October 21, 2014

The Honorable Bill Nelson, Senator  
United States Senate  
U. S. Court House Annex  
111 North Adams Street  
Tallahassee, FL 32301

RE: State Road 87 Connector Project Development and Environment (PD&E) Study  
State Road 87 South at State Road 10 (U.S. 90) to State Road 87 North,  
Santa Rosa County  
Financial Project Identification Numbers: 416748-3-22-01, 416748-3-22-02,  
416748-4-22-01, 416748-4-22-02, and 416748-4-22-90

Dear Senator Nelson:

The Florida Department of Transportation (FDOT) invites you or a member of your staff to attend a public hearing concerning the Project Development and Environment (PD&E) study to State Road (S.R.) 87 South at S.R. 10 (U.S. 90) to S.R. 87 North in Santa Rosa County. The hearing will be held Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST, at the First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton. There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation at 6 p.m.

This hearing is being held to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received.

Persons wishing to submit written statements or other exhibits, in place of, or in addition to, oral statements, may do so at the hearing or by sending them to Peggy Kelley, FDOT Project Manager, 1074 Highway 90, Chipley, FL 32428. All exhibits or statements postmarked on or before November 23, 2014 will become part of the public hearing record. Representatives from FDOT will also be available at the hearing to answer questions and receive comments.

Senator Nelson  
October 21, 2014  
Page 2

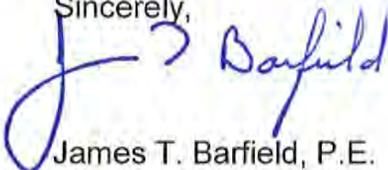

The draft environmental and engineering documents developed for the department will be available for public review weekdays from October 23 to November 13, 2014 from 8 a.m. to 5 p.m. CST at the Santa Rosa County Engineering Department, 6051 Old Bagdad Highway, Suite 300, Milton and the FDOT Milton Operations Office, 6052 Old Bagdad Highway, Milton.

Meeting notices are being sent to public officials, organizations and individuals interested in this project. FDOT is also required to give notice to those whose property lies, in whole or in part, within 300 feet on either side of the centerline of all proposed alternatives (though they may not be directly affected). Enclosed for your review is a copy of the meeting handout.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Peggy Kelley, FDOT Project Manager, toll-free at (888) 638-0250, extension 1517, at least seven days prior to the meeting.

Should you have questions or comments regarding the proposed project or this meeting, contact Peggy Kelley at the number above or via email at [peggy.kelley@dot.state.fl.us](mailto:peggy.kelley@dot.state.fl.us). You may also contact Ian Satter, District Three Public Information Director, at (888) 638-0250, extension 1205 or via email at [ian.satter@dot.state.fl.us](mailto:ian.satter@dot.state.fl.us).

Sincerely,

A handwritten signature in blue ink that reads "James T. Barfield". The signature is written in a cursive style with a large initial "J".

James T. Barfield, P.E.  
District Secretary

# S.R. 87 Connector PD&E Study Public Hearing

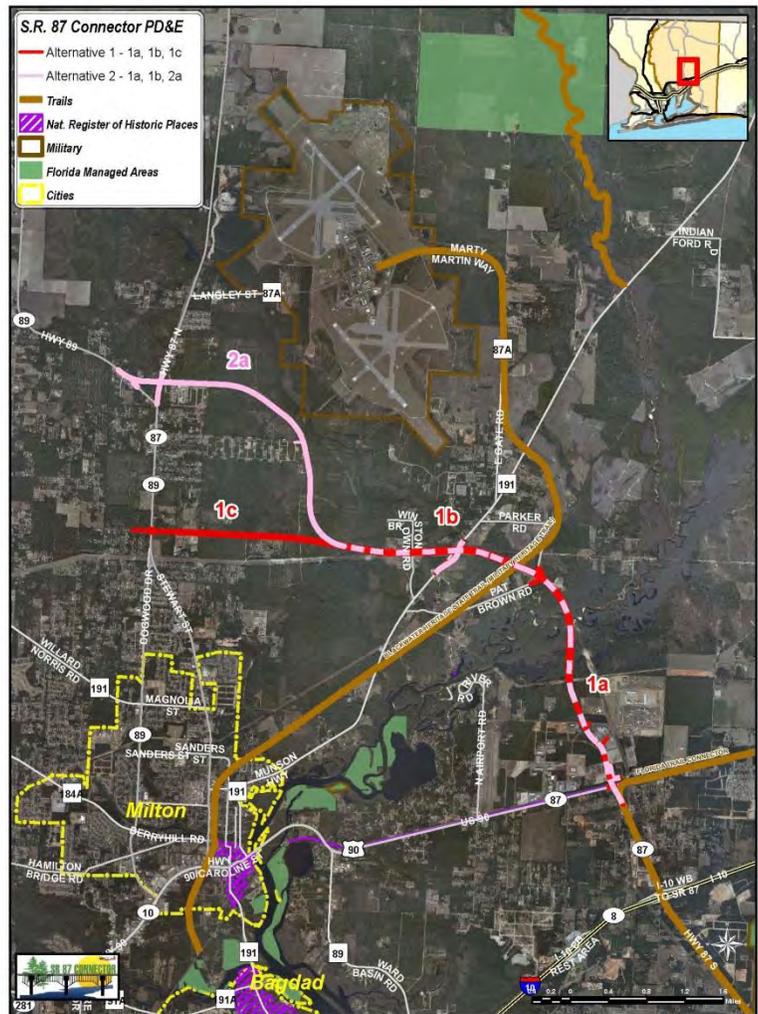

## PROJECT DESCRIPTION

This Project Development and Environment (PD&E) study is for a proposed new **two-lane roadway** with right-of-way that could accommodate a potential future four-lane expansion. Depending on the corridor selected, the roadway may be six to eight miles in length. The study area extends from State Road (S.R.) 87 South at U.S. 90, to as far north as the intersection of S.R. 87 North and Southridge Road, and as far west as the intersection of S.R. 89 and U.S. 90 at the Glover Lane intersection.

## PROJECT DEVELOPMENT AND ENVIRONMENT STUDY

A PD&E Study is an integrated work effort involving engineering analysis and environmental evaluation, all accomplished within the context of a public participation program. The approach to this project has been to thoroughly assess the safety, mobility and community needs of a possible connector, develop alternatives to address those needs, and evaluate them according to regulatory agency requirements and community values. This approach has involved three phases. Phase 1 was the Efficient Transportation Decision Making (ETDM) review, Phase 2 was the Corridor Analysis and Alternatives Selection Process, and Phase 3 was the Concept Development and Environmental Document Preparation phase of study. Currently, we are at the end of Phase 3 of this project. This phase of the study involved detailed analysis regarding the environmental and social impacts of this project and extensive review by agencies. This phase ensures the project will meet federal and state regulations.

## *Agenda*

*5:30 p.m.-6:30 p.m.  
First Assembly of God  
6163 Dogwood Drive, Milton*

5:30 p.m. to 6 p.m.....Open House with Project Team  
6 p.m. to 6:30 p.m.....Public Hearing Presentation

# S.R. 87 Connector PD&E Study Public Hearing

## PROJECT UPDATE

The project team has submitted the Draft Environmental Impact Statement (DEIS) to the Federal Highway Administration (FHWA). FHWA has approved this draft document which resulted in the approval to conduct this public hearing. The DEIS summarizes all of the reports and analysis completed throughout the study.

Since the last public meeting, the S.R. 87 Connector has gone through some updates:

- The alignment near Pat Brown Road has shifted due to potential impacts to the Reticulated Flatwoods Salamander.
- A bridge will be provided over the Blackwater River, the Blackwater Heritage State Trail and the Reticulated Flatwoods Salamander habitat.
- A rural typical section will be provided from the Blackwater River Bridge north to approximately a quarter of a mile from the project end limits.
- Due to budgetary constraints, the multi-use trail and sidewalks will not be provided throughout the project limits. A multi-use trail will begin at U.S. 90 and end with a connection to the Blackwater Heritage State Trail. Sidewalks are not being proposed at this time; however, the necessary right-of-way will be purchased to accommodate sidewalks in the future. Bicycle lanes/paved shoulders will be provided for the entire project length.

A Biological Assessment (BA) was completed for impacts to the Reticulated Flatwoods Salamander and the Gulf Sturgeon. The United States Fish and Wildlife Agency has reviewed the BA and determined that with the mitigation efforts proposed, this project is not likely to jeopardize the continued existence of either species.

## PUBLIC HEARING

This public hearing is being held in accordance with the **Federal-aid Highway Act of 1968**, as amended, **23 USC 128, 40 CFR 1500-1508, 23 CFR 771; Section 339.155, Florida Statute; and Executive Order 11988, Floodplain Management and Executive Order 11990, Protection of Wetlands of the Constitution of the United States of America**. This public hearing was advertised consistent with federal and state requirements and is being conducted consistent with the **Americans with Disabilities Act of 1990**.

## PUBLIC HEARING PURPOSE

The purpose of this public hearing is to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received. A court reporter will be available during the meeting to record comments received by the public. This transcript will be part of the public record for this project.

## THE PUBLIC HEARING PROCEDURE

There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation. The public is encouraged to ask questions and/or submit comments pertaining to the proposed improvements to any of the FDOT representatives that will be available. Comments may also be made publicly or directly to the court reporter at the conclusion of the presentation. Concept plans will be displayed to show the proposed improvements and we urge all attendees to review the information.

## S.R. 87 Connector PD&E Study Public Hearing

### **COMMENTS/QUESTIONS AND ANSWERS**

The Florida Department of Transportation (FDOT) representatives will be available to answer questions and attendees will have the opportunity to submit written comments at the front desk. Comments may also be entered on the project website at [www.sr87connector.com](http://www.sr87connector.com). A court reporter will take official comments throughout the meeting and a public comment may be made with the completion of a speaker's card.

Written comments may also be submitted to the following address:

Peggy Kelley  
FDOT Project Manager  
1074 Highway 90  
Chipley, FL 32428

For additional project information, you may contact Ian Satter, FDOT Public Information Director, at (888) 638-0250 ext. 1205 (toll-free), [ian.satter@dot.state.fl.us](mailto:ian.satter@dot.state.fl.us). You may also visit our project website at [www.sr87connector.com](http://www.sr87connector.com).

Your comments and input relative to this project are important to us. Comments must be postmarked by Monday, November 24, 2014 to be considered part of the official record.

### **APPLICABLE LAW AND REGULATIONS**

The Florida Department of Transportation complies with various U.S. non-discrimination laws and regulations, including Title VI of the Civil Rights Act of 1964. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons wishing to express concerns about Title VI may do so by contacting:

The hearing will be held Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST, at the First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton. There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation at 6 p.m.

This hearing is being held to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received.

Persons wishing to submit written statements or other exhibits, in place of, or in addition to, oral statements, may do so at the hearing or by sending them to Peggy Kelley, FDOT Project Manager, 1074 Highway 90, Chipley, FL 32428. All exhibits or statements postmarked on or before November 23rd, 2014 will become part of the public hearing record. Representatives from FDOT will also be available at the hearing to answer questions and receive comments.

The draft environmental and engineering documents developed for the department will be available for public review weekdays from October 23 to November 13, 2014 from 8 a.m. to 5 p.m. CST at the Santa Rosa County Engineering Department, 6051 Old Bagdad Highway, Suite 300, Milton and the FDOT Milton Operations Office, 6052 Old Bagdad Highway, Milton.

Representative Hill  
October 21, 2014  
Page 2

Meeting notices are being sent to public officials, organizations and individuals interested in this project. FDOT is also required to give notice to those whose property lies, in whole or in part, within 300 feet on either side of the centerline of all proposed alternatives (though they may not be directly affected). Enclosed for your review is a copy of the meeting handout.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Peggy Kelley, FDOT Project Manager, toll-free at (888) 638-0250, extension 1517, at least seven days prior to the meeting.

Should you have questions or comments regarding the proposed project or this meeting, contact Peggy Kelley at the number above or via email at [peggy.kelley@dot.state.fl.us](mailto:peggy.kelley@dot.state.fl.us). You may also contact Ian Satter, District Three Public Information Director, at (888) 638-0250, extension 1205 or via email at [ian.satter@dot.state.fl.us](mailto:ian.satter@dot.state.fl.us).

Sincerely,

James T. Barfield, P.E.  
District Secretary

# S.R. 87 Connector PD&E Study Public Hearing

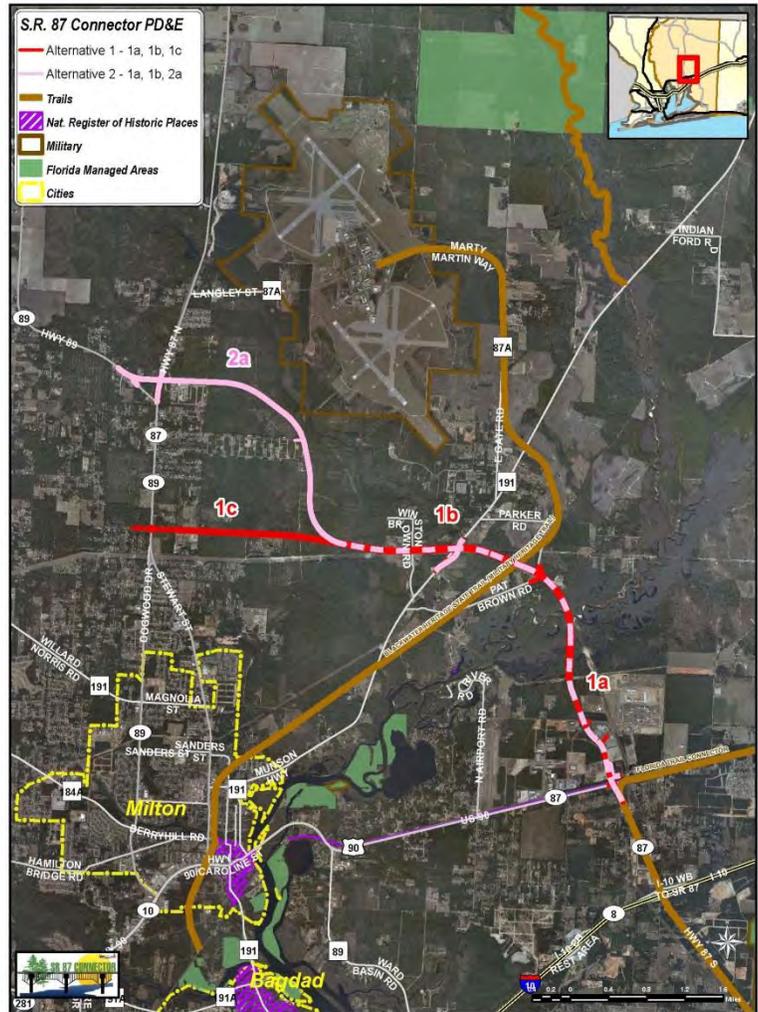

## PROJECT DESCRIPTION

This Project Development and Environment (PD&E) study is for a proposed new **two-lane roadway** with right-of-way that could accommodate a potential future four-lane expansion. Depending on the corridor selected, the roadway may be six to eight miles in length. The study area extends from State Road (S.R.) 87 South at U.S. 90, to as far north as the intersection of S.R. 87 North and Southridge Road, and as far west as the intersection of S.R. 89 and U.S. 90 at the Glover Lane intersection.

## PROJECT DEVELOPMENT AND ENVIRONMENT STUDY

A PD&E Study is an integrated work effort involving engineering analysis and environmental evaluation, all accomplished within the context of a public participation program. The approach to this project has been to thoroughly assess the safety, mobility and community needs of a possible connector, develop alternatives to address those needs, and evaluate them according to regulatory agency requirements and community values. This approach has involved three phases. Phase 1 was the Efficient Transportation Decision Making (ETDM) review, Phase 2 was the Corridor Analysis and Alternatives Selection Process, and Phase 3 was the Concept Development and Environmental Document Preparation phase of study. Currently, we are at the end of Phase 3 of this project. This phase of the study involved detailed analysis regarding the environmental and social impacts of this project and extensive review by agencies. This phase ensures the project will meet federal and state regulations.

## *Agenda*

*5:30 p.m.-6:30 p.m.

6 p.m. to 6:30 p.m.....Public Hearing Presentation

# S.R. 87 Connector PD&E Study Public Hearing

## PROJECT UPDATE

The project team has submitted the Draft Environmental Impact Statement (DEIS) to the Federal Highway Administration (FHWA). FHWA has approved this draft document which resulted in the approval to conduct this public hearing. The DEIS summarizes all of the reports and analysis completed throughout the study.

Since the last public meeting, the S.R. 87 Connector has gone through some updates:

- The alignment near Pat Brown Road has shifted due to potential impacts to the Reticulated Flatwoods Salamander.
- A bridge will be provided over the Blackwater River, the Blackwater Heritage State Trail and the Reticulated Flatwoods Salamander habitat.
- A rural typical section will be provided from the Blackwater River Bridge north to approximately a quarter of a mile from the project end limits.
- Due to budgetary constraints, the multi-use trail and sidewalks will not be provided throughout the project limits. A multi-use trail will begin at U.S. 90 and end with a connection to the Blackwater Heritage State Trail. Sidewalks are not being proposed at this time; however, the necessary right-of-way will be purchased to accommodate sidewalks in the future. Bicycle lanes/paved shoulders will be provided for the entire project length.

A Biological Assessment (BA) was completed for impacts to the Reticulated Flatwoods Salamander and the Gulf Sturgeon. The United States Fish and Wildlife Agency has reviewed the BA and determined that with the mitigation efforts proposed, this project is not likely to jeopardize the continued existence of either species.

## PUBLIC HEARING

This public hearing is being held in accordance with the **Federal-aid Highway Act of 1968**, as amended, **23 USC 128, 40 CFR 1500-1508, 23 CFR 771; Section 339.155, Florida Statute; and Executive Order 11988, Floodplain Management and Executive Order 11990, Protection of Wetlands of the Constitution of the United States of America**. This public hearing was advertised consistent with federal and state requirements and is being conducted consistent with the **Americans with Disabilities Act of 1990**.

## PUBLIC HEARING PURPOSE

The purpose of this public hearing is to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received. A court reporter will be available during the meeting to record comments received by the public. This transcript will be part of the public record for this project.

## THE PUBLIC HEARING PROCEDURE

There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation. The public is encouraged to ask questions and/or submit comments pertaining to the proposed improvements to any of the FDOT representatives that will be available. Comments may also be made publicly or directly to the court reporter at the conclusion of the presentation. Concept plans will be displayed to show the proposed improvements and we urge all attendees to review the information.

## S.R. 87 Connector PD&E Study Public Hearing

### **COMMENTS/QUESTIONS AND ANSWERS**

The Florida Department of Transportation (FDOT) representatives will be available to answer questions and attendees will have the opportunity to submit written comments at the front desk. Comments may also be entered on the project website at [www.sr87connector.com](http://www.sr87connector.com). A court reporter will take official comments throughout the meeting and a public comment may be made with the completion of a speaker's card.

Written comments may also be submitted to the following address:

Peggy Kelley  
FDOT Project Manager  
1074 Highway 90  
Chipley, FL 32428

For additional project information, you may contact Ian Satter, FDOT Public Information Director, at (888) 638-0250 ext. 1205 (toll-free), [ian.satter@dot.state.fl.us](mailto:ian.satter@dot.state.fl.us). You may also visit our project website at [www.sr87connector.com](http://www.sr87connector.com).

Your comments and input relative to this project are important to us. Comments must be postmarked by Monday, November 24, 2014 to be considered part of the official record.

### **APPLICABLE LAW AND REGULATIONS**

The Florida Department of Transportation complies with various U.S. non-discrimination laws and regulations, including Title VI of the Civil Rights Act of 1964. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons wishing to express concerns about Title VI may do so by contacting:

Rosa County  
Financial Project Identification Numbers: 416748-3-22-01, 416748-3-22-02,  
416748-4-22-01, 416748-4-22-02, and 416748-4-22-90

Dear Chairman Melvin:

The Florida Department of Transportation (FDOT) invites you or a member of your staff to attend a public hearing concerning the Project Development and Environment (PD&E) study to State Road (S.R.) 87 South at S.R. 10 (U.S. 90) to S.R. 87 North in Santa Rosa County. The hearing will be held Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST, at the First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton. There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation at 6 p.m.

This hearing is being held to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received.

Persons wishing to submit written statements or other exhibits, in place of, or in addition to, oral statements, may do so at the hearing or by sending them to Peggy Kelley, FDOT Project Manager, 1074 Highway 90, Chipley, FL 32428. All exhibits or statements postmarked on or before November 23rd, 2014 will become part of the public hearing record. Representatives from FDOT will also be available at the hearing to answer questions and receive comments.

The draft environmental and engineering documents developed for the department will be available for public review weekdays from October 23 to November 13, 2014 from 8 a.m. to 5 p.m. CST at the Santa Rosa County Engineering Department, 6051 Old Bagdad Highway, Suite 300, Milton and the FDOT Milton Operations Office, 6052 Old Bagdad Highway, Milton.

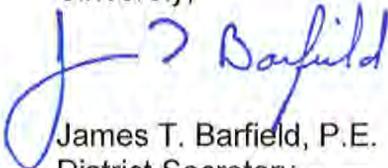

Chairman Melvin  
October 21, 2014  
Page 2

Meeting notices are being sent to public officials, organizations and individuals interested in this project. FDOT is also required to give notice to those whose property lies, in whole or in part, within 300 feet on either side of the centerline of all proposed alternatives (though they may not be directly affected). Enclosed for your review is a copy of the meeting handout.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Peggy Kelley, FDOT Project Manager, toll-free at (888) 638-0250, extension 1517, at least seven days prior to the meeting.

Should you have questions or comments regarding the proposed project or this meeting, contact Peggy Kelley at the number above or via email at [peggy.kelley@dot.state.fl.us](mailto:peggy.kelley@dot.state.fl.us). You may also contact Ian Satter, District Three Public Information Director, at (888) 638-0250, extension 1205 or via email at [ian.satter@dot.state.fl.us](mailto:ian.satter@dot.state.fl.us).

Sincerely,

A handwritten signature in blue ink that reads "James T. Barfield". The signature is stylized with a large initial "J" and a flourish.

Meeting notices are being sent to public officials, organizations and individuals interested in this project. FDOT is also required to give notice to those whose property lies, in whole or in part, within 300 feet on either side of the centerline of all proposed alternatives (though they may not be directly affected). Enclosed for your review is a copy of the meeting handout.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Peggy Kelley, FDOT Project Manager, toll-free at (888) 638-0250, extension 1517, at least seven days prior to the meeting.

Should you have questions or comments regarding the proposed project or this meeting, contact Peggy Kelley at the number above or via email at [peggy.kelley@dot.state.fl.us](mailto:peggy.kelley@dot.state.fl.us). You may also contact Ian Satter, District Three Public Information Director, at (888) 638-0250, extension 1205 or via email at [ian.satter@dot.state.fl.us](mailto:ian.satter@dot.state.fl.us).

Dear Councilmember Lowery:

The Florida Department of Transportation (FDOT) invites you or a member of your staff to attend a public hearing concerning the Project Development and Environment (PD&E) study to State Road (S.R.) 87 South at S.R. 10 (U.S. 90) to S.R. 87 North in Santa Rosa County. The hearing will be held Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST, at the First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton. There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation at 6 p.m.

This hearing is being held to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received.

Persons wishing to submit written statements or other exhibits, in place of, or in addition to, oral statements, may do so at the hearing or by sending them to Peggy Kelley, FDOT Project Manager, 1074 Highway 90, Chipley, FL 32428. All exhibits or statements postmarked on or before November 23rd, 2014 will become part of the public hearing record. Representatives from FDOT will also be available at the hearing to answer questions and receive comments.

The draft environmental and engineering documents developed for the department will be available for public review weekdays from October 23 to November 13, 2014 from 8 a.m. to 5 p.m. CST at the Santa Rosa County Engineering Department, 6051 Old Bagdad Highway, Suite 300, Milton and the FDOT Milton Operations Office, 6052 Old Bagdad Highway, Milton.

## 1.0 PUBLIC HEARING MAILOUTS

---

### ***1.5 Interested Party Letter***

*Florida Department of Transportation*

**RICK SCOTT**  
GOVERNOR

1074 Highway 90  
Chipley, Florida 32428

**ANANTH PRASAD, P.E.**  
SECRETARY

October 21, 2014

Mr. Shannon Ogletree, Director  
Santa Rosa County Economic Development  
6491 Caroline Street, Suite 4  
Milton, FL 32570

RE: State Road 87 Connector Project Development and Environment (PD&E) Study  
State Road 87 South at State Road 10 (U.S. 90) to State Road 87 North, Santa  
Rosa County  
Financial Project Identification Numbers: 416748-3-22-01, 416748-3-22-02,  
416748-4-22-01, 416748-4-22-02, and 416748-4-22-90

Dear Mr. Ogletree:

The Florida Department of Transportation (FDOT) invites you to attend a public hearing concerning the Project Development and Environment (PD&E) study to State Road (S.R.) 87 South at S.R. 10 (U.S. 90) to S.R. 87 North in Santa Rosa County. The hearing will be held Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST, at the First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton. There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation at 6 p.m.

This hearing is being held to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received.

Persons wishing to submit written statements or other exhibits, in place of, or in addition to, oral statements, may do so at the hearing or by sending them to Peggy Kelley, FDOT Project Manager, 1074 Highway 90, Chipley, FL 32428. All exhibits or statements postmarked on or before November 23, 2014 will become part of the public hearing record. Representatives from FDOT will also be available at the hearing to answer questions and receive comments.

The draft environmental and engineering documents developed for the department will be available for public review weekdays from October 23 to November 13, 2014 from 8 a.m. to 5 p.m. CST at the Santa Rosa County Engineering Department, 6051 Old Bagdad Highway, Suite 300, Milton and the FDOT Milton Operations Office, 6052 Old Bagdad Highway, Milton.

Mr. Ogletree  
October 21, 2014  
Page 2

Meeting notices are being sent to public officials, organizations and individuals interested in this project. FDOT is also required to give notice to those whose property lies, in whole or in part, within 300 feet on either side of the centerline of all proposed alternatives (though they may not be directly affected). Enclosed for your review is a copy of the meeting handout.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Peggy Kelley, FDOT Project Manager, toll-free at (888) 638-0250, extension 1517, at least seven days prior to the meeting.

Should you have questions or comments regarding the proposed project or this meeting, contact Peggy Kelley at the number above or via email at [peggy.kelley@dot.state.fl.us](mailto:peggy.kelley@dot.state.fl.us). You may also contact Ian Satter, District Three Public Information Director, at (888) 638-0250, extension 1205 or via email at [ian.satter@dot.state.fl.us](mailto:ian.satter@dot.state.fl.us).

Sincerely,

Joseph B. Bruner, P.E.  
District Environmental Management Engineer

Enclosure

# S.R. 87 Connector PD&E Study Public Hearing

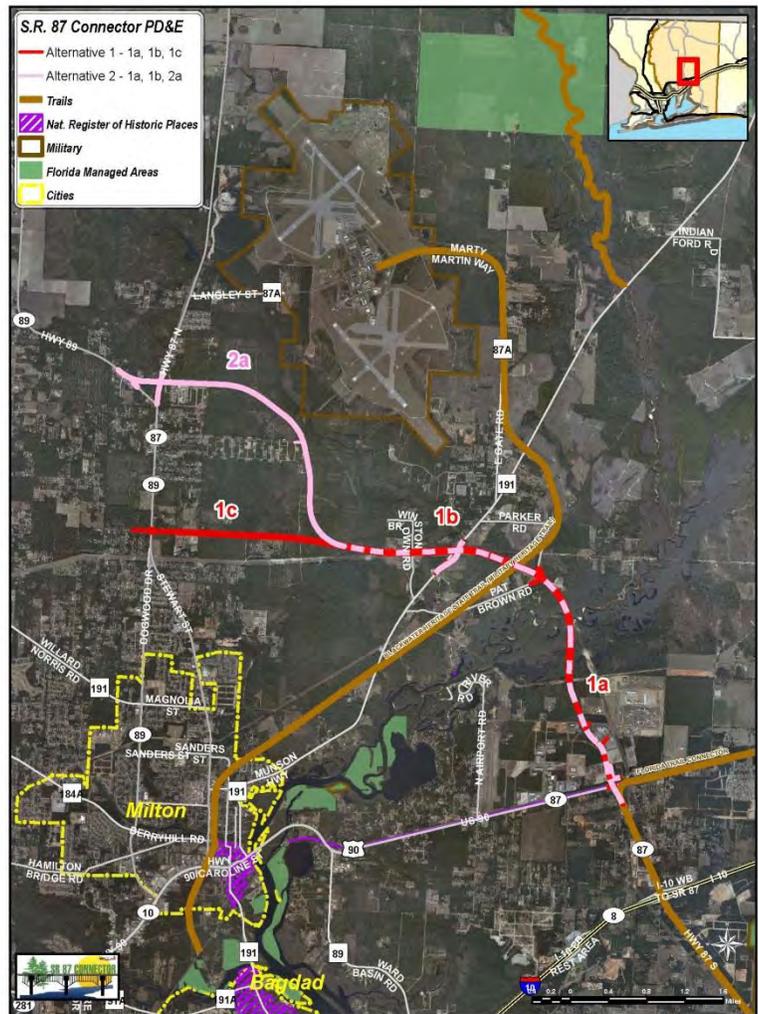

## PROJECT DESCRIPTION

This Project Development and Environment (PD&E) study is for a proposed new **two-lane roadway** with right-of-way that could accommodate a potential future four-lane expansion. Depending on the corridor selected, the roadway may be six to eight miles in length. The study area extends from State Road (S.R.) 87 South at U.S. 90, to as far north as the intersection of S.R. 87 North and Southridge Road, and as far west as the intersection of S.R. 89 and U.S. 90 at the Glover Lane intersection.

## PROJECT DEVELOPMENT AND ENVIRONMENT STUDY

A PD&E Study is an integrated work effort involving engineering analysis and environmental evaluation, all accomplished within the context of a public participation program. The approach to this project has been to thoroughly assess the safety, mobility and community needs of a possible connector, develop alternatives to address those needs, and evaluate them according to regulatory agency requirements and community values. This approach has involved three phases. Phase 1 was the Efficient Transportation Decision Making (ETDM) review, Phase 2 was the Corridor Analysis and Alternatives Selection Process, and Phase 3 was the Concept Development and Environmental Document Preparation phase of study. Currently, we are at the end of Phase 3 of this project. This phase of the study involved detailed analysis regarding the environmental and social impacts of this project and extensive review by agencies. This phase ensures the project will meet federal and state regulations.

## *Agenda*

*5:30 p.m.-6:30 p.m.  
First Assembly of God  
6163 Dogwood Drive, Milton*

5:30 p.m. to 6 p.m.....Open House with Project Team  
6 p.m. to 6:30 p.m.....Public Hearing Presentation

# S.R. 87 Connector PD&E Study Public Hearing

## PROJECT UPDATE

The project team has submitted the Draft Environmental Impact Statement (DEIS) to the Federal Highway Administration (FHWA). FHWA has approved this draft document which resulted in the approval to conduct this public hearing. The DEIS summarizes all of the reports and analysis completed throughout the study.

Since the last public meeting, the S.R. 87 Connector has gone through some updates:

- The alignment near Pat Brown Road has shifted due to potential impacts to the Reticulated Flatwoods Salamander.
- A bridge will be provided over the Blackwater River, the Blackwater Heritage State Trail and the Reticulated Flatwoods Salamander habitat.
- A rural typical section will be provided from the Blackwater River Bridge north to approximately a quarter of a mile from the project end limits.
- Due to budgetary constraints, the multi-use trail and sidewalks will not be provided throughout the project limits. A multi-use trail will begin at U.S. 90 and end with a connection to the Blackwater Heritage State Trail. Sidewalks are not being proposed at this time; however, the necessary right-of-way will be purchased to accommodate sidewalks in the future. Bicycle lanes/paved shoulders will be provided for the entire project length.

A Biological Assessment (BA) was completed for impacts to the Reticulated Flatwoods Salamander and the Gulf Sturgeon. The United States Fish and Wildlife Agency has reviewed the BA and determined that with the mitigation efforts proposed, this project is not likely to jeopardize the continued existence of either species.

## PUBLIC HEARING

This public hearing is being held in accordance with the **Federal-aid Highway Act of 1968**, as amended, **23 USC 128, 40 CFR 1500-1508, 23 CFR 771; Section 339.155, Florida Statute; and Executive Order 11988, Floodplain Management and Executive Order 11990, Protection of Wetlands of the Constitution of the United States of America**. This public hearing was advertised consistent with federal and state requirements and is being conducted consistent with the **Americans with Disabilities Act of 1990**.

## PUBLIC HEARING PURPOSE

The purpose of this public hearing is to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received. A court reporter will be available during the meeting to record comments received by the public. This transcript will be part of the public record for this project.

## THE PUBLIC HEARING PROCEDURE

There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation. The public is encouraged to ask questions and/or submit comments pertaining to the proposed improvements to any of the FDOT representatives that will be available. Comments may also be made publicly or directly to the court reporter at the conclusion of the presentation. Concept plans will be displayed to show the proposed improvements and we urge all attendees to review the information.

## S.R. 87 Connector PD&E Study Public Hearing

### **COMMENTS/QUESTIONS AND ANSWERS**

The Florida Department of Transportation (FDOT) representatives will be available to answer questions and attendees will have the opportunity to submit written comments at the front desk. Comments may also be entered on the project website at [www.sr87connector.com](http://www.sr87connector.com). A court reporter will take official comments throughout the meeting and a public comment may be made with the completion of a speaker's card.

Written comments may also be submitted to the following address:

Peggy Kelley  
FDOT Project Manager  
1074 Highway 90  
Chipley, FL 32428

For additional project information, you may contact Ian Satter, FDOT Public Information Director, at (888) 638-0250 ext. 1205 (toll-free), [ian.satter@dot.state.fl.us](mailto:ian.satter@dot.state.fl.us). You may also visit our project website at [www.sr87connector.com](http://www.sr87connector.com).

Your comments and input relative to this project are important to us. Comments must be postmarked by Monday, November 24, 2014 to be considered part of the official record.

### **APPLICABLE LAW AND REGULATIONS**

The Florida Department of Transportation complies with various U.S. non-discrimination laws and regulations, including Title VI of the Civil Rights Act of 1964. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons wishing to express concerns about Title VI may do so by contacting:

RE: State Road 87 Connector Project Development and Environment (PD&E) Study  
State Road 87 South at State Road 10 (U.S. 90) to State Road 87 North, Santa  
Rosa County  
Financial Project Identification Numbers: 416748-3-22-01, 416748-3-22-02,  
416748-4-22-01, 416748-4-22-02, and 416748-4-22-90

Dear Captain Coughlin:

The Florida Department of Transportation (FDOT) invites you to attend a public hearing concerning the Project Development and Environment (PD&E) study to State Road (S.R.) 87 South at S.R. 10 (U.S. 90) to S.R. 87 North in Santa Rosa County. The hearing will be held Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST, at the First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton. There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation at 6 p.m.

This hearing is being held to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received.

Persons wishing to submit written statements or other exhibits, in place of, or in addition to, oral statements, may do so at the hearing or by sending them to Peggy Kelley, FDOT Project Manager, 1074 Highway 90, Chipley, FL 32428. All exhibits or statements postmarked on or before November 23, 2014 will become part of the public hearing record. Representatives from FDOT will also be available at the hearing to answer questions and receive comments.

The draft environmental and engineering documents developed for the department will be available for public review weekdays from October 23 to November 13, 2014 from 8 a.m. to 5 p.m. CST at the Santa Rosa County Engineering Department, 6051 Old Bagdad Highway, Suite 300, Milton and the FDOT Milton Operations Office, 6052 Old Bagdad Highway, Milton.

Captain Coughlin  
October 21, 2014  
Page 2

Meeting notices are being sent to public officials, organizations and individuals interested in this project. FDOT is also required to give notice to those whose property lies, in whole or in part, within 300 feet on either side of the centerline of all proposed alternatives (though they may not be directly affected). Enclosed for your review is a copy of the meeting handout.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Peggy Kelley, FDOT Project Manager, toll-free at (888) 638-0250, extension 1517, at least seven days prior to the meeting.

Should you have questions or comments regarding the proposed project or this meeting, contact Peggy Kelley at the number above or via email at [peggy.kelley@dot.state.fl.us](mailto:peggy.kelley@dot.state.fl.us). You may also contact Ian Satter, District Three Public Information Director, at (888) 638-0250, extension 1205 or via email at [ian.satter@dot.state.fl.us](mailto:ian.satter@dot.state.fl.us).

The Florida Department of Transportation (FDOT) invites you to attend a public hearing concerning the Project Development and Environment (PD&E) study to State Road (S.R.) 87 South at S.R. 10 (U.S. 90) to S.R. 87 North in Santa Rosa County. The hearing will be held Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST, at the First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton. There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation at 6 p.m.

This hearing is being held to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received.

Persons wishing to submit written statements or other exhibits, in place of, or in addition to, oral statements, may do so at the hearing or by sending them to Peggy Kelley, FDOT Project Manager, 1074 Highway 90, Chipley, FL 32428. All exhibits or statements postmarked on or before November 23, 2014 will become part of the public hearing record. Representatives from FDOT will also be available at the hearing to answer questions and receive comments.

The draft environmental and engineering documents developed for the department will be available for public review weekdays from October 23 to November 13, 2014 from 8 a.m. to 5 p.m. CST at the Santa Rosa County Engineering Department, 6051 Old Bagdad Highway, Suite 300, Milton and the FDOT Milton Operations Office, 6052 Old Bagdad Highway, Milton.

Mr. Jorgenson  
October 21, 2014  
Page 2

Meeting notices are being sent to public officials, organizations and individuals interested in this project. FDOT is also required to give notice to those whose property lies, in whole or in part, within 300 feet on either side of the centerline of all proposed alternatives (though they may not be directly affected). Enclosed for your review is a copy of the meeting handout.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Peggy Kelley, FDOT Project Manager, toll-free at (888) 638-0250, extension 1517, at least seven days prior to the meeting.

Should you have questions or comments regarding the proposed project or this meeting, contact Peggy Kelley at the number above or via email at [peggy.kelley@dot.state.fl.us](mailto:peggy.kelley@dot.state.fl.us). You may also contact Ian Satter, District Three Public Information Director, at (888) 638-0250, extension 1205 or via email at [ian.satter@dot.state.fl.us](mailto:ian.satter@dot.state.fl.us).

RE: State Road 87 Connector Project Development and Environment (PD&E) Study  
State Road 87 South at State Road 10 (U.S. 90) to State Road 87 North, Santa  
Rosa County  
Financial Project Identification Numbers: 416748-3-22-01, 416748-3-22-02,  
416748-4-22-01, 416748-4-22-02, and 416748-4-22-90

Dear Mr. Johnson:

The Florida Department of Transportation (FDOT) invites you to attend a public hearing concerning the Project Development and Environment (PD&E) study to State Road (S.R.) 87 South at S.R. 10 (U.S. 90) to S.R. 87 North in Santa Rosa County. The hearing will be held Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST, at the First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton. There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation at 6 p.m.

This hearing is being held to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received.

Persons wishing to submit written statements or other exhibits, in place of, or in addition to, oral statements, may do so at the hearing or by sending them to Peggy Kelley, FDOT Project Manager, 1074 Highway 90, Chipley, FL 32428. All exhibits or statements postmarked on or before November 23, 2014 will become part of the public hearing record. Representatives from FDOT will also be available at the hearing to answer questions and receive comments.

The draft environmental and engineering documents developed for the department will be available for public review weekdays from October 23 to November 13, 2014 from 8 a.m. to 5 p.m. CST at the Santa Rosa County Engineering Department, 6051 Old Bagdad Highway, Suite 300, Milton and the FDOT Milton Operations Office, 6052 Old Bagdad Highway, Milton.

Mr. Johnson  
October 21, 2014  
Page 2

Meeting notices are being sent to public officials, organizations and individuals interested in this project. FDOT is also required to give notice to those whose property lies, in whole or in part, within 300 feet on either side of the centerline of all proposed alternatives (though they may not be directly affected). Enclosed for your review is a copy of the meeting handout.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Peggy Kelley, FDOT Project Manager, toll-free at (888) 638-0250, extension 1517, at least seven days prior to the meeting.

Should you have questions or comments regarding the proposed project or this meeting, contact Peggy Kelley at the number above or via email at [peggy.kelley@dot.state.fl.us](mailto:peggy.kelley@dot.state.fl.us). You may also contact Ian Satter, District Three Public Information Director, at (888) 638-0250, extension 1205 or via email at [ian.satter@dot.state.fl.us](mailto:ian.satter@dot.state.fl.us).

RE: State Road 87 Connector Project Development and Environment (PD&E) Study  
State Road 87 South at State Road 10 (U.S. 90) to State Road 87 North, Santa  
Rosa County  
Financial Project Identification Numbers: 416748-3-22-01, 416748-3-22-02,  
416748-4-22-01, 416748-4-22-02, and 416748-4-22-90

Dear Mr. Myrick:

The Florida Department of Transportation (FDOT) invites you to attend a public hearing concerning the Project Development and Environment (PD&E) study to State Road (S.R.) 87 South at S.R. 10 (U.S. 90) to S.R. 87 North in Santa Rosa County. The hearing will be held Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST, at the First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton. There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation at 6 p.m.

This hearing is being held to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received.

Persons wishing to submit written statements or other exhibits, in place of, or in addition to, oral statements, may do so at the hearing or by sending them to Peggy Kelley, FDOT Project Manager, 1074 Highway 90, Chipley, FL 32428. All exhibits or statements postmarked on or before November 23, 2014 will become part of the public hearing record. Representatives from FDOT will also be available at the hearing to answer questions and receive comments.

The draft environmental and engineering documents developed for the department will be available for public review weekdays from October 23 to November 13, 2014 from 8 a.m. to 5 p.m. CST at the Santa Rosa County Engineering Department, 6051 Old Bagdad Highway, Suite 300, Milton and the FDOT Milton Operations Office, 6052 Old Bagdad Highway, Milton.

Mr. Myrick  
October 21, 2014

The hearing will be held Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST, at the First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton. There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation at 6 p.m.

This hearing is being held to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received.

Persons wishing to submit written statements or other exhibits, in place of, or in addition to, oral statements, may do so at the hearing or by sending them to Peggy Kelley, FDOT Project Manager, 1074 Highway 90, Chipley, FL 32428. All exhibits or statements postmarked on or before November 23, 2014 will become part of the public hearing record. Representatives from FDOT will also be available at the hearing to answer questions and receive comments.

The draft environmental and engineering documents developed for the department will be available for public review weekdays from October 23 to November 13, 2014 from 8 a.m. to 5 p.m. CST at the Santa Rosa County Engineering Department, 6051 Old Bagdad Highway, Suite 300, Milton and the FDOT Milton Operations Office, 6052 Old Bagdad Highway, Milton.

Mr. Craig  
October 21, 2014  
Page 2

Meeting notices are being sent to public officials, organizations and individuals interested in this project. FDOT is also required to give notice to those whose property lies, in whole or in part, within 300 feet on either side of the centerline of all proposed alternatives (though they may not be directly affected). Enclosed for your review is a copy of the meeting handout.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Peggy Kelley, FDOT Project Manager, toll-free at (888) 638-0250, extension 1517, at least seven days prior to the meeting.

Should you have questions or comments regarding the proposed project or this meeting, contact Peggy Kelley at the number above or via email at [peggy.kelley@dot.state.fl.us](mailto:peggy.kelley@dot.state.fl.us). **From State Road 87 South at State Road 10 (U.S. 90)**  
**to State Road 87 North**  
**SANTA ROSA COUNTY, FLORIDA**

FPIDS: 416748-3-22-01, 416748-3-22-02, 416748-4-22-01, 416748-4-22-02, and 416748-4-22-90

The Florida Department of Transportation (FDOT) invites you to attend a public hearing concerning the Project Development and Environment (PD&E) study for State Road (S.R.) 87 South at S.R. 10 (U.S. 90) to S.R. 87 North in Santa Rosa County. The hearing will be held Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST at the First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton. There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation at 6 p.m.

This hearing is being held to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received.

Persons wishing to submit written statements or other exhibits, in place of, or in addition to, oral statements, may do so at the hearing or by sending them to Peggy Kelley, FDOT Project Manager, 1074 Highway 90, Chipley, FL 32428. All exhibits or statements postmarked on or before November 24, 2014 will become part of the public hearing record. Representatives from FDOT will also be available at the hearing to answer questions and receive comments.

The draft environmental and engineering documents developed for the department will be available for public review weekdays until November 13, 2014 from 8 a.m. to 5 p.m. at the Santa Rosa County Engineering Department, 6051 Old Bagdad Highway, Suite 300, Milton and the FDOT Milton Operations Office, 6052 Old Bagdad Highway, Milton.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Peggy Kelley, FDOT Project Manager, toll-free at (888) 638-0250, extension 1517 at least seven days prior to the meeting.

Should you have questions or comments regarding the proposed project or this meeting, contact Peggy Kelley at the number above or via email at [peggy.kelley@dot.state.fl.us](mailto:peggy.kelley@dot.state.fl.us). You may also contact Ian Satter, District Three Public Information Director, at (888) 638-0250, extension 1205 or via email at [ian.satter@dot.state.fl.us](mailto:ian.satter@dot.state.fl.us).

Date: November 13, 2014

Time: 5:30 p.m. to 6:30 p.m. CST

Place: First Assembly of God Gymnasium

**Ask the Preacher**  
 ...a weekly paid column answering your questions with Biblical answers about life.

**Dear Pastor Gallups,**  
 "Does the science of archeology support or detract from Biblical claims and references? D. L. Jameson - Milton

**Dear D.L. Jameson,**  
 Thank you for your wonderful question. The short answer is that archeology has served to support the Bible over and over again. In fact, it is often reported that not a single archeological discovery has ever proven the Bible to be inaccurate. As the years go by, archeological discoveries continue to reveal the secrets and claims of the Bible to be grounded in fact. Let me speak of just a few such discoveries.

The Hittites were once thought to be a Biblical legend. Biblical detractors would often point to the Biblical reference of the Hittites as one of the fallacies of the Biblical account of the Hebrews settling the Promised Land. However, through archeological digs - the Hittite capital and records were discovered at Bogazkoy, Turkey.

The discovery of the Ebla archive in northern Syria in the 1970s has shown the Biblical writings concerning the Patriarchs to be feasible. Documents written on clay tablets from around 2300 B.C. demonstrate that personal and place names in the Patriarchal accounts are genuine. The name "Canaan" was in use in Ebla, a name critics once said was not used at that time and was used incorrectly in the early chapters of the Bible. The word tohom ("the deep") in Genesis 1:2 was claimed to be a later word demonstrating that the creation story was written after the time of Moses. However, tohom was part of the vocabulary at Ebla, in use some 800 years before Moses.

Critics used to insist that there was no Assyrian king named Sargon as recorded in Isaiah 20:1, because this name was not known in any other record. Then, Sargon's palace was discovered in Khorsabad, Iraq. The exact event mentioned in Isaiah 20, his capture of Ashdod, was recorded on the palace walls. What is more, fragments of a memorial column commemorating the victory were found at Ashdod itself.

So, you can see D.L., just from these few examples that archeology continues to verify that the record of the Bible is accurate and can be trusted implicitly. Again, please remember, not a single archeological discovery has ever disproved the record of the Word of God. That is a pretty amazing track record.

Dr. Gallups is the host of "History's Hidden Secrets" on the History Channel. He has a Bachelor of Science Degree from Santa Rosa Community College and a Master of Divinity Degree from The New Orleans Baptist Theological Seminary. He has been in Pastor of FHC since 2007. For 10 years he has also served as an International "Pastor" assigned to the Southern Baptist Convention, presently in Nashville, Tennessee at the U.S. and Canada. For more information contact: (615) 441-8254 or (615) 441-2333.

# Southeast has cheapest gas in nation

Special to the Press Gazette  
More than 60 percent of U.S. gas stations are currently selling gas lower than \$3 a gallon, while 23 states currently have averages under the \$3 mark. Motorists in the Southeast currently are enjoying some of the cheapest gas prices in the country.  
The average price of gas in Florida, Georgia and Tennessee is the 20th, 12th and second lowest in the nation, respectively.  
"Gas prices are still falling," said Josh Carrasco, spokesman, AAA — The Auto Club Group. "There is still room for the price at the pump to drop in the short term. We could see prices slide another 5-15 cents by the end of the year."  
The current national average price for a gallon of regular unleaded gasoline is \$2.987, down 6 cents from last week. The price at the pump fell 8 cents in Florida to \$2.962 per gallon. Gas is 6 cents cheaper in Georgia and Tennessee this week where motorists are paying \$2.869 and \$2.737, respectively.

## Army vet putting together photo book on PTSD

By LAUREN SAGE REINLE 315-4443 | @LaurenRowlin  
reinle@enrfamilynews.com  
**NAVARRÉ** — A 32-year-old Army veteran is putting together a book on post-traumatic stress disorder.  
Melissa Thurber, who served two years in Iraq as a medic during the war, came home with PTSD. Now, working as a photographer, she has decided to collect images that might help people who are grappling with the psychological effects of the war and help everyone else understand those effects.  
"I want to show people the things we look at that can trigger us so people can understand and know it's not the stigma that everybody has about it," Thurber said.  
One of the first photos for the book reflects her own struggle. It shows a guitar with its strings ripped out, draped with a tattered American flag.  
It's a symbol of one of Thurber's first breakdowns.  
"In Iraq, we used to sit outside when we came home from missions and I would play on this guitar," she said. "One day after I came home, a long time after, I looked at my guitar that I hadn't played since I was there and I started crying my eyes out. I couldn't play it anymore."  
Thurber, who lives in Navarre, has raised more than \$3,500 for the book, but hopes to reach at least \$8,000.  
She plans to travel the country to talk to veterans and photograph their experiences of PTSD.  
"The war has taken something from all of us," Thurber said. "This is just one more part of that picture."

Melissa Thurber is seen during a deployment to Iraq.  
SPECIAL TO THE PRESS GAZETTE

### Ask the Preacher

...a weekly paid column answering your questions with Biblical answers about life.

**Dear Pastor Gallups, "Did the disciples expect Jesus to return right away? It sure seems that way from the account of the early days after His resurrection and even the writings of Paul."**  
R. T., Milton

**Dear R.T.,**  
Yes, I too believe that the disciples expected Jesus to return in their lifetime. I also think that Paul believed that he would return in his lifetime or sometime shortly after his lifetime. This would have been extremely understandable.  
The whole "Jesus event" was a very emotionally charged event. Three years of miracles, the horrible crucifixion, the Lord's Supper memories, all the teachings of Jesus regarding his second coming, the resurrection, 40 days of being with the resurrected Jesus and then the Ascension of Jesus into the clouds before their very eyes accompanied by an angelic visitation. Who WOULDNT have believed and HOPED that Jesus was soon to come again?  
Paul also had met the resurrected Jesus, witnessed and performed miracles through the Holy Spirit, had visions and angelic visitations as well as revelations of "things to come." Of course, he probably believed that he would see the return of Jesus as well.  
This would explain why the early church met daily for a long time in homes and at the temple courts and why they celebrated the Lord's Supper everytime they met. We read in the scriptures and in the historical writings that these practices soon evolved into a more balanced approach as the early church came to the realization that Jesus may not return in their immediate lifetime. They soon realized that they had to get on with the business of living and reaching the world for Jesus.  
Now please understand, if my assumptions are true, it doesn't mean that the Bible is wrong! It simply means that some of the early followers were mistaken about the timing of this very important event and that the Bible faithfully records their misconception.  
The clear message of the scripture on this topic is easy to see, though. Jesus IS COMING BACK AGAIN and He may come, even in our lifetime... but, our position is not to just sit in a corner and wait for it to happen, but rather to go on about life and the taking of the gospel to the world!

## 1.0 PUBLIC HEARING MAILOUTS

---

### ***1.7 FAR Display Ad***

The FLORIDA DEPARTMENT OF TRANSPORTATION announces a public hearing concerning the proposed improvements to the State Road 87 Connector from State Road 87 South at State Road 10 (U.S. 90) to State Road 87 North in Santa Rosa County, Florida.

**Date and Time** – Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST **PLACE:** First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton, Florida.

**General Subject Matter** – The Florida Department of Transportation (FDOT) invites you to attend a public hearing concerning the Project Development and Environment (PD&E) study to State Road (S.R.) 87 South at S.R. 10 (U.S. 90) to S.R. 87 North in Santa Rosa County. The hearing will be held Thursday, November 13, 2014 from 5:30 p.m. to 6:30 p.m. CST, at the First Assembly of God Gymnasium, 6163 Dogwood Drive, Milton. There will be an open house from 5:30 p.m. to 6 p.m., followed by a formal presentation at 6 p.m.

This hearing is being held to provide the public with the analysis findings and to gather public input on the two remaining alternatives. The alternative that will move forward into design will be selected based on the analysis and public comments received.

Persons wishing to submit written statements or other exhibits, in place of, or in addition to, oral statements, may do so at the hearing or by sending them to Peggy Kelley, FDOT Project Manager, 1074 Highway 90, Chipley, FL 32428. All exhibits or statements postmarked on or before November 23, 2014 will become part of the public hearing record. Representatives from FDOT will also be available at the hearing to answer questions and receive comments.

The draft environmental and engineering documents developed for the department will be available for public review weekdays from October 23 to November 13, 2014 from 8 a.m. to 5 p.m. at the Santa Rosa County Engineering Department, 6051 Old Bagdad Highway, Suite 300, Milton and the FDOT Milton Operations Office, 6052 Old Bagdad Highway, Milton.

A copy of the meeting handout may be obtained by contacting: Peggy Kelley, FDOT Project Manager, toll-free at (888) 638-0250, extension 1517, or by email at [peggy.kelley@dot.state.fl.us](mailto:peggy.kelley@dot.state.fl.us).

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Peggy Kelley, at the number listed above at least seven days prior to the meeting.

If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).
