact involved in a proposal (or a reasonable alternative) for legislation or other major Federal action significantly affecting the quality of the human environment." 40 C.F.R. § 1508.5.

expertise or information relevant to the project, and does not intend to submit comments on the project. The declination may be transmitted electronically to Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at ray.tellis@dot.gov; please include the title of the official responding. In order to give your agency adequate opportunity to weigh the relevance of your participation in this environmental review process, written response to this invitation is not due until after the interagency scoping meeting. The interagency scoping meeting will be held on the following date and location:

- **Thursday, February 18 at 10:00** a.m. at LACMTA, in the **Windsor Conference Room, 15th Floor,** One Gateway Plaza, Los Angeles, CA 90012.

You or your delegate is invited to represent your agency at this meeting. Your agency will be treated as participating agency unless your written response declining such designation as outlined above. We are requesting that your response declining such designation be transmitted no later than **Wednesday, April 14, 2010**.

We are providing scoping information materials with this letter that include description of the project area and proposed alternatives. We have also enclosed a copy of the Federal Register Notice of Intent (NOI), which provides details on how to submit initial scoping comments if you would like to do so. As noted in the NOI, all scoping comments should be submitted on or before April 14, 2010. We will also provide a copy of the Coordination Plan for this project in the future. The Scoping information is also available at www.metro.net/eastsidephase2. Additional information will be forthcoming during the scoping process. If you have questions regarding this invitation, please contact Ms. Kimberly Yu, Project Manager, Los Angeles County Metropolitan Transportation Authority, One Gateway Plaza, Los Angeles, CA 90012, email address yuki@metro.net.

Sincerely,

Arthur T. Leahy
Chief Executive Officer

Re: Invitation to be a Cooperating Agency in the Environmental Review Process for the Eastside Transit Corridor Phase 2 Project

Dear Mr. Blumenfeld:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is initiating the preparation of an Environmental Impact Statement for the proposed Eastside Transit Corridor Phase 2 Project. The Eastside Transit Corridor Phase 2 Project proposes to provide a transit connection to the Metro Gold Line Eastside Extension, linking communities farther east of Los Angeles to the regional transit network. The proposed project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier, and portions of unincorporated Los Angeles County which includes east Los Angeles and west Whittier-Los Nieto.

The purpose of the project is to provide improved high-capacity transit service to an area challenged by increased travel demand and traffic congestion. The overall goal of the project is to improve the mobility within the project area and enhance the connectivity of the transit system. This transit guideway investment would provide improved access and connect communities to jobs and major activity centers in Los Angeles County. The enclosed scoping information packet provides more details, including a preliminary schedule.

FTA seeks the US. Environmental Protection Agency's (EPA) cooperation in coordinating and determining effects of the proposed construction of the build alternatives under study and associated facilities on the Eastside Transit Corridor Phase 2 Project, including those related to other project alternatives, environmental consequences, and mitigation. We are requesting your agency to be a cooperating agency because a potion of one of the build alternatives, the State Route 60 (SR-60) Light Rail Transit (LRT) alternative, crosses through the former Operating Industries Inc. Landfill, current EPA Superfund site. You can expect that the EIS will, to the greatest extent possible, satisfy the EPA statutory responsibilities and concerns. The environmental documentation will address environmental and programmatic concerns identified by the EPA and will be sufficiently detailed to enable the EPA to grant necessary permits or other approvals that may ensue from the build alternatives under study. If at any point in the process your needs are not being met, please let us know. We expect that at the end of the process the EIS will satisfy your NEPA requirements.

An Alternatives Analysis and an Addendum to the Alternatives Analysis have been completed for this project and the final reports may be found at www.metro.net/eastsidephase2. Through the Alternatives Analysis process and further refinement subsequently conducted in the Addendum, as well as with input from the public and agencies, the range of alternatives has been refined. Two build alternatives along with a No Build and Transportation System Management (TSM) Alternative were adopted by the Metro Board of Directors in October 2009 for further analysis. The project area and alternatives identified in the Alternatives Analysis and the Addendum to the Alternatives Analysis will be the subject of the Draft EIS/EIR.

If your agency does not wish to be a cooperating agency, your agency still has the opportunity to become a participating agency in the environmental review process. Section 6002 of SAFETEA-LU establishes an enhanced environmental review process for certain FTA projects, increasing the transparency of the process, as well as opportunities for participation. The requirements of Section 6002 apply to the project that is the subject of this letter.

As part of the environmental review process for this project, the lead agencies must identify, as early as practicable, any other Federal and non-Federal agencies that may have an interest in the project, and invite such agencies to become participating agencies in the environmental review process.[1]

As a participating agency, you will be afforded the opportunity, together with the public, to be involved in defining the purpose of and need for the project, as well as in determining the range of alternatives to be considered for the project. These opportunities will build on the early participation opportunities that were provided during the Alternatives Analysis process. In addition, you will be asked to:

- Provide input on the impact assessment methodologies and level of detail in your agency's area of expertise; and
- Participate in coordination meetings, conference calls, and joint field reviews, as appropriate.
- Review and comment on sections of the pre-draft or pre-final environmental documents to communicate any concerns of your agency on the adequacy of the document, the alternatives considered, and the anticipated impacts and mitigation.

---

[1] Designation as a "participation agency" does not imply that the participating agency supports the proposed project or has any jurisdiction over, or special expertise concerning the proposed project or its potential impacts. A "participating agency" differs from a "cooperating agency," which is defined in regulations implementing the National Environmental Policy Act as "any Federal agency other than a lead agency which has jurisdiction by law or special expertise with respect to any environmental impact involved in a proposal (or a reasonable alternative) for legislation or other major Federal action significantly affecting the quality of the human environment." 40 C.F.R. § 1508.5.

Your agency does not have to accept this invitation to be a cooperating agency or a participating agency. If, however, you elect not to become either a cooperating agency or participating agency, you must decline this invitation in writing, indicating that your agency has no jurisdiction or authority with respect to the project, no expertise or information relevant to the project, and does not intend to submit comments on the project. The declination may be transmitted electronically to Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at ray.tellis@dot.gov; please include the title of the official responding.

In order to give your agency adequate opportunity to weigh the relevance of your participation as either a cooperating agency or a participating agency or both in this environmental review process, written response to this invitation is not due until **Wednesday, April 14, 2010**, after the interagency scoping meeting. The interagency scoping meeting will be held on the following date and location:

- **Thursday, February 18 at 10:00 a.m. at LACMTA, in the Windsor Conference Room, 15th Floor**, One Gateway Plaza, Los Angeles, CA 90012.

We are providing scoping information materials with this letter that include description of the project area and proposed alternatives. We have also enclosed a copy of the Federal Register Notice of Intent (NOI), which provides details on how to submit initial scoping comments if you would like to do so. As noted in the NOI, all scoping comments should be submitted on or before April 14, 2010. We will also provide a copy of the Coordination Plan for the project in the future. Scoping materials are also available on the project website at www.metro.net/eastsidephase2.

We look forward to your response to this request and your role as a cooperating or participating agency on this project. If you have questions or would like to discuss in more detail the project or our agencies' respective roles and responsibilities during the preparation of this EIS, please contact Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at (213) 202-3956. If you have any questions regarding this invitation, please contact Ms. Kimberly Yu, Project Manager, Los Angeles County Metropolitan Transportation Authority, One Gateway Plaza, Los Angeles, CA 90012, email address yuki@metro.net .

Sincerely,

Arthur T. Leahy

Re: Invitation to be a Cooperating Agency in the Environmental Review Process for the Eastside Transit Corridor Phase 2 Project

Dear Mr. Magness:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is initiating the preparation of an Environmental Impact Statement for the proposed Eastside Transit Corridor Phase 2 Project. The Eastside Transit Corridor Phase 2 Project proposes to provide a transit connection to the Metro Gold Line Eastside Extension, linking communities farther east of Los Angeles to the regional transit network. The proposed project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier, and portions of unincorporated Los Angeles County which includes east Los Angeles and west Whittier-Los Nieto.

The purpose of the project is to provide improved high-capacity transit service to an area challenged by increased travel demand and traffic congestion. The overall goal of the project is to improve the mobility within the project area and enhance the connectivity of the transit system. This transit guideway investment would provide improved access and connect communities to jobs and major activity centers in Los Angeles County. The enclosed scoping information packet provides more details, including a preliminary schedule.

FTA seeks the US. Army Corps of Engineers' (USACE) cooperation in coordinating and determining effects of the proposed construction of the build alternatives under study and associated facilities on the Eastside Transit Corridor Phase 2 Project, including those related to other project alternatives, environmental consequences, and mitigation. We are requesting your agency to be a cooperating agency because the location of the Santa Anita Station, as part of the State Route 60 (SR-60) Light Rail Transit (LRT) alternative, is on property owned by the USACE to accommodate flood control. You can expect that the EIS will, to the greatest extent possible, satisfy the USACE statutory responsibilities and concerns. The environmental documentation will address environmental and programmatic concerns identified by the USACE and will be sufficiently detailed to enable the USACE to grant necessary permits or other approvals that may ensue from the build alternatives under study. If at any point in the process your needs are not being met, please let us know. We expect that at the end of the process the EIS will satisfy your NEPA requirements.

An Alternatives Analysis and an Addendum to the Alternatives Analysis have been completed for this project and the final reports may be found at www.metro.net/eastsidephase2. Through the Alternatives Analysis process and further refinement subsequently conducted in the Addendum, as well as with input from the public and agencies, the range of alternatives has been refined. Two build alternatives along with a No Build and Transportation System Management (TSM) Alternative were adopted by the Metro Board of Directors in October 2009 for further analysis. The project area and alternatives identified in the Alternatives Analysis and the Addendum to the Alternatives Analysis will be the subject of the Draft EIS/EIR.

If your agency does not wish to be a cooperating agency, your agency still has the opportunity to become a participating agency in the environmental review process. Section 6002 of SAFETEA-LU establishes an enhanced environmental review process for certain FTA projects, increasing the transparency of the process, as well as opportunities for participation. The requirements of Section 6002 apply to the project that is the subject of this letter.

As part of the environmental review process for this project, the lead agencies must identify, as early as practicable, any other Federal and non-Federal agencies that may have an interest in the project, and invite such agencies to become participating agencies in the environmental review process.[1]

As a participating agency, you will be afforded the opportunity, together with the public, to be involved in defining the purpose of and need for the project, as well as in determining the range of alternatives to be considered for the project. These opportunities will build on the early participation opportunities that were provided during the Alternatives Analysis process. In addition, you will be asked to:

- Provide input on the impact assessment methodologies and level of detail in your agency's area of expertise; and
- Participate in coordination meetings, conference calls, and joint field reviews, as appropriate.
- Review and comment on sections of the pre-draft or pre-final environmental documents to communicate any concerns of your agency on the adequacy of the document, the alternatives considered, and the anticipated impacts and mitigation.

---

[1] Designation as a "participation agency" does not imply that the participating agency supports the proposed project or has any jurisdiction over, or special expertise concerning the proposed project or its potential impacts. A "participating agency" differs from a "cooperating agency," which is defined in regulations implementing the National Environmental Policy Act as "any Federal agency other than a lead agency which has jurisdiction by law or special expertise with respect to any environmental impact involved in a proposal (or a reasonable alternative) for legislation or other major Federal action significantly affecting the quality of the human environment." 40 C.F.R. § 1508.5.

Your agency does not have to accept this invitation to be a cooperating agency or a participating agency. If, however, you elect not to become either a cooperating agency or participating agency, you must decline this invitation in writing, indicating that your agency has no jurisdiction or authority with respect to the project, no expertise or information relevant to the project, and does not intend to submit comments on the project. The declination may be transmitted electronically to Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at ray.tellis@dot.gov; please include the title of the official responding.

In order to give your agency adequate opportunity to weigh the relevance of your participation as either a cooperating agency or a participating agency or both in this environmental review process, written response to this invitation is not due until **Wednesday, April 14, 2010**, after the interagency scoping meeting. The interagency scoping meeting will be held on the following date and location:

- **Thursday, February 18 at 10:00** a.m. at LACMTA, in the **Windsor Conference Room**, 15th Floor, One Gateway Plaza, Los Angeles, CA 90012.

We are providing scoping information materials with this letter that include description of the project area and proposed alternatives. We have also enclosed a copy of the Federal Register Notice of Intent (NOI), which provides details on how to submit initial scoping comments if you would like to do so. As noted in the NOI, all scoping comments should be submitted on or before April 14, 2010. We will also provide a copy of the Coordination Plan for the project in the future. Scoping materials are also available on the project website at www.metro.net/eastsidephase2.

We look forward to your response to this request and your role as a cooperating or participating agency on this project. If you have questions or would like to discuss in more detail the project or our agencies' respective roles and responsibilities during the preparation of this EIS, please contact Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at (213) 202-3956. If you have any questions regarding this invitation, please contact Ms. Kimberly Yu, Project Manager, Los Angeles County Metropolitan Transportation Authority, One Gateway Plaza, Los Angeles, CA 90012, email address yuki@metro.net .

Sincerely,

Arthur T. Leahy

Ms. Phuong Trinh
U.S. Army Corps of Engineers
Regulatory Division
915 Wilshire Blvd, Ste 980
Los Angeles, CA 90017

Re: Invitation to be a Cooperating Agency in the Environmental Review Process for the Eastside Transit Corridor Phase 2 Project

Dear Ms. Trinh:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is initiating the preparation of an Environmental Impact Statement for the proposed Eastside Transit Corridor Phase 2 Project. The Eastside Transit Corridor Phase 2 Project proposes to provide a transit connection to the Metro Gold Line Eastside Extension, linking communities farther east of Los Angeles to the regional transit network. The proposed project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier, and portions of unincorporated Los Angeles County which includes east Los Angeles and west Whittier-Los Nieto.

The purpose of the project is to provide improved high-capacity transit service to an area challenged by increased travel demand and traffic congestion. The overall goal of the project is to improve the mobility within the project area and enhance the connectivity of the transit system. This transit guideway investment would provide improved access and connect communities to jobs and major activity centers in Los Angeles County. The enclosed scoping information packet provides more details, including a preliminary schedule.

FTA seeks the US. Army Corps of Engineers' (USACE) cooperation in coordinating and determining effects of the proposed construction of the build alternatives under study and associated facilities on the Eastside Transit Corridor Phase 2 Project, including those related to other project alternatives, environmental consequences, and mitigation. We are requesting your agency to be a cooperating agency because the location of the Santa Anita Station, as part of the State Route 60 (SR-60) Light Rail Transit (LRT) alternative, is on property owned by the USACE to accommodate flood control. You can expect that the EIS will, to the greatest extent possible, satisfy the USACE statutory responsibilities and concerns. The environmental documentation will address environmental and programmatic concerns identified by the USACE and will be sufficiently detailed to enable the USACE to grant necessary permits or other approvals that may ensue from the build alternatives under study. If at any point in the process your needs are not being met, please let us know. We expect that at the end of the process the EIS will satisfy your NEPA requirements.

An Alternatives Analysis and an Addendum to the Alternatives Analysis have been completed for this project and the final reports may be found at www.metro.net/eastsidephase2. Through the Alternatives Analysis process and further refinement subsequently conducted in the Addendum, as well as with input from the public and agencies, the range of alternatives has been refined. Two build alternatives along with a No Build and Transportation System Management (TSM) Alternative were adopted by the Metro Board of Directors in October 2009 for further analysis. The project area and alternatives identified in the Alternatives Analysis and the Addendum to the Alternatives Analysis will be the subject of the Draft EIS/EIR.

If your agency does not wish to be a cooperating agency, your agency still has the opportunity to become a participating agency in the environmental review process. Section 6002 of SAFETEA-LU establishes an enhanced environmental review process for certain FTA projects, increasing the transparency of the process, as well as opportunities for participation. The requirements of Section 6002 apply to the project that is the subject of this letter.

As part of the environmental review process for this project, the lead agencies must identify, as early as practicable, any other Federal and non-Federal agencies that may have an interest in the project, and invite such agencies to become participating agencies in the environmental review process.[2]

As a participating agency, you will be afforded the opportunity, together with the public, to be involved in defining the purpose of and need for the project, as well as in determining the range of alternatives to be considered for the project. These opportunities will build on the early participation opportunities that were provided during the Alternatives Analysis process. In addition, you will be asked to:

- Provide input on the impact assessment methodologies and level of detail in your agency's area of expertise; and
- Participate in coordination meetings, conference calls, and joint field reviews, as appropriate.
- Review and comment on sections of the pre-draft or pre-final environmental documents to communicate any concerns of your agency on the adequacy of the document, the alternatives considered, and the anticipated impacts and mitigation.

---

[2] Designation as a "participation agency" does not imply that the participating agency supports the proposed project or has any jurisdiction over, or special expertise concerning the proposed project or its potential impacts. A "participating agency" differs from a "cooperating agency," which is defined in regulations implementing the National Environmental Policy Act as "any Federal agency other than a lead agency which has jurisdiction by law or special expertise with respect to any environmental impact involved in a proposal (or a reasonable alternative) for legislation or other major Federal action significantly affecting the quality of the human environment." 40 C.F.R. § 1508.5.

Your agency does not have to accept this invitation to be a cooperating agency or a participating agency. If, however, you elect not to become either a cooperating agency or participating agency, you must decline this invitation in writing, indicating that your agency has no jurisdiction or authority with respect to the project, no expertise or information relevant to the project, and does not intend to submit comments on the project. The declination may be transmitted electronically to Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at ray.tellis@dot.gov; please include the title of the official responding.

In order to give your agency adequate opportunity to weigh the relevance of your participation as either a cooperating agency or a participating agency or both in this environmental review process, written response to this invitation is not due until **Wednesday, April 14, 2010**, after the interagency scoping meeting. The interagency scoping meeting will be held on the following date and location:

- **Thursday, February 18 at 10:00 a.m. at LACMTA, in the Windsor Conference Room, 15th Floor**, One Gateway Plaza, Los Angeles, CA 90012.

We are providing scoping information materials with this letter that include description of the project area and proposed alternatives. We have also enclosed a copy of the Federal Register Notice of Intent (NOI), which provides details on how to submit initial scoping comments if you would like to do so. As noted in the NOI, all scoping comments should be submitted on or before April 14, 2010. We will also provide a copy of the Coordination Plan for the project in the future. Scoping materials are also available on the project website at www.metro.net/eastsidephase2.

We look forward to your response to this request and your role as a cooperating or participating agency on this project. If you have questions or would like to discuss in more detail the project or our agencies' respective roles and responsibilities during the preparation of this EIS, please contact Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at (213) 202-3956. If you have any questions regarding this invitation, please contact Ms. Kimberly Yu, Project Manager, Los Angeles County Metropolitan Transportation Authority, One Gateway Plaza, Los Angeles, CA 90012, email address yuki@metro.net .

Re: Invitation to be a Cooperating Agency in the Environmental Review Process for the Eastside Transit Corridor Phase 2 Project

Dear Mr. Dornstauder:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is initiating the preparation of an Environmental Impact Statement for the proposed Eastside Transit Corridor Phase 2 Project. The Eastside Transit Corridor Phase 2 Project proposes to provide a transit connection to the Metro Gold Line Eastside Extension, linking communities farther east of Los Angeles to the regional transit network. The proposed project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier, and portions of unincorporated Los Angeles County which includes east Los Angeles and west Whittier-Los Nieto.

The purpose of the project is to provide improved high-capacity transit service to an area challenged by increased travel demand and traffic congestion. The overall goal of the project is to improve the mobility within the project area and enhance the connectivity of the transit system. This transit guideway investment would provide improved access and connect communities to jobs and major activity centers in Los Angeles County. The enclosed scoping information packet provides more details, including a preliminary schedule.

FTA seeks the US. Army Corps of Engineers' (USACE) cooperation in coordinating and determining effects of the proposed construction of the build alternatives under study and associated facilities on the Eastside Transit Corridor Phase 2 Project, including those related to other project alternatives, environmental consequences, and mitigation. We are requesting your agency to be a cooperating agency because the location of the Santa Anita Station, as part of the State Route 60 (SR-60) Light Rail Transit (LRT) alternative, is on property owned by the USACE to accommodate flood control. You can expect that the EIS will, to the greatest extent possible, satisfy the USACE statutory responsibilities and concerns. The environmental documentation will address environmental and programmatic concerns identified by the USACE and will be sufficiently detailed to enable the USACE to grant necessary permits or other approvals that may ensue from the build alternatives under study. If at any point in the process your needs are not being met, please let us know. We expect that at the end of the process the EIS will satisfy your NEPA requirements.

An Alternatives Analysis and an Addendum to the Alternatives Analysis have been completed for this project and the final reports may be found at www.metro.net/eastsidephase2. Through the Alternatives Analysis process and further refinement subsequently conducted in the Addendum, as well as with input from the public and agencies, the range of alternatives has been refined. Two build alternatives along with a No Build and Transportation System Management (TSM) Alternative were adopted by the Metro Board of Directors in October 2009 for further analysis. The project area and alternatives identified in the Alternatives Analysis and the Addendum to the Alternatives Analysis will be the subject of the Draft EIS/EIR.

If your agency does not wish to be a cooperating agency, your agency still has the opportunity to become a participating agency in the environmental review process. Section 6002 of SAFETEA-LU establishes an enhanced environmental review process for certain FTA projects, increasing the transparency of the process, as well as opportunities for participation. The requirements of Section 6002 apply to the project that is the subject of this letter.

As part of the environmental review process for this project, the lead agencies must identify, as early as practicable, any other Federal and non-Federal agencies that may have an interest in the project, and invite such agencies to become participating agencies in the environmental review process.[3]

As a participating agency, you will be afforded the opportunity, together with the public, to be involved in defining the purpose of and need for the project, as well as in determining the range of alternatives to be considered for the project. Re: Invitation to be a Cooperating Agency in the Environmental Review Process for the Eastside Transit Corridor Phase 2 Project

Dear Mr. Waidelich Jr.:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is initiating the preparation of an Environmental Impact Statement for the proposed Eastside Transit Corridor Phase 2 Project. The Eastside Transit Corridor Phase 2 Project proposes to provide a transit connection to the Metro Gold Line Eastside Extension, linking communities farther east of Los Angeles to the regional transit network. The proposed project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier, and portions of unincorporated Los Angeles County which includes east Los Angeles and west Whittier-Los Nieto.

The purpose of the project is to provide improved high-capacity transit service to an area challenged by increased travel demand and traffic congestion. The overall goal of the project is to improve the mobility within the project area and enhance the connectivity of the transit system. This transit guideway investment would provide improved access and connect communities to jobs and major activity centers in Los Angeles County. The enclosed scoping information packet provides more details, including a preliminary schedule.

FTA seeks the Federal Highway Administration's (FHWA) cooperation in coordinating and determining effects of the proposed construction of the build alternatives under study and associated facilities on the Eastside Transit Corridor Phase 2 Project, including those related to other project alternatives, environmental consequences, and mitigation. We are requesting your agency to be a cooperating agency because the alignment of one of the build alternatives, the State Route 60 (SR-60) Light Rail Transit (LRT) alternative, is proposed within the Caltrans' SR-60 right-of-way. You can expect that the EIS will, to the greatest extent possible, satisfy the FHWA statutory responsibilities and concerns. The environmental documentation will address environmental and programmatic concerns identified by the FHWA and will be sufficiently detailed to enable the FHWA to grant necessary permits or other approvals that may ensue from the build alternatives under study. If at any point in the process your needs are not being met, please let us know. We expect that at the end of the process the EIS will satisfy your NEPA requirements.

An Alternatives Analysis and an Addendum to the Alternatives Analysis have been completed for this project and the final reports may be found at www.metro.net/eastsidephase2. Through the Alternatives Analysis process and further refinement subsequently conducted in the Addendum, as well as with input from the public and agencies, the range of alternatives has been refined. Two build alternatives along with a No Build and Transportation System Management (TSM) Alternative were adopted by the Metro Board of Directors in October 2009 for further analysis. The project area and alternatives identified in the Alternatives Analysis and the Addendum to the Alternatives Analysis will be the subject of the Draft EIS/EIR.

If your agency does not wish to be a cooperating agency, your agency still has the opportunity to become a participating agency in the environmental review process. Section 6002 of SAFETEA-LU establishes an enhanced environmental review process for certain FTA projects, increasing the transparency of the process, as well as opportunities for participation. The requirements of Section 6002 apply to the project that is the subject of this letter.

As part of the environmental review process for this project, the lead agencies must identify, as early as practicable, any other Federal and non-Federal agencies that may have an interest in the project, and invite such agencies to become participating agencies in the environmental review process.[1]

As a participating agency, you will be afforded the opportunity, together with the public, to be involved in defining the purpose of and need for the project, as well as in determining the range of alternatives to be considered for the project. These opportunities will build on the early participation opportunities that were provided during the Alternatives Analysis process. In addition, you will be asked to:

- Provide input on the impact assessment methodologies and level of detail in your agency's area of expertise; and
- Participate in coordination meetings, conference calls, and joint field reviews, as appropriate.
- Review and comment on sections of the pre-draft or pre-final environmental documents to communicate any concerns of your agency on the adequacy of the document, the alternatives considered, and the anticipated impacts and mitigation.

---

[1] Designation as a "participation agency" does not imply that the participating agency supports the proposed project or has any jurisdiction over, or special expertise concerning the proposed project or its potential impacts. A "participating agency" differs from a "cooperating agency," which is defined in regulations implementing the National Environmental Policy Act as "any Federal agency other than a lead agency which has jurisdiction by law or special expertise with respect to any environmental impact involved in a proposal (or a reasonable alternative) for legislation or other major Federal action significantly affecting the quality of the human environment." 40 C.F.R. § 1508.5.

Your agency does not have to accept this invitation to be a cooperating agency or a participating agency. If, however, you elect not to become either a cooperating agency or participating agency, you must decline this invitation in writing, indicating that your agency has no jurisdiction or authority with respect to the project, no expertise or information relevant to the project, and does not intend to submit comments on the project. The declination may be transmitted electronically to Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at ray.tellis@dot.gov; please include the title of the official responding.

In order to give your agency adequate opportunity to weigh the relevance of your participation as either a cooperating agency or a participating agency or both in this environmental review process, written response to this invitation is not due until **Wednesday, April 14, 2010**, after the interagency scoping meeting. Senior Environmental Planner
California Department of Transportation
120 S. Spring St.
Los Angeles, CA 90012

Re: Invitation to be a Cooperating Agency in the Environmental Review Process for the Eastside Transit Corridor Phase 2 Project

Dear Mr. Iverson:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is initiating the preparation of an Environmental Impact Statement for the proposed Eastside Transit Corridor Phase 2 Project. The Eastside Transit Corridor Phase 2 Project proposes to provide a transit connection to the Metro Gold Line Eastside Extension, linking communities farther east of Los Angeles to the regional transit network. The proposed project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier, and portions of unincorporated Los Angeles County which includes east Los Angeles and west Whittier-Los Nieto.

The purpose of the project is to provide improved high-capacity transit service to an area challenged by increased travel demand and traffic congestion. The overall goal of the project is to improve the mobility within the project area and enhance the connectivity of the transit system. This transit guideway investment would provide improved access and connect communities to jobs and major activity centers in Los Angeles County. The enclosed scoping information packet provides more details, including a preliminary schedule.

FTA seeks California Department of Transportation's cooperation in coordinating and determining effects of the proposed construction of the build alternatives under study and associated facilities on the Eastside Transit Corridor Phase 2 Project, including those related to other project alternatives, environmental consequences, and mitigation. We are requesting your agency to be a cooperating agency because the alignment of one of the build alternatives, the State Route 60 (SR-60) Light Rail Transit (LRT) alternative, is proposed within the California Department of Transportation's SR-60 right-of-way. You can expect that the EIS will, to the greatest extent possible, satisfy California Department of Transportation statutory responsibilities and concerns. The environmental documentation will address environmental and programmatic concerns identified by California Department of Transportation and will be sufficiently detailed to enable California Department of Transportation to grant necessary permits or other approvals that may ensue from the build alternatives under study. If at any point in the process your needs are not being met, please

let us know. We expect that at the end of the process the EIS will satisfy your NEPA requirements.

An Alternatives Analysis and an Addendum to the Alternatives Analysis have been completed for this project and the final reports may be found at www.metro.net/eastsidephase2. Through the Alternatives Analysis process and further refinement subsequently conducted in the Addendum, as well as with input from the public and agencies, the range of alternatives has been refined. Two build alternatives along with a No Build and Transportation System Management (TSM) Alternative were adopted by the Metro Board of Directors in October 2009 for further analysis. The project area and alternatives identified in the Alternatives Analysis and the Addendum to the Alternatives Analysis will be the subject of the Draft EIS/EIR.

If your agency does not wish to be a cooperating agency, your agency still has the opportunity to become a participating agency in the environmental review process. Section 6002 of SAFETEA-LU establishes an enhanced environmental review process for certain FTA projects, increasing the transparency of the process, as well as opportunities for participation. The requirements of Section 6002 apply to the project that is the subject of this letter.

As part of the environmental review process for this project, the lead agencies must identify, as early as practicable, any other Federal and non-Federal agencies that may have an interest in the project, and invite such agencies to become participating agencies in the environmental review process.[1]

As a participating agency, you will be afforded the opportunity, together with the public, to be involved in defining the purpose of and need for the project, as well as in determining the range of alternatives to be considered for the project. These opportunities will build on the early participation opportunities that were provided during the Alternatives Analysis process. In addition, you will be asked to:

- Provide input on the impact assessment methodologies and level of detail in your agency's area of expertise; and
- Participate in coordination meetings, conference calls, and joint field reviews, as appropriate.

---

[1] Designation as a "participation agency" does not imply that the participating agency supports the proposed project or has any jurisdiction over, or special expertise concerning the proposed project or its potential impacts. A "participating agency" differs from a "cooperating agency," which is defined in regulations implementing the National Environmental Policy Act as "any Federal agency other than a lead agency which has jurisdiction by law or special expertise with respect to any environmental impact involved in a proposal (or a reasonable alternative) for legislation or other major Federal action significantly affecting the quality of the human environment." 40 C.F.R. § 1508.5.

Your agency does not have to accept this invitation to be a cooperating agency or a participating agency. If, however, you elect not to become either a cooperating agency or participating agency, you must decline this invitation in writing, indicating that your agency has no jurisdiction or authority with respect to the project, no expertise or information relevant to the project, and does not intend to submit comments on the project. The declination may be transmitted electronically to Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at ray.tellis@dot.gov; please include the title of the official responding.

In order to give your agency adequate opportunity to weigh the relevance of your participation as either a cooperating agency or a participating agency or both in this environmental review process, written response to this invitation is not due until **Wednesday, April 14, 2010**, after the interagency scoping meeting. The interagency scoping meeting will be held on the following date and location:

- **Thursday, February 18 at 10:00 a.m. at LACMTA, in the Windsor Conference Room, 15th Floor**, One Gateway Plaza, Los Angeles, CA 90012.

We are providing scoping information materials with this letter that include description of the project area and proposed alternatives. We have also enclosed a copy of the Federal Register Notice of Intent (NOI), which provides details on how to submit initial scoping comments if you would like to do so. As noted in the NOI, all scoping comments should be submitted on or before April 14, 2010. We will also provide a copy of the Coordination Plan for the project in the future. Scoping materials are also available on the project website at www.metro.net/eastsidephase2.

We look forward to your response to this request and your role as a cooperating or participating agency on this project. If you have questions or would like to discuss in more detail the project or our agencies' respective roles and responsibilities during the preparation of this EIS, please contact Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at (213) 202-3956. If you have any questions regarding this invitation, please contact Ms. Kimberly Yu, Project Manager, Los Angeles County Metropolitan Transportation Authority, One Gateway Plaza, Los Angeles, CA 90012, email address yuki@metro.net .

Sincerely,

Arthur T. Leahy

Ms. Linda Wright
Senior Transportation Planner
California Department of Transportation
District 7-Office of Regional Planning & Public Transportation
100 S. Main St., MS16
Los Angeles , CA 90012

Re: Invitation to be a Cooperating Agency in the Environmental Review Process for the Eastside Transit Corridor Phase 2 Project

Dear Ms. Wright:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is initiating the preparation of an Environmental Impact Statement for the proposed Eastside Transit Corridor Phase 2 Project. The Eastside Transit Corridor Phase 2 Project proposes to provide a transit connection to the Metro Gold Line Eastside Extension, linking communities farther east of Los Angeles to the regional transit network. The proposed project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier, and portions of unincorporated Los Angeles County which includes east Los Angeles and west Whittier-Los Nieto.

The purpose of the project is to provide improved high-capacity transit service to an area challenged by increased travel demand and traffic congestion. The overall goal of the project is to improve the mobility within the project area and enhance the connectivity of the transit system. This transit guideway investment would provide improved access and connect communities to jobs and major activity centers in Los Angeles County. The enclosed scoping information packet provides more details, including a preliminary schedule.

FTA seeks California Department of Transportation's cooperation in coordinating and determining effects of the proposed construction of the build alternatives under study and associated facilities on the Eastside Transit Corridor Phase 2 Project, including those related to other project alternatives, environmental consequences, and mitigation. We are requesting your agency to be a cooperating agency because the alignment of one of the build alternatives, the State Route 60 (SR-60) Light Rail Transit (LRT) alternative, is proposed within the California Department of Transportation's SR-60 right-of-way. You can expect that the EIS will, to the greatest extent possible, satisfy California Department of Transportation statutory responsibilities and concerns. The environmental documentation will address environmental and programmatic concerns identified by California Department of Transportation and will be sufficiently detailed to enable California Department of Transportation to grant necessary permits or other approvals that may ensue from the build

alternatives under study. If at any point in the process your needs are not being met, please let us know. We expect that at the end of the process the EIS will satisfy your NEPA requirements.

An Alternatives Analysis and an Addendum to the Alternatives Analysis have been completed for this project and the final reports may be found at www.metro.net/eastsidephase2. Through the Alternatives Analysis process and further refinement subsequently conducted in the Addendum, as well as with input from the public and agencies, the range of alternatives has been refined. Two build alternatives along with a No Build and Transportation System Management (TSM) Alternative were adopted by the Metro Board of Directors in October 2009 for further analysis. The project area and alternatives identified in the Alternatives Analysis and the Addendum to the Alternatives Analysis will be the subject of the Draft EIS/EIR.

If your agency does not wish to be a cooperating agency, your agency still has the opportunity to become a participating agency in the environmental review process. Section 6002 of SAFETEA-LU establishes an enhanced environmental review process for certain FTA projects, increasing the transparency of the process, as well as opportunities for participation. The requirements of Section 6002 apply to the project that is the subject of this letter.

As part of the environmental review process for this project, the lead agencies must identify, as early as practicable, any other Federal and non-Federal agencies that may have an interest in the project, and invite such agencies to become participating agencies in the environmental review process.[2]

As a participating agency, you will be afforded the opportunity, together with the public, to be involved in defining the purpose of and need for the project, as well as in determining the range of alternatives to be considered for the project. These opportunities will build on the early participation opportunities that were provided during the Alternatives Analysis process. In addition, you will be asked to:

- Provide input on the impact assessment methodologies and level of detail in your agency's area of expertise; and
- Participate in coordination meetings, conference calls, and joint field reviews, as appropriate.

---

[2] Designation as a "participation agency" does not imply that the participating agency supports the proposed project or has any jurisdiction over, or special expertise concerning the proposed project or its potential impacts. A "participating agency" differs from a "cooperating agency," which is defined in regulations implementing the National Environmental Policy Act as "any Federal agency other than a lead agency which has jurisdiction by law or special expertise with respect to any environmental impact involved in a proposal (or a reasonable alternative) for legislation or other major Federal action significantly affecting the quality of the human environment." 40 C.F.R. § 1508.5.

Your agency does not have to accept this invitation to be a cooperating agency or a participating agency. If, however, you elect not to become either a cooperating agency or participating agency, you must decline this invitation in writing, indicating that your agency has no jurisdiction or authority with respect to the project, no expertise or information relevant to the project, and does not intend to submit comments on the project. The declination may be transmitted electronically to Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at ray.tellis@dot.gov; please include the title of the official responding.

In order to give your agency adequate opportunity to weigh the relevance of your participation as either a cooperating agency or a participating agency or both in this environmental review process, written response to this invitation is not due until **Wednesday, April 14, 2010**, after the interagency scoping meeting. The interagency scoping meeting will be held on the following date and location:

- **Thursday, February 18 at 10:00** a.m. at LACMTA, in the **Windsor Conference Room**, 15th Floor, One Gateway Plaza, Los Angeles, CA 90012.

We are providing scoping information materials with this letter that include description of the project area and proposed alternatives. We have also enclosed a copy of the Federal Register Notice of Intent (NOI), which provides details on how to submit initial scoping comments if you would like to do so. As noted in the NOI, all scoping comments should be submitted on or before April 14, 2010. We will also provide a copy of the Coordination Plan for the project in the future. Scoping materials are also available on the project website at www.metro.net/eastsidephase2.

We look forward to your response to this request and your role as a cooperating or participating agency on this project. If you have questions or would like to discuss in more detail the project or our agencies' respective roles and responsibilities during the preparation of this EIS, please contact Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at (213) 202-3956. If you have any questions regarding this invitation, please contact Ms. Kimberly Yu, Project Manager, Los Angeles County Metropolitan Transportation Authority, One Gateway Plaza, Los Angeles, CA 90012, email address yuki@metro.net .

Sincerely,

Arthur T. Leahy

Re: Invitation to be a Cooperating Agency in the Environmental Review Process for the Eastside Transit Corridor Phase 2 Project

Dear Mr. Kosinski:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is initiating the preparation of an Environmental Impact Statement for the proposed Eastside Transit Corridor Phase 2 Project. The Eastside Transit Corridor Phase 2 Project proposes to provide a transit connection to the Metro Gold Line Eastside Extension, linking communities farther east of Los Angeles to the regional transit network. The proposed project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier, and portions of unincorporated Los Angeles County which includes east Los Angeles and west Whittier-Los Nieto.

The purpose of the project is to provide improved high-capacity transit service to an area challenged by increased travel demand and traffic congestion. The overall goal of the project is to improve the mobility within the project area and enhance the connectivity of the transit system. This transit guideway investment would provide improved access and connect communities to jobs and major activity centers in Los Angeles County. The enclosed scoping information packet provides more details, including a preliminary schedule.

FTA seeks California Department of Transportation's cooperation in coordinating and determining effects of the proposed construction of the build alternatives under study and associated facilities on the Eastside Transit Corridor Phase 2 Project, including those related to other project alternatives, environmental consequences, and mitigation. We are requesting your agency to be a cooperating agency because the alignment of one of the build alternatives, the State Route 60 (SR-60) Light Rail Transit (LRT) alternative, is proposed within the California Department of Transportation's SR-60 right-of-way. You can expect that the EIS will, to the greatest extent possible, satisfy California Department of Transportation statutory responsibilities and concerns. The environmental documentation will address environmental and programmatic concerns identified by California Department of Transportation and will be sufficiently detailed to enable California Department of Transportation to grant necessary permits or other approvals that may ensue from the build

alternatives under study. If at any point in the process your needs are not being met, please let us know. We expect that at the end of the process the EIS will satisfy your NEPA requirements.

An Alternatives Analysis and an Addendum to the Alternatives Analysis have been completed for this project and the final reports may be found at www.metro.net/eastsidephase2. Through the Alternatives Analysis process and further refinement subsequently conducted in the Addendum, as well as with input from the public and agencies, the range of alternatives has been refined. Two build alternatives along with a No Build and Transportation System Management (TSM) Alternative were adopted by the Metro Board of Directors in October 2009 for further analysis. The project area and alternatives identified in the Alternatives Analysis and the Addendum to the Alternatives Analysis will be the subject of the Draft EIS/EIR.

If your agency does not wish to be a cooperating agency, your agency still has the opportunity to become a participating agency in the environmental review process. Section 6002 of SAFETEA-LU establishes an enhanced environmental review process for certain FTA projects, increasing the transparency of the process, as well as opportunities for participation. The requirements of Section 6002 apply to the project that is the subject of this letter.

As part of the environmental review process for this project, the lead agencies must identify, as early as practicable, any other Federal and non-Federal agencies that may have an interest in the project, and invite such agencies to become participating agencies in the environmental review process.[3]

As a participating agency, you will be afforded the opportunity, together with the public, to be involved in defining the purpose of and need for the project, as well as in determining the range of alternatives to be considered for the project. These opportunities will build on the early participation opportunities that were provided during the Alternatives Analysis process. In addition, you will be asked to:

- Provide input on the impact assessment methodologies and level of detail in your agency's area of expertise; and
- Participate in coordination meetings, conference calls, and joint field reviews, as appropriate.

Re: Invitation to be a Cooperating Agency in the Environmental Review Process for the Eastside Transit Corridor Phase 2 Project

Dear Mr. Damrath:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is initiating the preparation of an Environmental Impact Statement for the proposed Eastside Transit Corridor Phase 2 Project. The Eastside Transit Corridor Phase 2 Project proposes to provide a transit connection to the Metro Gold Line Eastside Extension, linking communities farther east of Los Angeles to the regional transit network. The proposed project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier, and portions of unincorporated Los Angeles County which includes east Los Angeles and west Whittier-Los Nieto.

The purpose of the project is to provide improved high-capacity transit service to an area challenged by increased travel demand and traffic congestion. The overall goal of the project is to improve the mobility within the project area and enhance the connectivity of the transit system. This transit guideway investment would provide improved access and connect communities to jobs and major activity centers in Los Angeles County. The enclosed scoping information packet provides more details, including a preliminary schedule.

FTA seeks California Department of Transportation's cooperation in coordinating and determining effects of the proposed construction of the build alternatives under study and associated facilities on the Eastside Transit Corridor Phase 2 Project, including those related to other project alternatives, environmental consequences, and mitigation. We are requesting your agency to be a cooperating agency because the alignment of one of the build alternatives, the State Route 60 (SR-60) Light Rail Transit (LRT) alternative, is proposed within the California Department of Transportation's SR-60 right-of-way. You can expect that the EIS will, to the greatest extent possible, satisfy California Department of Transportation statutory responsibilities and concerns. The environmental documentation will address environmental and programmatic concerns identified by California Department of Transportation and will be sufficiently detailed to enable California Department of Transportation to grant necessary permits or other approvals that may ensue from the build

alternatives under study. If at any point in the process your needs are not being met, please let us know. We expect that at the end of the process the EIS will satisfy your NEPA requirements.

An Alternatives Analysis and an Addendum to the Alternatives Analysis have been completed for this project and the final reports may be found at www.metro.net/eastsidephase2. Through the Alternatives Analysis process and further refinement subsequently conducted in the Addendum, as well as with input from the public and agencies, the range of alternatives has been refined. Two build alternatives along with a No Build and Transportation System Management (TSM) Alternative were adopted by the Metro Board of Directors in October 2009 for further analysis. The project area and alternatives identified in the Alternatives Analysis and the Addendum to the Alternatives Analysis will be the subject of the Draft EIS/EIR.

If your agency does not wish to be a cooperating agency, your agency still has the opportunity to become a participating agency in the environmental review process. Section 6002 of SAFETEA-LU establishes an enhanced environmental review process for certain FTA projects, increasing the transparency of the process, as well as opportunities for participation. The requirements of Section 6002 apply to the project that is the subject of this letter.

As part of the environmental review process for this project, the lead agencies must identify, as early as practicable, any other Federal and non-Federal agencies that may have an interest in the project, and invite such agencies to become participating agencies in the environmental review process.[4]

As a participating agency, you will be afforded the opportunity, together with the public, to be involved in defining the purpose of and need for the project, as well as in determining the range of alternatives to be considered for the project. These opportunities will build on the early participation opportunities that were provided during the Alternatives Analysis process. In addition, you will be asked to:

- Provide input on the impact assessment methodologies and level of detail in your agency's area of expertise; and
- Participate in coordination meetings, conference calls, and joint field reviews, as appropriate.

---

[4] Designation as a "participation agency" does not imply that the participating agency supports the proposed project or has any jurisdiction over, or special expertise concerning the proposed project or its potential impacts. A "participating agency" differs from a "cooperating agency," which is defined in regulations implementing the National Environmental Policy Act as "any Federal agency other than a lead agency which has jurisdiction by law or special expertise with respect to any environmental impact involved in a proposal (or a reasonable alternative) for legislation or other major Federal action significantly affecting the quality of the human environment." 40 C.F.R. § 1508.5.

Your agency does not have to accept this invitation to be a cooperating agency or a participating agency. If, however, you elect not to become either a cooperating agency or participating agency, you must decline this invitation in writing, indicating that your agency has no jurisdiction or authority with respect to the project, no expertise or information relevant to the project, and does not intend to submit comments on the project. The declination may be transmitted electronically to Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at ray.tellis@dot.gov; please include the title of the official responding.

In order to give your agency adequate opportunity to weigh the relevance of your participation as either a cooperating agency or a participating agency or both in this environmental review process, written response to this invitation is not due until **Wednesday, April 14, 2010**, after the interagency scoping meeting. The interagency scoping meeting will be held on the following date and location:

- Thursday, February 18 at 10:00 a.m. at LACMTA, in the Windsor Conference Room, 15th Floor, One Gateway Plaza, Los Angeles, CA 90012.

We are providing scoping information materials with this letter that include description of the project area and proposed alternatives. We have also enclosed a copy of the Federal Register Notice of Intent (NOI), which provides details on how to submit initial scoping comments if you would like to do so. As noted in the NOI, all scoping comments should be submitted on or before April 14, 2010. We will also provide a copy of the Coordination Plan for the project in the future. Mr. Richard Land
Interim District Director
California Department of Transportation
District 7-Office
100 S. Main St.
Los Angeles, CA 90012

Re: Invitation to be a Cooperating Agency in the Environmental Review Process for the Eastside Transit Corridor Phase 2 Project

Dear Mr. Land:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is initiating the preparation of an Environmental Impact Statement for the proposed Eastside Transit Corridor Phase 2 Project. The Eastside Transit Corridor Phase 2 Project proposes to provide a transit connection to the Metro Gold Line Eastside Extension, linking communities farther east of Los Angeles to the regional transit network. The proposed project area consists of portions of eight jurisdictions, including the cities of Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, Whittier, and portions of unincorporated Los Angeles County which includes east Los Angeles and west Whittier-Los Nieto.

The purpose of the project is to provide improved high-capacity transit service to an area challenged by increased travel demand and traffic congestion. The overall goal of the project is to improve the mobility within the project area and enhance the connectivity of the transit system. This transit guideway investment would provide improved access and connect communities to jobs and major activity centers in Los Angeles County. The enclosed scoping information packet provides more details, including a preliminary schedule.

FTA seeks California Department of Transportation's cooperation in coordinating and determining effects of the proposed construction of the build alternatives under study and associated facilities on the Eastside Transit Corridor Phase 2 Project, including those related to other project alternatives, environmental consequences, and mitigation. We are requesting your agency to be a cooperating agency because the alignment of one of the build alternatives, the State Route 60 (SR-60) Light Rail Transit (LRT) alternative, is proposed within the California Department of Transportation's SR-60 right-of-way. You can expect that the EIS will, to the greatest extent possible, satisfy California Department of Transportation statutory responsibilities and concerns. The environmental documentation will address environmental and programmatic concerns identified by California Department of Transportation and will be sufficiently detailed to enable California Department of Transportation to grant necessary permits or other approvals that may ensue from the build

alternatives under study. If at any point in the process your needs are not being met, please let us know. We expect that at the end of the process the EIS will satisfy your NEPA requirements.

An Alternatives Analysis and an Addendum to the Alternatives Analysis have been completed for this project and the final reports may be found at www.metro.net/eastsidephase2. Through the Alternatives Analysis process and further refinement subsequently conducted in the Addendum, as well as with input from the public and agencies, the range of alternatives has been refined. Two build alternatives along with a No Build and Transportation System Management (TSM) Alternative were adopted by the Metro Board of Directors in October 2009 for further analysis. The project area and alternatives identified in the Alternatives Analysis and the Addendum to the Alternatives Analysis will be the subject of the Draft EIS/EIR.

If your agency does not wish to be a cooperating agency, your agency still has the opportunity to become a participating agency in the environmental review process. Section 6002 of SAFETEA-LU establishes an enhanced environmental review process for certain FTA projects, increasing the transparency of the process, as well as opportunities for participation. The requirements of Section 6002 apply to the project that is the subject of this letter.

As part of the environmental review process for this project, the lead agencies must identify, as early as practicable, any other Federal and non-Federal agencies that may have an interest in the project, and invite such agencies to become participating agencies in the environmental review process.[6]

As a participating agency, you will be afforded the opportunity, together with the public, to be involved in defining the purpose of and need for the project, as well as in determining the range of alternatives to be considered for the project. These opportunities will build on the early participation opportunities that were provided during the Alternatives Analysis process. In addition, you will be asked to:

- Provide input on the impact assessment methodologies and level of detail in your agency's area of expertise; and
- Participate in coordination meetings, conference calls, and joint field reviews, as appropriate.

---

[6] Designation as a "participation agency" does not imply that the participating agency supports the proposed project or has any jurisdiction over, or special expertise concerning the proposed project or its potential impacts. A "participating agency" differs from a "cooperating agency," which is defined in regulations implementing the National Environmental Policy Act as "any Federal agency other than a lead agency which has jurisdiction by law or special expertise with respect to any environmental impact involved in a proposal (or a reasonable alternative) for legislation or other major Federal action significantly affecting the quality of the human environment." 40 C.F.R. § 1508.5.

Your agency does not have to accept this invitation to be a cooperating agency or a participating agency. If, however, you elect not to become either a cooperating agency or participating agency, you must decline this invitation in writing, indicating that your agency has no jurisdiction or authority with respect to the project, no expertise or information relevant to the project, and does not intend to submit comments on the project. The declination may be transmitted electronically to Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at ray.tellis@dot.gov; please include the title of the official responding.

In order to give your agency adequate opportunity to weigh the relevance of your participation as either a cooperating agency or a participating agency or both in this environmental review process, written response to this invitation is not due until **Wednesday, April 14, 2010**, after the interagency scoping meeting. The interagency scoping meeting will be held on the following date and location:

- **Thursday, February 18 at 10:00** a.m. at LACMTA, in the **Windsor Conference Room, 15th Floor**, One Gateway Plaza, Los Angeles, CA 90012.

We are providing scoping information materials with this letter that include description of the project area and proposed alternatives. We have also enclosed a copy of the Federal Register Notice of Intent (NOI), which provides details on how to submit initial scoping comments if you would like to do so. As noted in the NOI, all scoping comments should be submitted on or before April 14, 2010. We will also provide a copy of the Coordination Plan for the project in the future. Scoping materials are also available on the project website at www.metro.net/eastsidephase2.

We look forward to your response to this request and your role as a cooperating or participating agency on this project. If you have questions or would like to discuss in more detail the project or our agencies' respective roles and responsibilities during the preparation of this EIS, please contact Mr. Ray Tellis of the FTA Los Angeles Metropolitan Office at (213) 202-3956. If you have any questions regarding this invitation, please contact Ms. Kimberly Yu, Project Manager, Los Angeles County Metropolitan Transportation Authority, One Gateway Plaza, Los Angeles, CA 90012, email address yuki@metro.net .

Sincerely,

Arthur T. Leahy

Arthur T. Leahy
Chief Executive Officer

Metro Eastside Transit Corridor Phase 2
Agency Scoping Meeting
February 18, 2010, 10:00 a.m
Metro Headquarters, One Gateway Plaza, Windsor Conference Room

Name: Aurora Jackson

Affiliation (i.e. organization, resident, business): City of Montebello

Address: 400 S. Taylor Avenue

Phone/Cell: Montebello, CA 90640

Email: ajackson@cityofmontebello.com

Thank you for your interest in this Metro project. We welcome your comments on the alternatives or on any other project information.

Based on presentation provided @ the TAC scoping mtg on 2/18/10, the SR-60 alignment is being proposed along the southern portion of the fwy w/ park & rides at each of the proposed 4 stations. (1) Montebello is requesting consideration for building of both sides of the fwy. (2) A park & ride near the mall to provide access to Montebello residents from Paramount or San Gabriel Blvd. (3) A reduction of other park & ride locations that may negatively affect Montebello business or have a negative impact to traffic flow for residents

Please use the reverse side for additional comments. Comments may also be mailed by April 14, 2010 to: Kimberly Yu, Project Manager, Metro, One Gateway Plaza, 99-22-2, Los Angeles, CA 90012, emailed to yuki@metro.net or faxed to 213-922-3005.

Washington alignment

1. Request no 2-grade sections in the City of Montebello along Garfield or Washington portions.

2. Consideration given to heavy truck traffic flow along Washington.
